SAINT LUCIA

No. 29 of 2019

AN ACT to facilitate the implementation of sanctions imposed by United Nations Security Council Resolutions relating to combating threats to the integrity of the international financial system and for related matters.

[14th October, 2019]

BE IT ENACTED by the Queen's Most Excellent Majesty, by and with the advice and consent of the House of Assembly and the Senate of Saint Lucia, and by the authority of the same, as follows:

PRELIMINARY**Short title**

1. This Act may be cited as the United Nations Sanctions (Counter-Proliferation Financing) Act, 2019.

Interpretation

2. In this Act —

“aircraft” —

- (a) means a vessel designed for flying;
- (b) includes a seaplane, a ship or vessel able to alight or hover over water, a balloon, a kite, a glider, an airship, and a flying machine, whether propelled by mechanical means or not;

“arms and ammunition” includes —

- (a) a weapon;
- (b) an artillery;
- (c) military vehicle;
- (d) military equipment;
- (e) paramilitary equipment, such as —
 - (i) a baton, club, riot stick and similar device of a kind used for the purposes of law enforcement,
 - (ii) a body armour, such as —
 - (A) a bullet-resistant apparel;
 - (B) a bullet-resistant pad; and
 - (C) a protective helmet,
 - (iii) a handcuff, leg-iron or other device used for restraining a person for the purposes of law enforcement,
 - (iv) a riot protection shield, and
 - (v) a whip; or

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

(f) a part or accessory designed or adapted for use in,
or with, equipment under paragraphs (a) to (e);

“biological weapon” means —

- (a) a microbial or other biological agent or toxin, whatever its origin or method of production, of types and in quantities that have no justification for prophylactic, protective or other peaceful purposes;
- (b) a weapon, equipment or means of delivery designed to use an agent or toxin for hostile purposes or in armed conflict;

“bulk cash” means currency of a country whose total value is greater than twenty thousand Eastern Caribbean dollars;

“brokering” means —

- (a) the negotiation or arrangement of transactions for the purchase, sale or supply of goods and technology or of financial and technical services, including from a third country to another third country; or
- (b) the selling, buying or supply of goods and technology or of financial and technical services, including where they are located in a third country, for transfer to another third country;

“cash” includes —

- (a) coins and notes in any currency;
- (b) postal orders;
- (c) cheques, such as travellers’ cheques and bankers’ drafts;
- (d) bearer bonds, bearer shares and other bearer negotiable instruments in any currency;

“chemical weapon” means —

- (a) toxic chemicals and their precursors, except where intended for purposes not prohibited under the Convention on the Prohibition of the Development, Production, Stockpiling and use of Chemical

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

Weapons and on their Destruction, as long as the types and quantities are consistent with such purposes;

- (b) munitions and devices, specifically designed to cause death or other harm through the toxic properties of toxic chemicals which would be released as a result of the employment of munitions and devices;
- (c) an equipment specifically designed for use directly in connection with the employment of munitions and devices;

“control” means the power of a person, acting alone, with or through another person, to —

- (a) exercise more than fifty per cent of the voting rights at a general meeting of an entity;
- (b) elect a majority of the directors of an entity; or
- (c) exercise influence that, if exercised, would result in dominance of the entity;

“court” means the High Court;

“Comptroller” means the Comptroller of the Customs and Excise Department;

“deal”, in relation to property, includes the transfer, conversion, disposition, movement or use of property;

“economic resources” means assets, whether tangible or intangible, movable or immovable, that are not funds but can be used to obtain funds, goods or services;

“entity” includes a person, group, trust, partnership, fund, an unincorporated association or an organisation of a foreign State;

“Financial Intelligence Authority” means the body established under section 4 of the Money Laundering (Prevention) Act, Cap.12.20;

“financial institution” means —

- (a) an entity licensed under the Banking Act, No. 3 of 2015;

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (b) a building society registered under the Building Societies Act, Cap. 12.04;
- (c) a credit union registered under the Co-operative Societies Act, Cap. 12.06;
- (d) an insurance company registered under the Insurance Act, Cap. 12.08;
- (e) an entity listed under Schedule 1 of the Financial Services Regulatory Authority Act, Cap. 12.23;
- (f) a registered agent and trustee licensed under the Registered Agent and Trustee Licensing Act, Cap. 12.12;
- (g) an entity registered under the International Trusts Act, Cap. 12.19;
- (h) an entity licensed under the Money Services Business Act, Cap. 12.22; or
- (i) a person licensed as a dealer or investment adviser under the Securities Act, Cap.12.18;

“financial transactions” means the provision of financial services or the transfer of financial or other assets, property or resources, including bulk cash or gold —

- (a) to, through or from Saint Lucia; or
- (b) to or by —
 - (i) a Saint Lucian Citizen,
 - (ii) an entity in Saint Lucia, including a subsidiary of a foreign State, or
 - (iii) a financial institution in Saint Lucia;

“Focal Point for De-listing” means the Focal Point for De-listing established under Resolution 1730 (2006), adopted by the Security Council;

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

“foreign State” —

(a) means a country other than Saint Lucia;

(b) includes —

(i) a political subdivision of a foreign State;

(ii) the Government, and a department of a foreign State or of a political subdivision of a foreign State; and

(iii) an agency of a foreign State;

“freezing order” means an order made by the court under section 15(3);

“funds” means financial assets and benefits, including —

(a) cash, cheque, claim on money, bank draft, money order, and other payment instrument;

(b) a deposit with a financial institution or other person, a balance on an account, a debt and debt obligation;

(c) publicly and privately traded securities and debt instruments, including stocks and shares, certificates representing securities, bonds, notes, warrants, debentures and derivative products;

(d) interest, dividends and other income or value accruing from or generated by assets;

(e) credit, rights of set-off, guarantees, performance bonds and other financial commitments;

(f) a letter of credit, bill of lading and bill of sale; or

(g) a document, whether electronic or digital, that provides evidence of an interest in funds or financial resources;

“goods” includes missile-related items;

“listed entity” means an entity —

(a) listed under the United Nations Security Council Resolution 1718 List;

(b) listed under the United Nations Security Council Resolution 2231 List; or

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

(c) listed pursuant to a United Nations Security Council Resolution;

“master”, in relation to a vessel —

(a) means the owner or person in charge;

(b) does not include a harbour master or pilot, having for the time being command or charge of the vessel;

“Minister” means the Minister responsible for national security;

“missile-related item” means an item, a material, an equipment, goods and technology set out in Part A of Schedule 2;

“national”, in relation to a foreign State, means an individual who possesses the nationality of that State as determined in accordance with the laws of that State or a body corporate incorporated or continued by or under the laws of that State;

“National Committee” means the National Coordinating Committee on Counter-Proliferation Financing established under section 3;

“nuclear materials and technology” means nuclear materials and technology set out in Part B of Schedule 2;

“nuclear-related item” means an item, a material, goods and technology set out in Part C of Schedule 2;

“nuclear weapon” means a weapon that derives its destructive force from nuclear reactions and an explosive device capable of releasing nuclear energy, irrespective of the purpose for which it could be used, and includes component parts of that weapon;

“other business activity” has the meaning assigned to it under section 2 of the Money Laundering (Prevention) Act, Cap. 12.20;

“permit” means a permit under section 28;

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

“person” includes any entity, natural or juridical, a corporation, partnership, trust or estate, joint stock company, association, syndicate, joint venture, or other unincorporated organization or group, capable of acquiring rights or entering into obligations;

“proscribed country” means a country specified under Part A of Schedule 1 in respect of which a United Nations Security Council Resolution is specified under Part B of Schedule 1 that imposes financial and economic sanctions;

“prohibited item” means a missile-related item, nuclear materials and technology or nuclear-related item;

“property” —

(a) means a legal or an equitable interest, whether full or partial, in funds or economic resources;

(b) includes funds and economic resources, whether situated in Saint Lucia or elsewhere;

“Security Council” means the United Nations Security Council established under Chapter VII of the United Nations Charter;

“technical data” includes —

(a) blueprints, technical drawings and photographic imagery;

(b) computer software, models and formulas;

(c) engineering designs and specifications; and

(d) technical and operating manuals and technical information or knowledge;

“United Nations Security Council Committee” means a Committee established pursuant to a United Nations Security Council Resolution;

“weapons of mass destruction” means —

(a) a biological weapon;

(b) chemical weapon ; or

(c) nuclear weapon.

**PART I
ADMINISTRATION**

Establishment of National Co-ordinating Committee on Counter-Proliferation Financing

3.—(1) There is established a committee to be known as the National Coordinating Committee on Counter-Proliferation Financing.

(2) The National Committee consists of seven members appointed by Cabinet and being representatives from the —

- (a) Ministry responsible for external affairs;
- (b) Ministry responsible for justice;
- (c) Attorney General's Chambers;
- (d) Customs and Excise Department;
- (e) Financial Intelligence Authority;
- (f) Financial Services Regulatory Authority;
- (g) Royal Saint Lucia Police Force.

(3) The National Committee shall elect a Chairperson, Deputy-Chairperson and a Secretary from among its members.

(4) The Chairperson shall —

- (a) supervise and direct the work of the National Committee and preside over its meetings; and
- (b) sign all decisions of the National Committee.

(5) The Deputy-Chairperson shall act if the Chairperson is absent, incapacitated or unable to perform his or her duties.

(6) The Secretary shall —

- (a) attend all meetings of the National Committee and cause the minutes of those meetings to be recorded;
- (b) keep a minute book or any other books;
- (c) sign all correspondence of the National Committee, excluding decisions of the National Committee; and

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (d) perform any other duty assigned by the National Committee.

Functions of the National Committee

4.—(1) The functions of the National Committee are to facilitate —

- (a) necessary information sharing between competent authorities involved in counter-proliferation financing initiatives;
- (b) the production and dissemination of information on the risks of proliferation financing in order to give advice and make decisions on counter-proliferation financing requirements;
- (c) co-operation amongst competent authorities in the development of counter-proliferation financing policies and proposed legislation;
- (d) consistent and coordinated approaches to the development and dissemination of counter-proliferation financing guidance materials and training initiatives by competent authorities;
- (e) good practice and consistent approaches to supervision of this Act; and
- (f) provide a forum for examining any operational or policy issues that have implications for the effectiveness or efficiency of counter-proliferation financing initiatives.

(2) For the purposes of this section, “competent authority” means the —

- (a) Ministry responsible for external affairs;
- (b) Ministry responsible for national security;
- (c) Attorney General’s Chambers;
- (d) Customs and Excise Department;
- (e) Financial Intelligence Authority;
- (f) Financial Services Regulatory Authority;

NO. 29] *United Nations Sanctions (Counter-Proliferation* [2019
Financing) Act

- (g) Royal Saint Lucia Police Force;
- (h) Eastern Caribbean Central Bank.

Tenure

5. The members of the National Committee hold office Committee for a period of two years.

Revocation

6.—(1) Subject to subsection (2), Cabinet may, at any time, in writing, revoke the appointment of a member of the National Committee, if, on evidence, Cabinet is satisfied that the member has —

- (a) committed an act of neglect of duty, misconduct or malfeasance; or
- (b) failed to act in the best interests of the National Committee.

(2) Cabinet shall give reasons in writing for revoking the appointment of a member of the National Committee under subsection (1).

Resignation

7.—(1) A member, other than the Chairperson, may resign his or her office by notice in writing addressed to Cabinet and transmitted through the Chairperson and, from the date of the receipt of the notice by Cabinet, that person ceases to be a member of the National Committee.

(2) The Chairperson may resign his or her office by notice in writing addressed to Cabinet and, from the date of receipt of the notice by Cabinet, that person ceases to be Chairperson and a member of the National Committee.

Vacancies

8. A vacancy in the membership of the National Committee occurs —

- (a) on the death of a member;

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (b) if a member resigns under section 7;
- (c) if the appointment of a member is revoked under section 6;
- (d) on the absence of a member from three consecutive meetings of the National Committee without presenting a medical certificate or without being excused, in writing, by the Chairperson; or
- (e) at the expiration of the period of appointment of a member.

Alternate member

9 .—(1) Where a vacancy occurs in the membership of the National Committee, Cabinet may appoint a person to be an alternate member for another member, other than the Chairperson, and the alternate member may act temporarily in the absence of that member.

(2) An alternate member holds office only for the unexpired portion of the term of the former member.

Meetings

10 .—(1) The National Committee shall meet as may be necessary or expedient for the transaction of business.

(2) The Chairperson, or in his or her absence, the Deputy-Chairperson, shall summon a special meeting of the National Committee within seven days of a requisition for that purpose addressed to him or her, in writing, by at least four members of the National Committee.

(3) At a meeting of the National Committee, in case of absence or inability to act of both the Chairperson and the Deputy-Chairperson, the members of the National Committee shall elect one of their number to preside at that meeting.

(4) At a meeting of the National Committee where the Deputy-Chairperson is presiding as Chairperson, the other members of the Committee present shall elect one of their number to preside as Deputy-Chairperson.

(5) A quorum for a meeting of the National Committee is by a simple majority.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

(6) Decisions of the National Committee are by a majority of votes and in a case in which the voting is equal, the person presiding at the meeting has a casting vote.

Travel and other expenses

11. A member of the National Committee must not be paid remuneration or fees for his or her services as a member but a member is entitled, within the limits that Cabinet may establish, to be paid for travel and other expenses that he or she may incur in connection with exercising his or her duties under the National Committee.

Validity of act

12. An act done or proceedings taken under this Act is not invalidated on the ground —

- (a) of the existence of a vacancy in the membership, or of a defect in the constitution of the National Committee;
- (b) of an omission, a defect or an irregularity.

Immunity of members

13. A member of the National Committee is not liable to an action, suit or other proceedings in respect of an act done or omitted to be done in good faith in the exercise of a power conferred or a duty imposed under this Act.

**PART II
PROPOSALS TO UNITED NATIONS SECURITY COUNCIL
COMMITTEE**

Proposal of names to United Nations Security Council Committee

14.—(1) If the Attorney General receives information that an entity satisfies the criteria set out in a United Nations Security Council Resolution for inclusion on a list maintained by a United Nations Security Council Committee, the Attorney General may make a proposal to that Committee for the name of the entity to be listed.

(2) The Attorney General shall ensure that a proposal under subsection (1) to a United Nations Security Council Committee —

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (a) is submitted in the standard forms for listing that is published by the relevant Committee;
- (b) includes the following information required by INTERPOL and to allow for the accurate and positive identification of an entity by a competent authority —
 - (i) in the case of an individual —
 - (A) family name or surname;
 - (B) given names, other relevant names or aliases;
 - (C) date and place of birth;
 - (D) nationality or citizenship;
 - (E) gender;
 - (F) employment or occupation;
 - (G) country of residence;
 - (H) passport, other travel document and any national identification number;
 - (I) current and any previous addresses;
 - (J) police record,
 - (ii) in the case of a body corporate —
 - (A) name, registered name, any short name or acronym or any other name by which it is known or was formerly known;
 - (B) registered address, the address of its head office, a branch or subsidiary, and any linked organization;
 - (C) the nature of business or activity;
 - (D) country of main activity;
 - (E) leadership or management;
 - (F) registration or incorporation number or other identification number;
 - (G) status of body corporate, such as whether it is in liquidation, wound-up or otherwise terminated;

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

(H) any website address;

(c) is accompanied by a statement of case which includes

—
(i) information demonstrating that an entity satisfies the criteria for listing pursuant to a United Nations Security Council Resolution,

(ii) details of any connection with a specified entity,

(iii) information about any other relevant acts or activities of the entity,

(iv) the nature of the supporting evidence,

(v) any additional information or documents supporting the proposed listing, as well as information about relevant court cases and proceedings; and

(d) indicates whether a United Nations Security Council Committee, the Secretariat or the United Nations Office of the Ombudsperson may disclose that Saint Lucia has made a proposal that the entity be listed pursuant to a United Nations Security Council Resolution.

(3) If an entity has been listed pursuant to a United Nations Security Council Resolution on the basis of a proposal by the Attorney General, and the Attorney General is satisfied that an entity listed pursuant to that United Nations Security Council Resolution no longer satisfies the criteria for listing, the Attorney General shall submit a request to the relevant United Nations Security Council Committee for the entity to be de-listed.

(4) The Attorney General shall ensure that a request under subsection (3) to a United Nations Security Council Committee for de-listing —

(a) is submitted in the standard forms for de-listing that is published by the relevant United Nations Security Council Committee;

(b) includes information to show that the entity no longer meets the relevant criteria set out in a United Nations Security Council Resolution for listing.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

(5) Notwithstanding subsection (3), where an entity has been listed pursuant to a United Nations Security Resolution, the Attorney General shall, as far as practicable, inform the entity of the availability of the United Nations Office of the Ombudsperson or the Focal Point for De-listing, as the case may be, for the purposes of petitioning the removal of the name of the entity from a list maintained by a relevant United Nations Security Council Committee.

**PART III
FREEZING ORDER**

Attorney General to make application for freezing order

15. —(1) The Attorney General shall immediately apply to the court for a freezing order to —

- (a) freeze property in circumstances where the property —
 - (i) is owned or controlled, and not only property that can be tied to a particular act, plot or threat of proliferation of weapons of mass destruction, by a listed entity,
 - (ii) is wholly or jointly owned or controlled, directly or indirectly, by a listed entity,
 - (iii) is derived or generated from property or other assets that is owned or controlled, directly or indirectly, by a listed entity,
 - (iv) is owned or controlled by a person acting on behalf of or at the direction of a listed entity;
- (b) freeze property that is situated in Saint Lucia in circumstances where the property is owned or controlled, directly or indirectly, by —
 - (i) the Government or a political party of a proscribed country,
 - (ii) a person acting on behalf of, or at the direction of the Government or a political party of a proscribed country,

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (iii) a person controlled by the Government or a political party of a proscribed country, which is associated with a nuclear or ballistic programme of that Government or a political party of a proscribed country or any other activity prohibited by this Act;
 - (c) prohibit a listed entity from possessing, controlling or having access to property or economic resources.
- (2) An application under subsection (1) must be —
- (a) made *ex parte*; and
 - (b) accompanied by an affidavit containing the matters referred to in subsection (1).
- (3) On receipt of an application under subsection (1), a court may make a freezing order —
- (a) to freeze property that is —
 - (i) owned or controlled, and not only property that can be tied to a particular act, plot or threat of proliferation of weapons of mass destruction, by a listed entity,
 - (ii) wholly or jointly owned or controlled, directly or indirectly, by a listed entity,
 - (iii) derived or generated from property or other assets that is owned or controlled, directly or indirectly, by a listed entity,
 - (iv) owned or controlled by a person acting on behalf of or at the direction of a listed entity;
 - (b) to freeze property that is situated in Saint Lucia that is owned or controlled, directly or indirectly, by —
 - (i) the Government or a political party of a proscribed country,
 - (ii) a person acting on behalf of, or at the direction of the Government or a political party of a proscribed country,
 - (iii) a person controlled by the Government or a political party of a proscribed country, which is

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

associated with a nuclear or ballistic programme of that Government or a political party of a proscribed country or any other activity prohibited by this Act;

(c) to prohibit a listed entity from possessing, controlling or having access to property or economic resources.

(4) Subject to subsection (6), a freezing order —

(a) may be made subject to any condition that the court considers reasonable;

(b) may prohibit a listed entity from possessing or controlling cash or property in excess of an amount specified by the court;

(c) may indicate the account held in a financial institution into which excess cash must be deposited;

(d) does not apply to property that is required to carry out activities of —

(i) a mission of a proscribed country to the United Nations, its specialised agencies or related organizations, or

(ii) diplomatic and consular missions to a proscribed country;

(e) does not apply to property that a United Nations Security Council Committee determines is required for —

(i) the delivery of humanitarian assistance,

(ii) denuclearisation, or

(iii) any other purpose sanctioned by the Security Council;

(f) must indicate the duration of the freezing order;

(g) may make such provision as is just in the circumstances to preserve the rights of a *bona fide* third party acting in good faith.

(5) The Attorney General shall —

(a) serve the freezing order on —

(i) the listed entity, and

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

(ii) any other person affected or likely to be affected by the order, which may include a person with the same name as a listed entity;

(b) within seven days after the date of the freezing order made under subsection (3), cause to be published in the *Gazette* and in at least two daily newspapers of general circulation in Saint Lucia, a copy of the freezing order and a statement that the matter will be reviewed every six months.

(6) Nothing in this section prohibits the addition of interest or earnings due on an account frozen under subsection (3) or payments under contracts, agreements or obligations that arose prior to the making of a freezing order, and any such payment must be deposited into an account specified by the court under subsection (4)(c).

(7) The Government is not liable for damages or costs arising directly or indirectly from the making of a freezing order, unless it is proved on a balance of probability that the application for the order was made in bad faith.

Review of freezing order

16.—(1) The Attorney General shall, every six months, review a freezing order to determine whether the circumstances under section 15(1) continue to exist in respect of the listed entity and if he or she determines that the circumstances no longer exist, apply to the court to set aside the freezing order.

(2) Nothing in this section precludes the Attorney General from —

(a) conducting a review of the circumstances under section 15(1) relating to a freezing order to determine whether the circumstances continue to exist in respect of the listed entity; or

(b) applying to the court for the variation or setting aside of a freezing order under section 16.

Variation of freezing order

17.—(1) Subject to subsection (2), the Attorney General may apply to the court for a variation of a freezing order in respect of a listed entity if he or she determines that the circumstances under section 15(1) no longer exist.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

(2) The Attorney General shall not make an application under subsection (1) —

- (a) in respect of a variation in relation to matters provided in subsection (4)(a), (b) and (d), unless he or she has first notified the appropriate United Nations Security Council Committee of his or her intention to apply to the court for the order and that Committee has not indicated its objection to the application to the court within five working days of being notified;
- (b) in respect of a variation in relation to matters provided in subsection (4)(f), unless he or she has first notified the appropriate United Nations Security Council Committee of his or her intention to apply to the court for the order and that Committee has not indicated its objection to the application to the court within ten working days of being notified;
- (c) in respect of a variation in relation to matters provided in subsection (4)(h), unless he or she has first notified the appropriate United Nations Security Council Committee of his or her intention to apply to the court for the order and has obtained the approval of that Committee to make an application to the court;
- (d) in respect of any other variation unless he or she has first notified the appropriate United Nations Security Council Committee of his or her intention to apply to the court for a variation, and that Committee has not indicated its objection to an application to be made to the court.

(3) The court may on the application of the Attorney General or a person affected or likely to be affected by a freezing order, vary the freezing order.

(4) Subject to subsection (6), where a freezing order is made in respect of a listed entity the court may, in varying the freezing order —

- (a) make provision for meting out of the property, reasonable living expenses, including —
 - (i) mortgage or rent payments,

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (ii) allowances for food, medicine and medical treatment,
 - (iii) payments due as a result of an order of the court,
 - (iv) provision for the reasonable living expenses of dependents, including educational expenses, and
 - (v) provision for taxes, insurance premiums and public utilities;
- (b) make provision for reasonable legal expenses, including expenses incurred in defending a criminal charge or any proceedings connected to the criminal charge, and any proceedings under this Act;
- (c) make provision for expenses necessary to enable a person to carry on a trade, business, profession or occupation;
- (d) make provision for fees or service charges for routine holding or maintenance of frozen property or other financial assets;
- (e) make provision for such sums as are necessary for the satisfaction of judicial, administrative or arbitral lien or judgment, if the lien or judgment was entered prior to the issue of a United Nations Security Council Resolution in respect of a listed entity;
- (f) make provision for the listed entity making a payment due under a contract that was entered into prior to the date of making of the freezing order, if the court is satisfied that —
- (i) the contract is not related to items, materials, goods, technologies, assistance, investment, brokering or services prohibited under this Act or a United Nations Security Council Resolution,
 - (ii) the contract was entered into prior to the issue of a United Nations Security Council Resolution in respect of the listed entity,
 - (iii) the payment will not be directly or indirectly received by a person other than the listed entity;
- (g) make provision for the release of property for extraordinary expenses;

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (h) authorize the release of property for civil nuclear cooperation projects being undertaken by a proscribed country; and
- (i) make the listed entity subject to any other condition that the court considers reasonable.

(5) A person who has an interest arising out of a contract which is affected by a freezing order, may make a request to the Attorney General to apply to the court for a variation of the freezing order in accordance with subsection (4)(f).

(6) The court shall not vary a freezing order in accordance with subsection (4)(f) if a contract is related to items, materials, equipment, goods, technologies, assistance, training, financial assistance, investment, brokering or services prohibited under this Act, or a United Nations Security Council Resolution.

Application for review of freezing order by a listed entity

18.—(1) Within sixty days after the date of publication of a freezing order under section 15(5), a listed entity in respect of which the freezing order is made may apply to the court for a review of the freezing order, and shall notify the Attorney General of the application.

(2) On an application made to the court under subsection (1), the court may —

- (a) hear evidence that may be presented by the Attorney General and may, at the request of the Attorney General, hear all or part of that evidence or information in the absence of the listed entity or an attorney-at-law representing the listed entity, if the court is of the opinion that the disclosure of the information would be prejudicial to national security or endanger the safety of a person;
- (b) provide the listed entity with a statement summarising the information available to the court, so as to enable the listed entity to be reasonably informed of the reasons for the making of the freezing order, without disclosing information, the disclosure of which would, in the opinion of the court, be prejudicial to national security or endanger the safety of a person;

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (c) provide the listed entity with a reasonable opportunity to be heard; and
- (d) determine setting aside of the freezing order on the basis of the information available to the court and, if the court determines that the freezing order should be set aside, direct that the freezing order be set aside.

(3) For the purposes of an application for a review of a freezing order under this section, the court may receive in evidence anything that, in the opinion of the court, is reliable and relevant.

(4) On an application to the court under subsection (1), the court shall, if satisfied that the circumstances specified under section 15(1) do not continue to exist, make an order to set aside the freezing order, which shall be —

- (a) published in the *Gazette* and in two newspapers of general circulation in Saint Lucia; and
- (b) served on the Financial Intelligence Authority or the Attorney General, if not a party to the proceedings.

Application for review of freezing order by an affected person

19.—(1) A person affected or likely to be affected by a freezing order may after being served with the freezing order, apply to the court for a review of the freezing order.

(2) An application for review of a freezing order under subsection (1) must not be made in respect of a claim for indemnity where the claim is made by —

- (a) a listed entity;
- (b) the Government of a proscribed country, its public bodies, corporations and agencies; or
- (c) an individual or entity acting through or on behalf of an individual or entity referred to in paragraphs (a) and (b).

(3) Where an application for review of a freezing order is made under subsection (1), the applicant shall serve the Attorney General with a copy of the application and the Attorney General shall be given an opportunity to make representations to the court in respect of proceedings for the review of the freezing order.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

Requirement to freeze funds

20.—(1) On being served with a freezing order in respect of a listed entity, a financial institution and a person engaged in other business activity, as the case may be, shall immediately freeze all funds in an account that is —

- (a) owned or controlled, by a listed entity,
- (b) wholly or jointly owned or controlled, directly or indirectly, by a listed entity,
- (c) derived or generated from funds or other assets that is owned or controlled, directly or indirectly, by a listed entity,
- (d) owned or controlled by a person acting on behalf of or at the direction of a listed entity;
- (e) owned or controlled, directly or indirectly, by —
 - (i) the Government or a political party of a proscribed country,
 - (ii) a person acting on behalf of, or at the direction of the Government or a political party of a proscribed country,
 - (iii) a person controlled by the Government or a political party of a proscribed country, which is associated with a nuclear or ballistic programme of that Government or a political party of a proscribed country or any other activity prohibited by this Act;

(2) A financial institution or a person engaged in other business activity that contravenes subsection (1) commits an offence and is liable, on conviction on indictment, to a fine not exceeding one million dollars.

(3) A director, manager or employee of the financial institution or a person engaged in other business activity that contravenes subsection (1) commits an offence and is liable, on conviction on indictment, to a fine not exceeding one million dollars or to imprisonment for a term not exceeding twenty-five years or both.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

(4) If a financial institution or a person engaged in other business activity credits a frozen account as a result of —

- (a) interest or other earnings due on the account;
- (b) payments due under contracts, agreements or obligations that were concluded or arose prior to the making of a freezing order,

that financial institution or a person engaged in other business activity shall immediately notify the Financial Intelligence Authority.

(5) A financial institution or a person engaged in other business activity that contravenes subsection (4) commits an offence and is liable, on conviction on indictment, to a fine not exceeding one million dollars.

Reporting requirements

21.—(1) As soon as a financial institution or a person engaged in other business activity becomes aware of a listed entity, that financial institution or person engaged in other business activity shall immediately —

- (a) report to the Commissioner of Police and the Financial Intelligence Authority if it is in possession of property that is —
 - (i) owned or controlled, by a listed entity,
 - (ii) wholly or jointly owned or controlled, directly or indirectly, by a listed entity,
 - (iii) derived or generated from funds or other assets that is owned or controlled, directly or indirectly, by a listed entity,
 - (iv) owned or controlled by a person acting on behalf of or at the direction of a listed entity;
 - (v) owned or controlled, directly or indirectly, by —
 - (A) the Government or a political party of a proscribed country;

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (B) a person acting on behalf of, or at the direction of the Government or a political party of a proscribed country;
 - (C) a person controlled by the Government or a political party of a proscribed country, which is associated with a nuclear or ballistic programme of that Government or a political party of a proscribed country or any other activity prohibited by this Act;
- (b) report to the Commissioner of Police and the Financial Intelligence Authority if there is a transaction being conducted by a person involving property owned or controlled, directly or indirectly, by the listed entity;
 - (c) disclose to the Financial Intelligence Authority all information relating to the property of the listed entity or to the transaction conducted by the person referred to under paragraph (b).

(2) If a listed entity attempts to enter into a transaction or continue a business relationship with a financial institution or a person engaged in other business activity, the financial institution or a person engaged in other business activity shall immediately submit a suspicious transaction report, in the prescribed form, to the Financial Intelligence Authority and shall not enter into or continue a transaction or business relationship with the listed entity.

Requirement to notify police officer

22. A person shall immediately notify a police officer if the person reasonably believes that he or she is in possession of —

- (a) property that is owned or controlled, and not only property that can be tied to a particular act, plot or threat of proliferation of weapons of mass destruction, by a listed entity;
- (b) property that is wholly or jointly owned or controlled, directly or indirectly, by a listed entity;
- (c) property that is derived or generated from property or other assets that is owned or controlled, directly or indirectly, by a listed entity;

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (d) property that is owned or controlled by a person acting on behalf of or at the direction of a listed entity;
- (e) property that is situated in Saint Lucia that is owned or controlled, directly or indirectly, by —
 - (i) the Government or a political party of a proscribed country,
 - (ii) a person acting on behalf of, or at the direction of the Government or a political party of a proscribed country,
 - (iii) a person controlled by the Government or a political party of a proscribed country, which is associated with a nuclear or ballistic programme of that Government or a political party of a proscribed country or any other activity prohibited by this Act;
- (f) information related to a transaction or proposed transaction involving property that is —
 - (i) owned or controlled, and not only property that can be tied to a particular act, plot or threat of proliferation of weapons of mass destruction, by a listed entity,
 - (ii) wholly or jointly owned or controlled, directly or indirectly, by a listed entity,
 - (iii) derived or generated from property or other assets that is owned or controlled, directly or indirectly, by a listed entity,
 - (iv) is owned or controlled by a person acting on behalf of or at the direction of a listed entity;
 - (v) that is situated in Saint Lucia that is owned or controlled, directly or indirectly, by —
 - (A) the Government or a political party of a proscribed country;
 - (B) a person acting on behalf of, or at the direction of the Government or a political party of a proscribed country;

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

(C) a person controlled by the Government or a political party of a proscribed country, which is associated with a nuclear or ballistic programme of that Government or a political party of a proscribed country or any other activity prohibited by this Act.

Freezing funds in urgent cases

23. The Attorney General may, on being satisfied on reasonable grounds that a listed entity is engaged in the financing of the proliferation of weapons of mass destruction, direct a financial institution or a person engaged in other business activity to immediately freeze funds in an account that is —

- (a) owned or controlled, by a listed entity;
- (b) wholly or jointly owned or controlled, directly or indirectly, by a listed entity;
- (c) derived or generated from funds or other assets that is owned or controlled, directly or indirectly, by a listed entity;
- (d) owned or controlled by a person acting on behalf of or at the direction of a listed entity;
- (e) owned or controlled, directly or indirectly, by —
 - (i) the Government or a political party of a proscribed country,
 - (ii) a person acting on behalf of, or at the direction of the Government or a political party of a proscribed country,
 - (iii) a person controlled by the Government or a political party of a proscribed country, which is associated with a nuclear or ballistic programme of that Government or a political party of a proscribed country or any other activity prohibited by this Act,

and the Attorney General may apply to the court within seventy-two hours of the making of the freezing order for a continuation of the freezing order.

PART IV
PROHIBITED DEALINGS WITH LISTED ENTITY

Dealing with property owned or controlled by a listed entity

- 24.—(1)** A person shall not knowingly —
- (a) deal, whether directly or indirectly, with property that is —
 - (i) owned or controlled, by a listed entity,
 - (ii) wholly or jointly owned or controlled, directly or indirectly, by a listed entity,
 - (iii) derived or generated from funds or other assets that is owned or controlled, directly or indirectly, by a listed entity,
 - (iv) owned or controlled by a person acting on behalf of or at the direction of a listed entity,
 - (v) owned or controlled, directly or indirectly, by —
 - (A) the Government or a political party of a proscribed country;
 - (B) a person acting on behalf of, or at the direction of the Government or a political party of a proscribed country;
 - (C) a person controlled by the Government or a political party of a proscribed country, which is associated with a nuclear or ballistic programme of that Government or a political party of a proscribed country or any other activity prohibited by this Act;
 - (b) deal in property for the benefit of a listed entity;
 - (c) enter into a financial transaction, whether directly or indirectly, or provide financial or other related services in respect of property that is —
 - (i) owned or controlled, by a listed entity,
 - (ii) wholly or jointly owned or controlled, directly or indirectly, by a listed entity,

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (iii) derived or generated from funds or other assets that is owned or controlled, directly or indirectly, by a listed entity,
- (iv) owned or controlled by a person acting on behalf of or at the direction of a listed entity,
- (v) owned or controlled, directly or indirectly, by —
 - (A) the Government or a political party of a proscribed country;
 - (B) a person acting on behalf of, or at the direction of the Government or a political party of a proscribed country;
 - (C) a person controlled by the Government or a political party of a proscribed country, which is associated with a nuclear or ballistic programme of that Government or a political party of a proscribed country or any other activity prohibited by this Act.

(2) A person who contravenes subsection (1) commits an offence and is liable, on conviction on indictment, to a fine not exceeding one million dollars or to imprisonment for a term not exceeding twenty-five years or both.

Making property available to a listed entity

25.—(1) A person shall not knowingly provide or make available property, financial or other related services, whether directly or indirectly —

- (a) to a listed entity;
- (b) to an entity owned or controlled, directly or indirectly, by a listed entity;
- (c) to an entity acting on behalf of, or at the direction of, a listed entity;
- (d) to another person for the benefit of a listed entity;
- (e) to the Government of the Democratic People’s Republic of Korea;
- (f) to the Government or a political party of a proscribed country;

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (g) to a person acting on behalf of, or at the direction of the Government or a political party of a proscribed country or;
- (h) to a person controlled by the Government or a political party of a proscribed country, which is associated with a nuclear or ballistic programme of that Government or a political party of a proscribed country or any other activity prohibited by this Act.

(2) A person who contravenes subsection (1) commits an offence and is liable, on conviction on indictment, to a fine not exceeding one million dollars or to imprisonment for a term not exceeding twenty-five years or both.

Provision of property to a listed entity

26.—(1) A person shall not, by any means, knowingly attempt to provide or collect property, directly or indirectly, with the intention or knowledge that such property is to be used, in whole or in part —

- (a) by a listed entity;
- (b) by an entity owned or controlled, directly or indirectly, by a listed entity;
- (c) by an entity acting on behalf of, or at the direction of, a listed entity; or
- (d) by a person for the benefit of a listed entity;
- (e) by the Government of a proscribed country;
- (f) by the Government or a political party of a proscribed country;
- (g) by a person acting on behalf of, or at the direction of the Government or a political party of a proscribed country;
- (h) by a person controlled by the Government or a political party of a proscribed country, which is associated with a nuclear or ballistic programme of that Government or a political party of a proscribed country or any other activity prohibited by this Act;

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

(2) A person who contravenes subsection (1) commits an offence and is liable, on conviction on indictment, to a fine not exceeding one million dollars or to imprisonment for a term not exceeding twenty-five years or both.

PART V
PROHIBITED ACTIVITIES WITH PROSCRIBED COUNTRY

Division 1
Prohibition against trade and commerce
and engaging in financial transactions

Restriction on trade, commerce and financial transactions

27.—(1) A person shall not, knowingly, whether directly or indirectly, engage in trade, commerce or financial transactions with a proscribed country that is prohibited from engaging in the activities specified under Schedule 3 or 4.

(2) Notwithstanding subsection (1), a person may engage in trade, commerce or financial transactions, in respect of the activities specified under Schedule 3 or 4, as the case may be, if that person —

(a) in the case of activities specified under Schedule 3, obtains prior approval of the relevant United Nations Security Council Committee and a permit granted under section 28;

(b) in the case of activities specified under Schedule 4, obtains prior approval from the relevant United Nations Security Council Committee.

(3) A person who contravenes subsection (1) commits an offence and is liable, on conviction on indictment, to a fine not exceeding one million dollars or to imprisonment for a term not exceeding twenty-five years or both.

(4) A body corporate commits an offence and is liable, on conviction on indictment, to a fine not exceeding two million dollars if it exercises control over another body corporate that has contravened subsection (1).

Permit: procedure

28.—(1) A person may make an application in writing to the Minister to engage in a prohibited activity under Schedule 3.

(2) An application for a permit under subsection (1) must be made in the form and manner prescribed and must be accompanied by the prescribed application fee.

(3) On receipt of an application under subsection (2), the Minister may, subject to such conditions that he or she considers appropriate, grant the application for a permit to a person to engage in an activity that is prohibited under Schedule 3.

(4) If the Minister refuses to grant an application for a permit, the Minister shall give to the applicant notice in writing of the refusal and the reasons for the refusal.

(5) A notice under subsection (4) must state that within twenty-one days of notification, the applicant for the permit on whom notice is given may make representations in writing to the Minister concerning the matter and the Minister shall not determine the matter without considering any representations received within that period.

(6) If the Minister approves the application for a permit, the applicant must, before the permit is issued, pay the prescribed permit fee.

(7) A permit issued under subsection (3) must be in the prescribed form.

Duration of permit

29. A permit is valid for a period of twelve months.

Renewal of permit

30.—(1) A person may, within one month of the expiration of a permit, make an application in writing to the Minister to renew a permit.

(2) An application for renewal of a permit must be in the prescribed form and accompanied by the prescribed renewal fee and any prescribed supporting documents.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

(3) On receipt of an application for the renewal of a permit the Minister may, subject to such conditions that he or she considers appropriate, grant the application to a person to engage in an activity prohibited under Schedule 3.

(4) The Minister may refuse to grant an application for the renewal of a permit if —

- (a) the holder of a permit has been convicted of an offence under this Act;
- (b) the holder of a permit has not complied with a condition attached to the permit.

(5) If the Minister refuses to grant the application for renewal of a permit, the Minister shall give to the holder of the permit notice in writing of the refusal and the reasons for the refusal.

(6) A notice under subsection (5) must state that within twenty-one days of service the holder of the permit on whom notice is given may make representations in writing to the Minister concerning the matter and the Minister shall not determine the matter without considering any representations received within that period of twenty-one days.

Transfer of permit

31. A permit is not transferable.

Production of permit for inspection

32. The holder of a permit shall, if requested to do so, produce the permit to a customs officer, an immigration officer or a police officer for inspection.

Suspension or revocation of permit

33.—(1) The Minister may suspend or revoke a permit if —

- (a) a holder of a permit fails to comply with a condition of the permit;
- (b) a holder of a permit has been convicted of an offence under this Act;

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (c) the Minister is satisfied, having regard to any events that have occurred, or any information of which the Minister has become aware since the permit was granted, that would make the permitted activities contrary to Saint Lucia's international or treaty obligations, or its national interest.

(2) Notwithstanding subsection (1), prior to suspending or revoking a permit the holder of the permit shall be given written notice of the Minister's intention to suspend or revoke the permit.

(3) A notice under subsection (2) must state that within twenty-one days of notification, the holder of the permit on whom it is served may make representations in writing to the Minister concerning the matter and the Minister shall not determine the matter without considering any representations received within that period of twenty-one days.

(4) Notwithstanding subsection (3), the Minister may immediately suspend or revoke a permit if Saint Lucia's international or treaty obligations, or its national interests, require immediate action.

(5) Where the Minister suspends or revokes a permit, the Minister shall within seven days of the suspension or revocation notify —

- (a) the Customs and Excise Department; and
- (b) the Financial Intelligence Authority.

PART VI ENFORCEMENT

Power to inspect cargo

34. A customs officer, immigration officer or police officer may, where he or she has reasonable grounds to suspect that cargo that is —

- (a) within or transiting through the territory of Saint Lucia, including in its airports or seaports, has originated from a proscribed country; or
- (b) destined for a proscribed country, or has been brokered or facilitated by —

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (i) a proscribed country,
 - (ii) nationals of a proscribed country,
 - (iii) persons acting on behalf or at the direction of a proscribed country,
 - (iv) entities owned or controlled by a proscribed country or its nationals,
 - (v) listed entities; or
- (c) being transported on a proscribed country's flagged aircraft or vessel,

will be used for ballistic or nuclear activities, may apply to a magistrate or judge for a warrant to inspect the cargo.

Power to deny entry of a vessel for refusal to permit inspection

35.—(1) The Comptroller may deny entry into a port of entry in Saint Lucia to the owner or master of a vessel or the operator of an aircraft if the owner or master of a vessel or the operator of an aircraft refuses to allow a customs officer, an immigration officer or a police officer to inspect the cargo on the vessel or aircraft.

(2) Where the owner or master of a vessel or the operator of an aircraft refuses to allow a customs officer, an immigration officer or a police officer to inspect the cargo on a vessel or aircraft, the customs officer, immigration officer or police officer, as the case may be, shall report the vessel or aircraft to the Financial Intelligence Authority and that Authority shall report the vessel or aircraft to the appropriate United Nations Security Council Committee.

(3) Notwithstanding subsection (1), the Comptroller may permit a vessel or aircraft to enter a port of entry in Saint Lucia —

- (a) where the entry is required as a result of an emergency;
- (b) for the purposes of conducting an inspection; or
- (c) for the purposes of allowing the vessel or aircraft to return to its port of origin.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

Power to deny access to aircraft

36.—(1) Where the Comptroller reasonably believes that an aircraft may contain goods or items, the supply, sale, transfer or export of which is prohibited under this Act, he or she may deny permission to the aircraft to fly over, land or take-off from Saint Lucia.

(2) Subsection (1) does not apply where the aircraft is engaged in emergency landing.

Restriction on entry into a port of a vessel owned by a listed entity

37.—(1) The Comptroller shall not permit a vessel to enter a port in Saint Lucia if he or she reasonably believes that the vessel —

- (a) is owned or controlled, directly or indirectly, by a listed entity; or
- (b) is carrying goods or items prohibited under this Act.

(2) Notwithstanding subsection (1), the Comptroller may permit a vessel to enter into a port —

- (a) where the entry is required as a result of an emergency;
- (b) for the purposes of conducting an inspection;
- (c) where the relevant United Nations Security Council Committee has determined that entry into the port is allowed for humanitarian purposes.

(3) The master of a vessel, that is owned or controlled, directly or indirectly, by a listed entity, who wishes to enter a port of entry in Saint Lucia, in accordance with subsection (2)(c), shall first apply to the relevant United Nations Security Council Committee in writing for approval to enter that port of entry for humanitarian purposes.

Seizure or forfeiture of vessel, aircraft, conveyance or other item

38.—(1) The Attorney General may apply to the court in the following circumstances for an order to seize or forfeit —

- (a) a vessel, aircraft or conveyance or other item used to commit an offence under this Act; or
- (b) a vessel, aircraft or conveyance or other item referred

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

to in paragraph (a) that has failed to comply with a direction given under a United Nations Security Council Resolution, in respect of a proscribed country, imposing financial and economic sanctions.

(2) An application under subsection (1) must be —

(a) made *ex parte*; and

(b) accompanied by an affidavit deposing to the circumstances referred to in subsection (1).

(3) On an application under subsection (1) the court may make an order for the forfeiture of or the seizing of a vessel, aircraft or conveyance or other item.

**PART VII
JURISDICTION OF COURT**

Jurisdiction of court to try offences

39.—(1) The court shall have jurisdiction to try an offence under this Act if the act or omission constituting the offence is committed in Saint Lucia.

(2) For the purposes of subsection (1), an act or omission committed outside Saint Lucia and which would, if committed in Saint Lucia constitute an offence under this Act, is deemed to have been committed in Saint Lucia if —

(a) the person committing the act or omission is—

(i) a Saint Lucian citizen,

(ii) not a citizen of any country but is ordinarily resident in Saint Lucia;

(b) the person committing the act or omission is present in Saint Lucia and cannot be extradited to a foreign State having jurisdiction over the offence constituted by the act or omission;

(c) the act or omission is committed against a citizen of Saint Lucia;

(d) the act or omission is committed against property belonging to the Government of Saint Lucia outside Saint Lucia; or

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

(e) the person who commits the act or omission is, after its commission, present in Saint Lucia.

**PART VIII
MISCELLANEOUS**

De-listing and non-application of this Act

40. Where Part A of Schedule 1 is amended under section 41(2), the proscribed country is deemed to be de-listed and this Act ceases to apply to that proscribed country.

Amendment of Schedules

41.— (1) The Minister may, subject to affirmative resolution, by Order published in the *Gazette*, amend any of the Schedules to this Act.

(2) Without limiting the generality of subsection (1), Part A of Schedule 1 must be amended if the United Nations Security Council removes the name of a proscribed country from any list maintained pursuant to a United Nations Security Council Resolution.

Regulations

42.—(1) The Minister may make Regulations to give effect to this Act.

(2) Without limiting the generality of subsection (1), Regulations made under subsection (1) may prescribe forms or other matters required to be prescribed under this Act.

SCHEDULE 1

(Section 2)

PART A

LIST OF PROSCRIBED COUNTRIES —

- 1.** Democratic People's Republic of Korea
- 2.** Iran

PART B**UNITED NATIONS SECURITY COUNCIL RESOLUTION 1718**
[HERE, INSERT LISTED ENTITIES]**RESOLUTION 1718 (2006)**

Adopted by the Security Council at its 5551st meeting, on 14 October 2006

The Security Council, Recalling its previous relevant resolutions, including resolution 825 (1993), resolution 1540 (2004) and, in particular, resolution 1695 (2006), as well as the statement of its President of 6 October 2006 (S/PRST/2006/41),

Reaffirming that proliferation of nuclear, chemical and biological weapons, as well as their means of delivery, constitutes a threat to international peace and security,

Expressing the gravest concern at the claim by the Democratic People's Republic of Korea (DPRK) that it has conducted a test of a nuclear weapon on 9 October 2006, and at the challenge such a test constitutes to the Treaty on the Non-Proliferation of Nuclear Weapons and to international efforts aimed at strengthening the global regime of non-proliferation of nuclear weapons, and the danger it poses to peace and stability in the region and beyond,

Expressing its firm conviction that the international regime on the non-proliferation of nuclear weapons should be maintained and recalling that the DPRK cannot have the status of a nuclear-weapon state in accordance with the Treaty on the Non-Proliferation of Nuclear Weapons,

Deploring the DPRK's announcement of withdrawal from the Treaty on the Non-Proliferation of Nuclear Weapons and its pursuit of nuclear weapons,

Deploring further that the DPRK has refused to return to the Six-Party talks without precondition,

Endorsing the Joint Statement issued on 19 September 2005 by China, the DPRK, Japan, the Republic of Korea, the Russian Federation and the United States,

Underlining the importance that the DPRK respond to other security and humanitarian concerns of the international community,

Expressing profound concern that the test claimed by the DPRK has generated increased tension in the region and beyond, and determining therefore that there is a clear threat to international peace and security,

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

Acting under Chapter VII of the Charter of the United Nations, and taking measures under its Article 41,

1. *Condemns* the nuclear test proclaimed by the DPRK on 9 October 2006 in flagrant disregard of its relevant resolutions, in particular resolution 1695 (2006), as well as of the statement of its President of 6 October 2006 (S/PRST/2006/41), including that such a test would bring universal condemnation of the international community and would represent a clear threat to international peace and security;

2. *Demands* that the DPRK not conduct any further nuclear test or launch of a ballistic missile;

3. *Demands* that the DPRK immediately retract its announcement of withdrawal from the Treaty on the Non-Proliferation of Nuclear Weapons;

4. *Demands* further that the DPRK return to the Treaty on the Non-Proliferation of Nuclear Weapons and International Atomic Energy Agency (IAEA) safeguards, and underlines the need for all States Parties to the Treaty on the Non-Proliferation of Nuclear Weapons to continue to comply with their Treaty obligations;

5. *Decides* that the DPRK shall suspend all activities related to its ballistic missile programme and in this context re-establish its pre-existing commitments to a moratorium on missile launching;

6. *Decides* that the DPRK shall abandon all nuclear weapons and existing nuclear programmes in a complete, verifiable and irreversible manner, shall act strictly in accordance with the obligations applicable to parties under the Treaty on the Non-Proliferation of Nuclear Weapons and the terms and conditions of its International Atomic Energy Agency (IAEA) Safeguards Agreement (IAEA INFCIRC/403) and shall provide the IAEA transparency measures extending beyond these requirements, including such access to individuals, documentation, equipment and facilities as may be required and deemed necessary by the IAEA;

7. *Decides* also that the DPRK shall abandon all other existing weapons of mass destruction and ballistic missile programme in a complete, verifiable and irreversible manner;

8. *Decides that:*

- (a) All Member States shall prevent the direct or indirect supply, sale or transfer to the DPRK, through their territories or by their nationals, or using their flag vessels or aircraft, and whether or not originating in their territories, of:

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (i) Any battle tanks, armoured combat vehicles, large calibre artillery systems, combat aircraft, attack helicopters, warships, missiles or missile systems as defined for the purpose of the United Nations Register on Conventional Arms, or related materiel including spare parts, or items as determined by the Security Council or the Committee established by paragraph 12 below (the Committee);
 - (ii) All items, materials, equipment, goods and technology as set out in the lists in documents S/2006/814 and S/2006/815, unless within 14 days of adoption of this resolution the Committee has amended or completed their provisions also taking into account the list in document S/2006/816, as well as other items, materials, equipment, goods and technology, determined by the Security Council or the Committee, which could contribute to DPRK's nuclear-related, ballistic missile-related or other weapons of mass destruction-related programmes;
 - (iii) Luxury goods;
- (b) The DPRK shall cease the export of all items covered in subparagraphs (i) and (a) (ii) above and that all Member States shall prohibit the procurement of such items from the DPRK by their nationals, or using their flagged vessels or aircraft, and whether or not originating in the territory of the DPRK;
- (c) All Member States shall prevent any transfers to the DPRK by their nationals or from their territories, or from the DPRK by its nationals or from its territory, of technical training, advice, services or assistance related to the provision, manufacture, maintenance or use of the items in subparagraphs (a) (i) and (a) (ii) above;
- (d) All Member States shall, in accordance with their respective legal processes, freeze immediately the funds, other financial assets and economic resources which are on their territories at the date of the adoption of this resolution or at any time thereafter, that are owned or controlled, directly or indirectly, by the persons or entities designated by the Committee or by the Security Council as being engaged in or providing support for, including through other illicit means, DPRK's nuclear-related, other weapons of mass destruction-related and ballistic missile-related programmes, or by persons or entities acting on their behalf or at their direction, and ensure that any funds, financial assets or economic resources are prevented from being made

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

available by their nationals or by any persons or entities within their territories, to or for the benefit of such persons or entities;

- (e) All Member States shall take the necessary steps to prevent the entry into or transit through their territories of the persons designated by the Committee or by the Security Council as being responsible for, including through supporting or promoting, DPRK policies in relation to the DPRK's nuclear-related, ballistic missile-related and other weapons of mass destruction-related programmes, together with their family members, provided that nothing in this paragraph shall oblige a state to refuse its own nationals entry into its territory;
- (f) In order to ensure compliance with the requirements of this paragraph, and thereby preventing illicit trafficking in nuclear, chemical or biological weapons, their means of delivery and related materials, all Member States are called upon to take, in accordance with their national authorities and legislation, and consistent with international law, cooperative action including through inspection of cargo to and from the DPRK, as necessary;

9. Decides that the provisions of paragraph 8 (d) above do not apply to financial or other assets or resources that have been determined by relevant States:

- (a) To be necessary for basic expenses, including payment for foodstuffs, rent or mortgage, medicines and medical treatment, taxes, insurance premiums, and public utility charges, or exclusively for payment of reasonable professional fees and reimbursement of incurred expenses associated with the provision of legal services, or fees or service charges, in accordance with national laws, for routine holding or maintenance of frozen funds, other financial assets and economic resources, after notification by the relevant States to the Committee of the intention to authorize, where appropriate, access to such funds, other financial assets and economic resources and in the absence of a negative decision by the Committee within five working days of such notification;
- (b) To be necessary for extraordinary expenses, provided that such determination has been notified by the relevant States to the Committee and has been approved by the Committee; or
- (c) To be subject of a judicial, administrative or arbitral lien or judgement, in which case the funds, other financial assets and economic resources may be used to satisfy that lien or

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

judgement provided that the lien or judgement was entered prior to the date of the present resolution, is not for the benefit of a person referred to in paragraph 8 (d) above or an individual or entity identified by the Security Council or the Committee, and has been notified by the relevant States to the Committee;

10. *Decides* that the measures imposed by paragraph 8 (e) above shall not apply where the Committee determines on a case-by-case basis that such travel is justified on the grounds of humanitarian need, including religious obligations, or where the Committee concludes that an exemption would otherwise further the objectives of the present resolution;

11. *Calls upon* all Member States to report to the Security Council within thirty days of the adoption of this resolution on the steps they have taken with a view to implementing effectively the provisions of paragraph 8 above;

12. *Decides* to establish, in accordance with rule 28 of its provisional rules of procedure, a Committee of the Security Council consisting of all the members of the Council, to undertake the following tasks:

- (a) To seek from all States, in particular those producing or possessing the items, materials, equipment, goods and technology referred to in paragraph 8 (a) above, information regarding the actions taken by them to implement effectively the measures imposed by paragraph 8 above of this resolution and whatever further information it may consider useful in this regard;
- (b) To examine and take appropriate action on information regarding alleged violations of measures imposed by paragraph 8 of this resolution;
- (c) To consider and decide upon requests for exemptions set out in paragraphs 9 and 10 above;
- (d) To determine additional items, materials, equipment, goods and technology to be specified for the purpose of paragraphs 8 (a) (i) and 8 (a) (ii) above;
- (e) To designate additional individuals and entities subject to the measures imposed by paragraphs 8 (d) and 8 (e) above;
- (f) To promulgate guidelines as may be necessary to facilitate the implementation of the measures imposed by this resolution;
- (g) To report at least every 90 days to the Security Council on its work, with its observations and recommendations, in particular on ways to strengthen the effectiveness of the measures imposed by paragraph 8 above;

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

13. Welcomes and encourages further the efforts by all States concerned to intensify their diplomatic efforts, to refrain from any actions that might aggravate tension and to facilitate the early resumption of the Six-Party Talks, with a view to the expeditious implementation of the Joint Statement issued on 19 September 2005 by China, the DPRK, Japan, the Republic of Korea, the Russian Federation and the United States, to achieve the verifiable denuclearization of the Korean Peninsula and to maintain peace and stability on the Korean Peninsula and in north-east Asia;

14. Calls upon the DPRK to return immediately to the Six-Party Talks without precondition and to work towards the expeditious implementation of the Joint Statement issued on 19 September 2005 by China, the DPRK, Japan, the Republic of Korea, the Russian Federation and the United States;

15. Affirms that it shall keep DPRK's actions under continuous review and that it shall be prepared to review the appropriateness of the measures contained in paragraph 8 above, including the strengthening, modification, suspension or lifting of the measures, as may be needed at that time in light of the DPRK's compliance with the provisions of the resolution;

16. Underlines that further decisions will be required, should additional measures be necessary;

17. Decides to remain actively seized of the matter.

UNITED NATIONS SECURITY COUNCIL RESOLUTION 2231

RESOLUTION 2231 (2015)

**ADOPTED BY THE SECURITY COUNCIL AT ITS 7488TH
MEETING, ON 20 JULY 2015**

The Security Council,

Recalling the Statement of its President, S/PRST/2006/15, and its resolutions 1696 (2006), 1737 (2006), 1747 (2007), 1803 (2008), 1835 (2008), and 1929 (2010),

Reaffirming its commitment to the Treaty on the Non-Proliferation of Nuclear Weapons, the need for all States Party to that Treaty to comply fully with their obligations, and recalling the right of States Party, in conformity with Articles I and II of that Treaty, to develop research, production and use of nuclear energy for peaceful purposes without discrimination,

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

Emphasizing the importance of political and diplomatic efforts to find a negotiated solution guaranteeing that Iran's nuclear programme is exclusively for peaceful purposes, and noting that such a solution would benefit nuclear non-proliferation,

Welcoming diplomatic efforts by China, France, Germany, the Russian Federation, the United Kingdom, the United States, the High Representative of the European Union for Foreign Affairs and Security Policy, and Iran to reach a comprehensive, long-term and proper solution to the Iranian nuclear issue, culminating in the Joint Comprehensive Plan of Action (JCPOA) concluded on 14 July 2015, (S/2015/544, as attached as Annex A to this resolution) and the establishment of the Joint Commission,

Welcoming Iran's reaffirmation in the JCPOA that it will under no circumstances ever seek, develop or acquire any nuclear weapons,

Noting the statement of 14 July 2015, from China, France, Germany, the Russian Federation, the United Kingdom, the United States, and the European Union aimed at promoting transparency and creating an atmosphere conducive to the full implementation of the JCPOA (S/2015/545, as attached as Annex B to this resolution),

Affirming that conclusion of the JCPOA marks a fundamental shift in its consideration of this issue, and expressing its desire to build a new relationship with Iran strengthened by the implementation of the JCPOA and to bring to a satisfactory conclusion its consideration of this matter,

Affirming that full implementation of the JCPOA will contribute to building confidence in the exclusively peaceful nature of Iran's nuclear programme,

Strongly supporting the essential and independent role of the International Atomic Energy Agency (IAEA) in verifying compliance with safeguards agreements, including the non-diversion of declared nuclear material to undeclared purposes and the absence of undeclared nuclear material and undeclared nuclear activities, and, in this context, in ensuring the exclusively peaceful nature of Iran's nuclear programme, including through the implementation of the "Framework for Cooperation" agreed between Iran and the IAEA on 11 November 2013 and the "Roadmap for Clarification of Past and Present Outstanding Issues", and recognizing the IAEA's important role in supporting full implementation of the JCPOA,

Affirming that IAEA safeguards are a fundamental component of nuclear non-proliferation, promote greater confidence among States, inter alia, by providing assurance that States are complying with their obligations under relevant safeguards agreements, contribute to strengthening their collective security and help to create an environment conducive to nuclear cooperation, and further recognizing that effective and efficient safeguards implementation

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

requires a cooperative effort between the IAEA and States, that the IAEA Secretariat will continue to engage in open dialogue on safeguards matters with States to increase transparency and build confidence and to interact with them on the implementation of safeguards, and in this case, avoid hampering the economic and technological development of Iran or international cooperation in the field of peaceful nuclear activities; respect health, safety, physical protection and other security provisions in force and the rights of individuals; and take every precaution to protect commercial, technological and industrial secrets as well as other confidential information coming to its knowledge,

Encouraging Member States to cooperate, including through IAEA involvement, with Iran in the framework of the JCPOA in the field of peaceful uses of nuclear energy and to engage in mutually determined civil nuclear cooperation projects, in accordance with Annex III of the JCPOA,

Noting the termination of provisions of previous resolutions and other measures foreseen in this resolution, and inviting Member States to give due regard to these changes,

Emphasizing that the JCPOA is conducive to promoting and facilitating the development of normal economic and trade contacts and cooperation with Iran, and having regard to States' rights and obligations relating to international trade,

Underscoring that Member States are obligated under Article 25 of the Charter of the United Nations to accept and carry out the Security Council's decisions,

1. *Endorses* the JCPOA, and urges its full implementation on the timetable established in the JCPOA;

2. *Calls upon* all Members States, regional organizations and international organizations to take such actions as may be appropriate to support the implementation of the JCPOA, including by taking actions commensurate with the implementation plan set out in the JCPOA and this resolution and by refraining from actions that undermine implementation of commitments under the JCPOA;

3. *Requests* the Director General of the IAEA to undertake the necessary verification and monitoring of Iran's nuclear -related commitments for the full duration of those commitments under the JCPOA, and reaffirms that Iran shall cooperate fully as the IAEA requests to be able to resolve all outstanding issues, as identified in IAEA reports;

4. *Requests* the Director General of the IAEA to provide regular updates to the IAEA Board of Governors and, as appropriate, in parallel to the Security Council on Iran's implementation of its commitments under the JCPOA and also to report to the IAEA Board of Governors and in parallel to the Security Council at any time if the Director General has reasonable

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

grounds to believe there is an issue of concern directly affecting fulfilment of JCPOA commitments;

Terminations

5. Requests that, as soon as the IAEA has verified that Iran has taken the actions specified in paragraphs 15.1-15.11 of Annex V of the JCPOA, the Director General of the IAEA submit a report confirming this fact to the IAEA Board of Governors and in parallel to the Security Council;

6. Requests further that, as soon as the IAEA has reached the Broader Conclusion that all nuclear material in Iran remains in peaceful activities, the Director General of the IAEA submit a report confirming this conclusion to the IAEA Board of Governors and in parallel to the Security Council;

7. Decides, acting under Article 41 of the Charter of the United Nations, that, upon receipt by the Security Council of the report from the IAEA described in paragraph 5:

- (a) The provisions of resolutions 1696 (2006), 1737 (2006), 1747 (2007), 1803 (2008), 1835 (2008), 1929 (2010) and 2224 (2015) shall be terminated;
- (b) All States shall comply with paragraphs 1, 2, 4, and 5 and the provisions in subparagraphs (a)-(f) of paragraph 6 of Annex B for the duration specified in each paragraph or subparagraph, and are called upon to comply with paragraphs 3 and 7 of Annex B;

8. Decides, acting under Article 41 of the Charter of the United Nations, that on the date ten years after the JCPOA Adoption Day, as defined in the JCPOA, all the provisions of this resolution shall be terminated, and none of the previous resolutions described in paragraph 7 (a) shall be applied, the Security Council will have concluded its consideration of the Iranian nuclear issue, and the item “Non-proliferation” will be removed from the list of matters of which the Council is seized;

9. Decides, acting under Article 41 of the Charter of the United Nations, that the terminations described in Annex B and paragraph 8 of this resolution shall not occur if the provisions of previous resolutions have been applied pursuant to paragraph 12;

Application of Provisions of Previous Resolutions

10. Encourages China, France, Germany, the Russian Federation,

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

the United Kingdom, the United States, the European Union (EU), and Iran (the “JCPOA participants”) to resolve any issues arising with respect to implementation of JCPOA commitments through the procedures specified in the JCPOA, and expresses its intention to address possible complaints by JCPOA participants about significant non-performance by another JCPOA participant;

11. *Decides*, acting under Article 41 of the Charter of the United Nations, that, within 30 days of receiving a notification by a JCPOA participant State of an issue that the JCPOA participant State believes constitutes significant non-performance of commitments under the JCPOA, it shall vote on a draft resolution to continue in effect the terminations in paragraph (a) of this resolution, decides further that if, within 10 days of the notification referred to above, no Member of the Security Council has submitted such a draft resolution for a vote, then the President of the Security Council shall submit such a draft resolution and put it to a vote within 30 days of the notification referred to above, and expresses its intention to take into account the views of the States involved in the issue and any opinion on the issue by the Advisory Board established in the JCPOA;

12. *Decides*, acting under Article 41 of the Charter of the United Nations, that, if the Security Council does not adopt a resolution under paragraph 11 to continue in effect the terminations in paragraph 7 (a), then effective midnight Greenwich Mean Time after the thirtieth day after the notification to the Security Council described in paragraph 11, all of the provisions of resolutions 1696 (2006), 1737 (2006), 1747 (2007), 1803 (2008), 1835 (2008), and 1929 (2010) that have been terminated pursuant to paragraph 7 (a) shall apply in the same manner as they applied before the adoption of this resolution, and the measures contained in paragraphs 7, 8 and 16 to 20 of this resolution shall be terminated, unless the Security Council decides otherwise;

13. *Underscores* that, in the event of a notification to the Security Council described in paragraph 11, Iran and the other JCPOA participants should strive to resolve the issue giving rise to the notification, *expresses* its intention to prevent the reapplication of the provisions if the issue giving rise to the notification is resolved, *decides*, acting under Article 41 of the Charter of the United Nations, that if the notifying JCPOA participant State informs the Security Council that such an issue has been resolved before the end of the 30-day period specified in paragraph 12 above, then the provisions of this resolution, including the terminations in paragraph 7 (a), shall remain in effect notwithstanding paragraph 12 above, and notes Iran’s statement that if the provisions of previous resolutions are applied pursuant to paragraph 12 in whole or in part, Iran will treat this as grounds to cease performing its commitments under the JCPOA;

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

14. *Affirms* that the application of the provisions of previous resolutions pursuant to paragraph 12 do not apply with retroactive effect to contracts signed between any party and Iran or Iranian individuals and entities prior to the date of application, provided that the activities contemplated under and execution of such contracts are consistent with the JCPOA, this resolution and the previous resolutions;

15. *Affirms* that any application of the provisions of previous resolutions pursuant to paragraph 12 is not intended to harm individuals and entities that, prior to that application of those provisions, engaged in business with Iran or Iranian individuals and entities that is consistent with the JCPOA and this resolution, *encourages* Member States to consult with each other with regard to such harm, and to take action to mitigate such unintended harm for these individuals and entities, and *decides* if the provisions of previous resolutions are applied pursuant to paragraph 12 not to impose measures with retroactive effect on individuals and entities for business activities with Iran that were consistent with the JCPOA, this resolution and the previous resolutions prior to the application of these provisions;

JCPOA Implementation

16. *Decides*, acting under Article 41 of the Charter of the United Nations, to review recommendations of the Joint Commission regarding proposals by States to participate in or permit nuclear -related activities set forth in paragraph 2 of Annex B, and that such recommendations shall be deemed to be approved unless the Security Council adopts a resolution to reject a Joint Commission recommendation within five working days of receiving it;

17. *Requests* Member States seeking to participate in or permit activities set forth in paragraph 2 of Annex B to submit proposals to the Security Council, *expresses* its intention to share such proposals with the Joint Commission established in the JCPOA for its review, invites any Member of the Security Council to provide relevant information and opinions about these proposals, *encourages* the Joint Commission to give due consideration to any such information and opinions, and *requests* the Joint Commission to provide its recommendations on these proposals to the Security Council within twenty working days (or, if extended, within thirty working days);

18. *Requests* the Secretary -General, in order to support JCPOA implementation, to take the necessary administrative measures to facilitate communications with Member States and between the Security Council and the Joint Commission through agreed practical arrangements;

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

19. *Requests* the IAEA and the Joint Commission to consult and exchange information, where appropriate, as specified in the JCPOA, and requests further that the exporting states cooperate with the Joint Commission in accordance with Annex IV of the JCPOA;

20. *Requests* the Joint Commission to review proposals for transfers and activities described in paragraph 2 of Annex B with a view to recommending approval where consistent with this resolution and the provisions and objectives of the JCPOA so as to provide for the transfer of items, materials, equipment, goods and technology required for Iran's nuclear activities under the JCPOA, and encourages the Joint Commission to establish procedures to ensure detailed and thorough review of all such proposals;

Exemptions

21. *Decides*, acting under Article 41 of the Charter of the United Nations, that the measures imposed in resolutions 1696 (2006), 1737 (2006), 1747 (2007), 1803 (2008), 1835 (2008), and 1929 (2010) shall not apply to the supply, sale, or transfer of items, materials, equipment, goods and technology, and the provision of any related technical assistance, training, financial assistance, investment, brokering or other services, by JCPOA participant States or Member States acting in coordination with them, that is directly related to: (a) the modification of two cascades at the Fordow facility for stable isotope production; (b) the export of Iran's enriched uranium in excess of 300 kilograms in return for natural uranium; and (c) the modernization of the Arak reactor based on the agreed conceptual design and, subsequently, on the agreed final design of such reactor;

22. *Decides*, acting under Article 41 of the Charter of the United Nations, that Member States engaging in the activities permitted in paragraph 21 shall ensure that: (a) all such activities are undertaken strictly in accordance with the JCPOA; (b) they notify the Committee established pursuant to resolution 1737 (2006) and, when constituted, the Joint Commission ten days in advance of such activities; (c) the requirements, as appropriate, of the Guidelines as set out in the relevant INFCIRC referenced in resolution 1737 (2006), as updated, have been met; (d) they have obtained and are in a position to exercise effectively a right to verify the end-use and end-use location of any supplied item; and (e) in case of supplied items, materials, equipment, goods and technology listed in the INFCIRCS referenced in resolution 1737 (2006), as updated, they also notify the IAEA within ten days of the supply, sale or transfers;

23. *Decides*, acting under Article 41 of the Charter of the United Nations, also that the measures imposed in resolutions 1696 (2006), 1737 (2006), 1747 (2007), 1803 (2008), 1835 (2008), and 1929 (2010) shall not

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

apply to the extent necessary to carry out transfers and activities, as approved on a case-by-case basis in advance by the Committee established pursuant to resolution 1737 (2006), that are:

- (a) directly related to implementation of the nuclear-related actions specified in paragraphs 15.1-15.11 of Annex V of the JCPOA;
- (b) required for preparation for the implementation of the JCPOA; or,
- (c) determined by the Committee to be consistent with the objectives of this resolution;

24. *Notes* that the provisions of paragraphs 21, 22, 23 and 27 continue in effect if the provisions of previous resolutions are applied pursuant to paragraph 12;

Other Matters

25. *Decides* to make the necessary practical arrangements to undertake directly tasks related to the implementation of this resolution, including those tasks specified in Annex B and the release of guidance;

26. *Urges* all States, relevant United Nations bodies and other interested parties, to cooperate fully with the Security Council in its exercise of the tasks related to this resolution, in particular by supplying any information at their disposal on the implementation of the measures in this resolution;

27. *Decides* that all provisions contained in the JCPOA are only for the purposes of its implementation between the E3/EU+3 and Iran and should not be considered as setting precedents for any other State or for principles of international law and the rights and obligations under the Treaty on the Non-Proliferation of Nuclear Weapons and other relevant instruments, as well as for internationally recognized principles and practices;

28. *Recalls* that the measures imposed by paragraph 12 of resolution 1737 (2006) shall not prevent a designated person or entity from making payment due under a contract entered into prior to the listing of such a person or entity, provided that the conditions specified in paragraph 15 of that resolution are met, and underscores, that if the provisions of previous resolutions are reapplied pursuant to paragraph 12 of this resolution, then this provision will apply;

29. *Emphasizes* the importance of all States taking the necessary measures to ensure that no claim shall lie at the instance of the Government of Iran, or any person or entity in Iran, or of persons or entities designated pursuant to resolution 1737 (2006) and related resolutions, or any person claiming through or for the benefit of any such person or entity, in connection

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

with any contract or other transaction where its performance was prevented by reason of the application of the provisions of resolutions 1737 (2006), 1747 (2007), 1803 (2008), 1929 (2010) and this resolution;

30. *Decides* to remain seized of the matter until the termination of the provisions of this resolution in accordance with paragraph 8.

**Annex A: Joint Comprehensive Plan of Action (JCPOA), Vienna,
14 July 2015**

PREFACE

The E3/EU+3 (China, France, Germany, the Russian Federation, the United Kingdom and the United States, with the High Representative of the European Union for Foreign Affairs and Security Policy) and the Islamic Republic of Iran welcome this historic Joint Comprehensive Plan of Action (JCPOA), which will ensure that Iran's nuclear programme will be exclusively peaceful, and mark a fundamental shift in their approach to this issue. They anticipate that full implementation of this JCPOA will positively contribute to regional and international peace and security. Iran reaffirms that under no circumstances will Iran ever seek, develop or acquire any nuclear weapons.

Iran envisions that this JCPOA will allow it to move forward with an exclusively peaceful, indigenous nuclear programme, in line with scientific and economic considerations, in accordance with the JCPOA, and with a view to building confidence and encouraging international cooperation. In this context, the initial mutually determined limitations described in this JCPOA will be followed by a gradual evolution, at a reasonable pace, of Iran's peaceful nuclear programme, including its enrichment activities, to a commercial programme for exclusively peaceful purposes, consistent with international non-proliferation norms.

The E3/EU+3 envision that the implementation of this JCPOA will progressively allow them to gain confidence in the exclusively peaceful nature of Iran's programme. The JCPOA reflects mutually determined parameters, consistent with practical needs, with agreed limits on the scope of Iran's nuclear programme, including enrichment activities and R&D. The JCPOA addresses the E3/EU+3's concerns, including through comprehensive measures providing for transparency and verification.

The JCPOA will produce the comprehensive lifting of all UN Security Council sanctions as well as multilateral and national sanctions related to Iran's nuclear programme, including steps on access in areas of trade, technology, finance, and energy.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

PREAMBLE AND GENERAL PROVISIONS

- i. The Islamic Republic of Iran and the E3/EU+3 (China, France, Germany, the Russian Federation, the United Kingdom and the United States, with the High Representative of the European Union for Foreign Affairs and Security Policy) have decided upon this long-term Joint Comprehensive Plan of Action (JCPOA). This JCPOA, reflecting a step-by-step approach, includes the reciprocal commitments as laid down in this document and the annexes hereto and is to be endorsed by the United Nations (UN) Security Council.
- ii. The full implementation of this JCPOA will ensure the exclusively peaceful nature of Iran's nuclear programme.
- iii. Iran reaffirms that under no circumstances will Iran ever seek, develop or acquire any nuclear weapons.
- iv. Successful implementation of this JCPOA will enable Iran to fully enjoy its right to nuclear energy for peaceful purposes under the relevant articles of the nuclear Non-Proliferation Treaty (NPT) in line with its obligations therein, and the Iranian nuclear programme will be treated in the same manner as that of any other non-nuclear-weapon state party to the NPT.
- v. This JCPOA will produce the comprehensive lifting of all UN Security Council sanctions as well as multilateral and national sanctions related to Iran's nuclear programme, including steps on access in areas of trade, technology, finance and energy.
- vi. The E3/EU+3 and Iran reaffirm their commitment to the purposes and principles of the United Nations as set out in the UN Charter.
- vii. The E3/EU+3 and Iran acknowledge that the NPT remains the cornerstone of the nuclear non-proliferation regime and the essential foundation for the pursuit of nuclear disarmament and for the peaceful uses of nuclear energy.
- viii. The E3/EU+3 and Iran commit to implement this JCPOA in good faith and in a constructive atmosphere, based on mutual respect, and to refrain from any action inconsistent with the letter, spirit and intent of this JCPOA that would undermine its successful implementation. The E3/EU+3 will refrain from imposing discriminatory regulatory and procedural requirements in lieu of the sanctions and restrictive measures covered by this JCPOA. This JCPOA builds on the implementation of the Joint Plan of Action (JPOA) agreed in Geneva on 24 November 2013.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- ix. A Joint Commission consisting of the E3/EU+3 and Iran will be established to monitor the implementation of this JCPOA and will carry out the functions provided for in this JCPOA. This Joint Commission will address issues arising from the implementation of this JCPOA and will operate in accordance with the provisions as detailed in the relevant annex.
- x. The International Atomic Energy Agency (IAEA) will be requested to monitor and verify the voluntary nuclear -related measures as detailed in this JCPOA. The IAEA will be requested to provide regular updates to the Board of Governors, and as provided for in this JCPOA, to the UN Security Council. All relevant rules and regulations of the IAEA with regard to the protection of information will be fully observed by all parties involved.
- xi. All provisions and measures contained in this JCPOA are only for the purpose of its implementation between E3/EU+3 and Iran and should not be considered as setting precedents for any other state or for fundamental principles of international law and the rights and obligations under the NPT and other relevant instruments, as well as for internationally recognised principles and practices.
- xii. Technical details of the implementation of this JCPOA are dealt with in the annexes to this document.
- xiii. The EU and E3+3 countries and Iran, in the framework of the JCPOA, will cooperate, as appropriate, in the field of peaceful uses of nuclear energy and engage in mutually determined civil nuclear cooperation projects as detailed in Annex III, including through IAEA involvement.
- xiv. The E3+3 will submit a draft resolution to the UN Security Council endorsing this JCPOA affirming that conclusion of this JCPOA marks a fundamental shift in its consideration of this issue and expressing its desire to build a new relationship with Iran. This UN Security Council resolution will also provide for the termination on Implementation Day of provisions imposed under previous resolutions; establishment of specific restrictions; and conclusion of consideration of the Iran nuclear issue by the UN Security Council 10 years after the Adoption Day.
- xv. The provisions stipulated in this JCPOA will be implemented for their respective durations as set forth below and detailed in the annexes.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- xvi. The E3/EU+3 and Iran will meet at the ministerial level every 2 years, or earlier if needed, in order to review and assess progress and to adopt appropriate decisions by consensus.

Iran and E3/EU+3 will take the following voluntary measures within the timeframe as detailed in this JCPOA and its Annexes

NUCLEAR

A. ENRICHMENT, ENRICHMENT R&D, STOCKPILES

1. Iran's long term plan includes certain agreed limitations on all uranium enrichment and uranium enrichment-related activities including certain limitations on specific research and development (R&D) activities for the first 8 years, to be followed by gradual evolution, at a reasonable pace, to the next stage of its enrichment activities for exclusively peaceful purposes, as described in Annex I. Iran will abide by its voluntary commitments, as expressed in its own long-term enrichment and enrichment R&D plan to be submitted as part of the initial declaration for the Additional Protocol to Iran's Safeguards Agreement.
2. Iran will begin phasing out its IR-1 centrifuges in 10 years. During this period, Iran will keep its enrichment capacity at Natanz at up to a total installed uranium enrichment capacity of 5060 IR-1 centrifuges. Excess centrifuges and enrichment -related infrastructure at Natanz will be stored under IAEA continuous monitoring, as specified in Annex I.
3. Iran will continue to conduct enrichment R&D in a manner that does not accumulate enriched uranium. Iran 's enrichment R&D with uranium for 10 years will only include IR-4, IR-5, IR-6 and IR-8 centrifuges as laid out in Annex I, and Iran will not engage in other isotope separation technologies for enrichment of uranium as specified in Annex I. Iran will continue testing IR-6 and IR-8 centrifuges, and will commence testing of up to 30 IR-6 and IR-8 centrifuges after eight and a half years, as detailed in Annex I.
4. As Iran will be phasing out its IR-1 centrifuges, it will not manufacture or assemble other centrifuges, except as provided for in Annex I, and will replace failed centrifuges with centrifuges of the same type. Iran will manufacture advanced centrifuge machines only for the purposes specified in this JCPOA. From the end of the eighth year, and as described

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

in Annex I, Iran will start to manufacture agreed numbers of IR-6 and IR-8 centrifuge machines without rotors and will store all of the manufactured machines at Natanz, under IAEA continuous monitoring until they are needed under Iran's long -term enrichment and enrichment R&D plan.

5. Based on its own long -term plan, for 15 years, Iran will carry out its uranium enrichment -related activities, including safeguarded R&D exclusively in the Natanz Enrichment facility, keep its level of uranium enrichment at up to 3.67%, and, at Fordow, refrain from any uranium enrichment and uranium enrichment R&D and from keeping any nuclear material.
6. Iran will convert the Fordow facility into a nuclear, physics and technology centre. International collaboration including in the form of scientific joint partnerships will be established in agreed areas of research. 1044 IR-1 centrifuges in six cascades will remain in one wing at Fordow. Two of these cascades will spin without uranium and will be transitioned, including through appropriate infrastructure modification, for stable isotope production. The other four cascades with all associated infrastructure will remain idle. All other centrifuges and enrichment-related infrastructure will be removed and stored under IAEA continuous monitoring as specified in Annex I.
7. During the 15 year period, and as Iran gradually moves to meet international qualification standards for nuclear fuel produced in Iran, it will keep its uranium stockpile under 300 kg of up to 3.67% enriched uranium hexafluoride (UF₆) or the equivalent in other chemical forms. The excess quantities are to be sold based on international prices and delivered to the international buyer in return for natural uranium delivered to Iran, or are to be down -blended to natural uranium level. Enriched uranium in fabricated fuel assemblies from Russia or other sources for use in Iran's nuclear reactors will not be counted against the above stated 300 kg UF₆ stockpile, if the criteria set out in Annex I are met with regard to other sources. The Joint Commission will support assistance to Iran, including through IAEA technical cooperation as appropriate, in meeting international qualification standards for nuclear fuel produced in Iran. All remaining uranium oxide enriched to between 5% and 20% will be fabricated into fuel for the Tehran Research Reactor (TRR). Any additional fuel needed for the TRR will be made available to Iran at international market prices.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

B. ARAK, HEAVY WATER, REPROCESSING

8. Iran will redesign and rebuild a modernised heavy water research reactor in Arak, based on an agreed conceptual design, using fuel enriched up to 3.67 %, in a form of an international partnership which will certify the final design. The reactor will support peaceful nuclear research and radioisotope production for medical and industrial purposes. The redesigned and rebuilt Arak reactor will not produce weapons grade plutonium. Except for the first core load, all of the activities for redesigning and manufacturing of the fuel assemblies for the redesigned reactor will be carried out in Iran. All spent fuel from Arak will be shipped out of Iran for the lifetime of the reactor. This international partnership will include participating E3/EU+3 parties, Iran and such other countries as may be mutually determined. Iran will take the leadership role as the owner and as the project manager and the E3/EU+3 and Iran will, before Implementation Day, conclude an official document which would define the responsibilities assumed by the E3/EU+3 participants.
9. Iran plans to keep pace with the trend of international technological advancement in relying on light water for its future power and research reactors with enhanced international cooperation, including assurance of supply of necessary fuel.
10. There will be no additional heavy water reactors or accumulation of heavy water in Iran for 15 years. All excess heavy water will be made available for export to the international market.
11. Iran intends to ship out all spent fuel for all future and present power and research nuclear reactors, for further treatment or disposition as provided for in relevant contracts to be duly concluded with the recipient party.
12. For 15 years Iran will not, and does not intend to thereafter, engage in any spent fuel reprocessing or construction of a facility capable of spent fuel reprocessing, or reprocessing R&D activities leading to a spent fuel reprocessing capability, with the sole exception of separation activities aimed exclusively at the production of medical and industrial radio-isotopes from irradiated enriched uranium targets.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

C. TRANSPARENCY AND CONFIDENCE BUILDING MEASURES

13. Consistent with the respective roles of the President and Majlis (Parliament), Iran will provisionally apply the Additional Protocol to its Comprehensive Safeguards Agreement in accordance with Article 17(b) of the Additional Protocol, proceed with its ratification within the timeframe as detailed in Annex V and fully implement the modified Code 3.1 of the Subsidiary Arrangements to its Safeguards Agreement.
14. Iran will fully implement the “Roadmap for Clarification of Past and Present Outstanding Issues ” agreed with the IAEA, containing arrangements to address past and present issues of concern relating to its nuclear programme as raised in the annex to the IAEA report of 8 November 2011 (GOV/2011/65). Full implementation of activities undertaken under the Roadmap by Iran will be completed by 15 October 2015, and subsequently the Director General will provide by 15 December 2015 the final assessment on the resolution of all past and present outstanding issues to the Board of Governors, and the E3+3, in their capacity as members of the Board of Governors, will submit a resolution to the Board of Governors for taking necessary action, with a view to closing the issue, without prejudice to the competence of the Board of Governors.
15. Iran will allow the IAEA to monitor the implementation of the voluntary measures for their respective durations, as well as to implement transparency measures, as set out in this JCPOA and its Annexes. These measures include: a long-term IAEA presence in Iran; IAEA monitoring of uranium ore concentrate produced by Iran from all uranium ore concentrate plants for 25 years; containment and surveillance of centrifuge rotors and bellows for 20 years; use of IAEA approved and certified modern technologies including on-line enrichment measurement and electronic seals; and a reliable mechanism to ensure speedy resolution of IAEA access concerns for 15 years, as defined in Annex I.
16. Iran will not engage in activities, including at the R&D level, that could contribute to the development of a nuclear explosive device, including uranium or plutonium metallurgy activities, as specified in Annex I.
17. Iran will cooperate and act in accordance with the procurement channel in this JCPOA, as detailed in Annex IV, endorsed by the UN Security Council resolution.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

SANCTIONS

18. The UN Security Council resolution endorsing this JCPOA will terminate all provisions of previous UN Security Council resolutions on the Iranian nuclear issue - 1696 (2006), 1737 (2006), 1747 (2007), 1803 (2008), 1835 (2008), 1929 (2010) and 2224 (2015) –simultaneously with the IAEA-verified implementation of agreed nuclear-related measures by Iran and will establish specific restrictions, as specified in Annex V.¹
19. The EU will terminate all provisions of the EU Regulation, as subsequently amended, implementing all nuclear -related economic and financial sanctions, including related designations, simultaneously with the IAEA -verified implementation of agreed nuclear -related measures by Iran as specified in Annex V, which cover all sanctions and restrictive measures in the following areas, as described in Annex II:
 - i. Transfers of funds between EU persons and entities, including financial institutions, and Iranian persons and entities, including financial institutions;
 - ii. Banking activities, including the establishment of new correspondent banking relationships and the opening of new branches and subsidiaries of Iranian banks in the territories of EU Member States;
 - iii. Provision of insurance and reinsurance;
 - iv. Supply of specialised financial messaging services, including SWIFT, for persons and entities set out in Attachment 1 to Annex II, including the Central Bank of Iran and Iranian financial institutions;
 - v. Financial support for trade with Iran (export credit, guarantees or insurance);
 - vi. Commitments for grants, financial assistance and concessional loans to the Government of Iran;
 - vii. Transactions in public or public-guaranteed bonds;
 - viii. Import and transport of Iranian oil, petroleum products, gas and petrochemical products;

1 The provisions of this Resolution do not constitute provisions of this JCPOA.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- ix. Export of key equipment or technology for the oil, gas and petrochemical sectors;
 - x. Investment in the oil, gas and petrochemical sectors;
 - xi. Export of key naval equipment and technology;
 - xii. Design and construction of cargo vessels and oil tankers;
 - xiii. Provision of flagging and classification services;
 - xiv. Access to EU airports of Iranian cargo flights;
 - xv. Export of gold, precious metals and diamonds;
 - xvi. Delivery of Iranian banknotes and coinage;
 - xvii. Export of graphite, raw or semi-finished metals such as aluminium and steel, and export or software for integrating industrial processes;
 - xviii. Designation of persons, entities and bodies (asset freeze and visa ban) set out in Attachment 1 to Annex II; and
 - xix. Associated services for each of the categories above.
20. The EU will terminate all provisions of the EU Regulation implementing all EU proliferation-related sanctions, including related designations, 8 years after Adoption Day or when the IAEA has reached the Broader Conclusion that all nuclear material in Iran remains in peaceful activities, whichever is earlier.
21. The United States will cease the application, and will continue to do so, in accordance with this JCPOA of the sanctions specified in Annex II to take effect simultaneously with the IAEA -verified implementation of the agreed nuclear-related measures by Iran as specified in Annex V. Such sanctions cover the following areas as described in Annex II:
- i. Financial and banking transactions with Iranian banks and financial institutions as specified in Annex II, including the Central Bank of Iran and specified individuals and entities identified as Government of Iran by the Office of Foreign Assets Control on the Specially Designated Nationals and Blocked Persons List (SDN List), as set out in Attachment 3 to Annex II (including the opening and maintenance of correspondent and payable through-accounts at non-U.S. financial institutions, investments, foreign exchange transactions and letters of credit);

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- ii. Transactions in Iranian Rial;
- iii. Provision of U.S. banknotes to the Government of Iran;
- iv. Bilateral trade limitations on Iranian revenues abroad, including limitations on their transfer;
- v. Purchase, subscription to, or facilitation of the issuance of Iranian sovereign debt, including governmental bonds;
- vi. Financial messaging services to the Central Bank of Iran and Iranian financial institutions set out in Attachment 3 to Annex II;
- vii. Underwriting services, insurance, or reinsurance;
- viii. Efforts to reduce Iran's crude oil sales;
- ix. Investment, including participation in joint ventures, goods, services, information, technology and technical expertise and support for Iran's oil, gas and petrochemical sectors;
- x. Purchase, acquisition, sale, transportation or marketing of petroleum, petrochemical products and natural gas from Iran;
- xi. Export, sale or provision of refined petroleum products and petrochemical products to Iran;
- xii. Transactions with Iran's energy sector;
- xiii. Transactions with Iran's shipping and shipbuilding sectors and port operators;
- xiv. Trade in gold and other precious metals;
- xv. Trade with Iran in graphite, raw or semi-finished metals such as aluminum and steel, coal, and software for integrating industrial processes;
- xvi. Sanctions on associated services for each of the categories above;
- xvii. Remove individuals and entities set out in Attachment 3 to Annex II from the SDN List, the Foreign Sanctions Evaders List, and/or the Non-SDN Iran Sanctions Act List; and
- xviii. Terminate Executive Orders 13574, 13590, 13622, and 13645, and Sections 5 –7 and 15 of Executive Order 13628.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

22. The United States will, as specified in Annex II and in accordance with Annex V, allow for the sale of commercial passenger aircraft and related parts and services to Iran; license non-U.S. persons that are owned or controlled by a U.S. person to engage in activities with Iran consistent with this JCPOA; and license the importation into the United States of Iranian -origin carpets and foodstuffs.
23. Eight years after Adoption Day or when the IAEA has reached the Broader Conclusion that all nuclear material in Iran remains in peaceful activities, whichever is earlier, the United States will seek such legislative action as may be appropriate to terminate, or modify to effectuate the termination of, the sanctions specified in Annex II on the acquisition of nuclear-related commodities and services for nuclear activities contemplated in this JCPOA, to be consistent with the U.S. approach to other non-nuclear-weapon states under the NPT.
24. The E3/EU and the United States specify in Annex II a full and complete list of all nuclear-related sanctions or restrictive measures and will lift them in accordance with Annex V. Annex II also specifies the effects of the lifting of sanctions beginning on “Implementation Day”. If at any time following the Implementation Day, Iran believes that any other nuclear-related sanction or restrictive measure of the E3/EU+3 is preventing the full implementation of the sanctions lifting as specified in this JCPOA, the JCPOA participant in question will consult with Iran with a view to resolving the issue and, if they concur that lifting of this sanction or restrictive measure is appropriate, the JCPOA participant in question will take appropriate action. If they are not able to resolve the issue, Iran or any member of the E3/EU+3 may refer the issue to the Joint Commission.
25. If a law at the state or local level in the United States is preventing the implementation of the sanctions lifting as specified in this JCPOA, the United States will take appropriate steps, taking into account all available authorities, with a view to achieving such implementation. The United States will actively encourage officials at the state or local level to take into account the changes in the U.S. policy reflected in the lifting of sanctions under this JCPOA and to refrain from actions inconsistent with this change in policy.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

26. The EU will refrain from re-introducing or re-imposing the sanctions that it has terminated implementing under this JCPOA, without prejudice to the dispute resolution process provided for under this JCPOA. There will be no new nuclear-related UN Security Council sanctions and no new EU nuclear-related sanctions or restrictive measures. The United States will make best efforts in good faith to sustain this JCPOA and to prevent interference with the realisation of the full benefit by Iran of the sanctions lifting specified in Annex II. The U.S. Administration, acting consistent with the respective roles of the President and the Congress, will refrain from re-introducing or re-imposing the sanctions specified in Annex II that it has ceased applying under this JCPOA, without prejudice to the dispute resolution process provided for under this JCPOA. The U.S. Administration, acting consistent with the respective roles of the President and the Congress, will refrain from imposing new nuclear-related sanctions. Iran has stated that it will treat such a re-introduction or re-imposition of the sanctions specified in Annex II, or such an imposition of new nuclear-related sanctions, as grounds to cease performing its commitments under this JCPOA in whole or in part.
27. The E3/EU+3 will take adequate administrative and regulatory measures to ensure clarity and effectiveness with respect to the lifting of sanctions under this JCPOA. The EU and its Member States as well as the United States will issue relevant guidelines and make publicly accessible statements on the details of sanctions or restrictive measures which have been lifted under this JCPOA. The EU and its Member States and the United States commit to consult with Iran regarding the content of such guidelines and statements, on a regular basis and whenever appropriate.
28. The E3/EU+3 and Iran commit to implement this JCPOA in good faith and in a constructive atmosphere, based on mutual respect, and to refrain from any action inconsistent with the letter, spirit and intent of this JCPOA that would undermine its successful implementation. Senior Government officials of the E3/EU+3 and Iran will make every effort to support the successful implementation of this JCPOA including in their public statements.²The E3/EU+3 will take all measures required to lift sanctions and will refrain from imposing exceptional or

² 'Government officials' for the U.S. means senior officials of the U.S. Administration.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

discriminatory regulatory and procedural requirements in lieu of the sanctions and restrictive measures covered by the JCPOA.

29. The EU and its Member States and the United States, consistent with their respective laws, will refrain from any policy specifically intended to directly and adversely affect the normalisation of trade and economic relations with Iran inconsistent with their commitments not to undermine the successful implementation of this JCPOA.
30. The E3/EU+3 will not apply sanctions or restrictive measures to persons or entities for engaging in activities covered by the lifting of sanctions provided for in this JCPOA, provided that such activities are otherwise consistent with E3/EU+3 laws and regulations in effect. Following the lifting of sanctions under this JCPOA as specified in Annex II, ongoing investigations on possible infringements of such sanctions may be reviewed in accordance with applicable national laws.
31. Consistent with the timing specified in Annex V, the EU and its Member States will terminate the implementation of the measures applicable to designated entities and individuals, including the Central Bank of Iran and other Iranian banks and financial institutions, as detailed in Annex II and the attachments thereto. Consistent with the timing specified in Annex V, the United States will remove designation of certain entities and individuals on the Specially Designated Nationals and Blocked Persons List, and entities and individuals listed on the Foreign Sanctions Evaders List, as detailed in Annex II and the attachments thereto.
32. EU and E3+3 countries and international participants will engage in joint projects with Iran, including through IAEA technical cooperation projects, in the field of peaceful nuclear technology, including nuclear power plants, research reactors, fuel fabrication, agreed joint advanced R&D such as fusion, establishment of a state-of-the-art regional nuclear medical centre, personnel training, nuclear safety and security, and environmental protection, as detailed in Annex III. They will take necessary measures, as appropriate, for the implementation of these projects.
33. The E3/EU+3 and Iran will agree on steps to ensure Iran's access in areas of trade, technology, finance and energy. The EU will further explore possible areas for cooperation

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

between the EU, its Member States and Iran, and in this context consider the use of available instruments such as export credits to facilitate trade, project financing and investment in Iran.

IMPLEMENTATION PLAN

34. Iran and the E3/EU+3 will implement their JCPOA commitments according to the sequence specified in Annex V. The milestones for implementation are as follows:
- i. Finalisation Day is the date on which negotiations of this JCPOA are concluded among the E3/EU+3 and Iran, to be followed promptly by submission of the resolution endorsing this JCPOA to the UN Security Council for adoption without delay.
 - ii. Adoption Day is the date 90 days after the endorsement of this JCPOA by the UN Security Council, or such earlier date as may be determined by mutual consent of the JCPOA participants, at which time this JCPOA and the commitments in this JCPOA come into effect. Beginning on that date, JCPOA participants will make necessary arrangements and preparations for the implementation of their JCPOA commitments.
 - iii. Implementation Day is the date on which, simultaneously with the IAEA report verifying implementation by Iran of the nuclear -related measures described in Sections 15.1. to 15.11 of Annex V, the EU and the United States take the actions described in Sections 16 and 17 of Annex V respectively and in accordance with the UN Security Council resolution, the actions described in Section 18 of Annex V occur at the UN level.
 - iv. Transition Day is the date 8 years after Adoption Day or the date on which the Director General of the IAEA submits a report stating that the IAEA has reached the Broader Conclusion that all nuclear material in Iran remains in peaceful activities, whichever is earlier. On that date, the EU and the United States will take the actions described in Sections 20 and 21 of Annex V respectively and Iran will seek, consistent with the Constitutional roles of the President and Parliament, ratification of the Additional Protocol.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- v. UN Security Council resolution Termination Day is the date on which the UN Security Council resolution endorsing this JCPOA terminates according to its terms, which is to be 10 years from Adoption Day, provided that the provisions of previous resolutions have not been reinstated. On that date, the EU will take the actions described in Section 25 of Annex.
35. The sequence and milestones set forth above and in Annex V are without prejudice to the duration of JCPOA commitments stated in this JCPOA.

DISPUTE RESOLUTION MECHANISM

36. If Iran believed that any or all of the E3/EU +3 were not meeting their commitments under this JCPOA, Iran could refer the issue to the Joint Commission for resolution; similarly, if any of the E3/EU +3 believed that Iran was not meeting its commitments under this JCPOA, any of the E3/EU +3 could do the same. The Joint Commission would have 15 days to resolve the issue, unless the time period was extended by consensus. After Joint Commission consideration, any participant could refer the issue to Ministers of Foreign Affairs, if it believed the compliance issue had not been resolved. Ministers would have 15 days to resolve the issue, unless the time period was extended by consensus. After Joint Commission consideration –in parallel with (or in lieu of) review at the Ministerial level - either the complaining participant or the participant whose performance is in question could request that the issue be considered by an Advisory Board, which would consist of three members (one each appointed by the participants in the dispute and a third independent member). The Advisory Board should provide a non-binding opinion on the compliance issue within 15 days. If, after this 30-day process the issue is not resolved, the Joint Commission would consider the opinion of the Advisory Board for no more than 5 days in order to resolve the issue. If the issue still has not been resolved to the satisfaction of the complaining participant, and if the complaining participant deems the issue to constitute significant non-performance, then that participant could treat the unresolved issue as grounds to cease performing its commitments under this JCPOA in whole or in part and/or notify the UN Security Council that it believes the issue constitutes significant non-performance.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

37. Upon receipt of the notification from the complaining participant, as described above, including a description of the good-faith efforts the participant made to exhaust the dispute resolution process specified in this JCPOA, the UN Security Council, in accordance with its procedures, shall vote on a resolution to continue the sanctions lifting. If the resolution described above has not been adopted within 30 days of the notification, then the provisions of the old UN Security Council resolutions would be re-imposed, unless the UN Security Council decides otherwise. In such event, these provisions would not apply with retroactive effect to contracts signed between any party and Iran or Iranian individuals and entities prior to the date of application, provided that the activities contemplated under and execution of such contracts are consistent with this JCPOA and the previous and current UN Security Council resolutions. The UN Security Council, expressing its intention to prevent the reapplication of the provisions if the issue giving rise to the notification is resolved within this period, intends to take into account the views of the States involved in the issue and any opinion on the issue of the Advisory Board. Iran has stated that if sanctions are reinstated in whole or in part, Iran will treat that as grounds to cease performing its commitments under this JCPOA in whole or in part.

JCPOA Annex I – Nuclear -related measures

A. GENERAL

1. The sequence of implementation of the commitments detailed in this Annex is specified in Annex V to the Joint Comprehensive Plan of Action (JCPOA). Unless otherwise specified, the durations of the commitments in this Annex are from Implementation Day.

B. ARAK HEAVY WATER RESEARCH REACTOR

2. Iran will modernise the Arak heavy water research reactor to support peaceful nuclear research and radioisotopes production for medical and industrial purposes. Iran will redesign and rebuild the reactor, based on the agreed conceptual design (as attached to this Annex) to support its peaceful nuclear research and production needs and purposes, including testing of fuel pins and assembly prototypes and structural materials. The design will be such as to minimise the production of plutonium and not

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

to produce weapon-grade plutonium in normal operation. The power of the redesigned reactor will not exceed 20 MWth. The E3/EU+3 and Iran share the understanding that the parameters in the conceptual design are subject to possible and necessary adjustments in developing the final design while fully preserving the above-mentioned purposes and principles of modernisation.

3. Iran will not pursue construction at the existing unfinished reactor based on its original design and will remove the existing calandria and retain it in Iran. The calandria will be made inoperable by filling any openings in the calandria with concrete such that the IAEA can verify that it will not be usable for a future nuclear application. In redesigning and reconstructing of the modernized Arak heavy water research reactor, Iran will maximise the use of existing infrastructure already installed at the current Arak research reactor.
4. Iran will take the leadership role as the owner and as the project manager, and have responsibility for overall implementation of the Arak modernisation project, with E3/EU+3 participants assuming responsibilities regarding the modernisation of the Arak reactor as described in this Annex. A Working Group composed of E3/EU+3 participants will be established to facilitate the redesigning and rebuilding of the reactor. An international partnership composed of Iran and the Working Group would implement the Arak modernisation project. The Working Group could be enlarged to include other countries by consensus of the participants of the Working Group and Iran. E3/EU+3 participants and Iran will conclude an official document expressing their strong commitments to the Arak modernisation project in advance of Implementation Day which would provide an assured path forward to modernise the reactor and would define the responsibilities assumed by the E3/EU+3 participants, and subsequently contracts would be concluded. The participants of the Working Group will provide assistance needed by Iran for redesigning and rebuilding the reactor, consistent with their respective national laws, in such a manner as to enable the safe and timely construction and commissioning of the modernised reactor.
5. Iran and the Working Group will cooperate to develop the final design of the modernised reactor and the design of the subsidiary laboratories to be carried out by Iran, and review conformity with international safety standards, such that the

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

reactor can be licensed by the relevant Iranian regulatory authority for commissioning and operation. The final design of the modernised reactor and the design of the subsidiary laboratories will be submitted to the Joint Commission. The Joint Commission will aim to complete its review and endorsement within three months after the submission of the final design. If the Joint Commission does not complete its review and endorsement within three months, Iran could raise the issue through the dispute resolution mechanism envisaged by this JCPOA.

6. The IAEA will monitor the construction and report to the Working Group for confirmation that the construction of the modernised reactor is consistent with the approved final design.
7. As the project manager, Iran will take responsibility for the construction efforts. E3/EU+3 parties will, consistent with their national laws, take appropriate administrative, legal, technical, and regulatory measures to support co-operation. E3/EU+3 parties will support the purchase by Iran, the transfer and supply of necessary materials, equipment, instrumentation and control systems and technologies required for the construction of the redesigned reactor, through the mechanism established by this JCPOA, as well as through exploration of relevant funding contributions.
8. E3/EU+3 parties will also support and facilitate the timely and safe construction of the modernized Arak reactor and its subsidiary laboratories, upon request by Iran, through IAEA technical cooperation if appropriate, including but not limited to technical and financial assistance, supply of required materials and equipment, state-of-the-art instrumentation and control systems and equipment and support for licensing and authorization.
9. The redesigned reactor will use up to 3.67 percent enriched uranium in the form of UO₂ with a mass of approximately 350 kg of UO₂ in a full core load, with a fuel design to be reviewed and approved by the Joint Commission. The international partnership with the participation of Iran will fabricate the initial fuel core load for the reactor outside Iran. The international partnership will cooperate with Iran, including through technical assistance, to fabricate, test and license fuel fabrication capabilities in Iran for subsequent fuel core reloads for future use with this reactor. Destructive and non-destructive

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

testing of this fuel including Post-Irradiation-Examination (PIE) will take place in one of the participating countries outside of Iran and that country will work with Iran to license the subsequent fuel fabricated in Iran for the use in the redesigned reactor under IAEA monitoring.

10. Iran will not produce or test natural uranium pellets, fuel pins or fuel assemblies, which are specifically designed for the support of the originally designed Arak reactor, designated by the IAEA as IR-40. Iran will store under IAEA continuous monitoring all existing natural uranium pellets and IR-40 fuel assemblies until the modernised Arak reactor becomes operational, at which point these natural uranium pellets and IR-40 fuel assemblies will be converted to UNH, or exchanged with an equivalent quantity of natural uranium. Iran will make the necessary technical modifications to the natural uranium fuel production process line that was intended to supply fuel for the IR-40 reactor design, such that it can be used for the fabrication of the fuel reloads for the modernised Arak reactor.
11. All spent fuel from the redesigned Arak reactor, regardless of its origin, for the lifetime of the reactor, will be shipped out of Iran to a mutually determined location in E3/EU+3 countries or third countries, for further treatment or disposition as provided for in relevant contracts to be concluded, consistent with national laws, with the recipient party, within one year from the unloading from the reactor or whenever deemed to be safe for transfer by the recipient country.
12. Iran will submit the DIQ of the redesigned reactor to the IAEA which will include information on the planned radio-isotope production and reactor operation programme. The reactor will be operated under IAEA monitoring.
13. Iran will operate the Fuel Manufacturing Plant only to produce fuel assemblies for light water reactors and reloads for the modernized Arak reactor.

C. HEAVY WATER PRODUCTION PLANT

14. All excess heavy water which is beyond Iran 's needs for the modernised Arak research reactor, the Zero power heavy water reactor, quantities needed for medical research and production of deuterate solutions and chemical compounds including, where appropriate, contingency stocks, will be made available for export to the international market based on international prices

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

and delivered to the international buyer for 15 years. Iran's needs, consistent with the parameters above, are estimated to be 130 metric tonnes of nuclear grade heavy water or its equivalent in different enrichments prior to commissioning of the modernised Arak research reactor, and 90 metric tonnes after the commissioning, including the amount contained in the reactor.

15. Iran will inform the IAEA about the inventory and the production of the HWPP and will allow the IAEA to monitor the quantities of the heavy water stocks and the amount of heavy water produced, including through IAEA visits, as requested, to the HWPP.

D. OTHER REACTORS

16. Consistent with its plan, Iran will keep pace with the trend of international technological advancement in relying only on light water for its future nuclear power and research reactors with enhanced international cooperation including assurances of supply of necessary fuel.
17. Iran intends to ship out all spent fuel for all future and present nuclear power and research reactors, for further treatment or disposition as provided for in relevant contracts to be concluded consistent with national laws with the recipient party.

E. SPENT FUEL REPROCESSING ACTIVITIES

18. For 15 years Iran will not, and does not intend to thereafter, engage in any spent fuel reprocessing or spent fuel reprocessing R&D activities. For the purpose of this annex, spent fuel includes all types of irradiated fuel.
19. For 15 years Iran will not, and does not intend to thereafter, reprocess spent fuel except for irradiated enriched uranium targets for production of radio-isotopes for medical and peaceful industrial purposes.
20. For 15 years Iran will not, and does not intend to thereafter, develop, acquire or build facilities capable of separation of plutonium, uranium or neptunium from spent fuel or from fertile targets, other than for production of radio-isotopes for medical and peaceful industrial purposes.
21. For 15 years, Iran will only develop, acquire, build, or operate hot cells (containing a cell or interconnected cells), shielded

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

cells or shielded glove boxes with dimensions less than 6 cubic meters in volume compatible with the specifications set out in Annex I of the Additional Protocol. These will be co-located with the modernised Arak research reactor, the Tehran Research Reactor, and radio-medicine production complexes, and only capable of the separation and processing of industrial or medical isotopes and non-destructive PIE. The needed equipment will be acquired through the procurement mechanism established by this JCPOA. For 15 years, Iran will develop, acquire, build, or operate hot cells (containing a cell or interconnected cells), shielded cells or shielded glove boxes with dimensions beyond 6 cubic meters in volume and specifications set out in Annex I of the Additional Protocol, only after approval by the Joint Commission.

22. The E3/EU+3 are ready to facilitate all of the destructive and non-destructive examinations on fuel elements and/or fuel assembly prototypes including PIE for all fuel fabricated in or outside Iran and irradiated in Iran, using their existing facilities outside Iran. Except for the Arak research reactor complex, Iran will not develop, build, acquire or operate hot cells capable of performing PIE or seek to acquire equipment to build/develop such a capability, for 15 years.
23. For 15 years, in addition to continuing current fuel testing activities at the TRR, Iran will undertake non-destructive post irradiation examination (PIE) of fuel pins, fuel assembly prototypes and structural materials. These examinations will be exclusively at the Arak research reactor complex. However, the E3/EU+3 will make available their facilities to conduct destructive testing with Iranian specialists, as agreed. The hot cells at the Arak research reactor in which non-destructive PIE are performed will not be physically interconnected to cells that process or handle materials for the production of medical or industrial radioisotopes.
24. For 15 years, Iran will not engage in producing or acquiring plutonium or uranium metals or their alloys, or conducting R&D on plutonium or uranium (or their alloys) metallurgy, or casting, forming, or machining plutonium or uranium metal.
25. Iran will not produce, seek, or acquire separated plutonium, highly enriched uranium (defined as 20% or greater uranium-235), or uranium-233, or neptunium-237 (except for use as laboratory standards or in instruments using neptunium-237) for 15 years.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

26. If Iran seeks to initiate R&D on uranium metal based TRR fuel in small agreed quantities after 10 years and before 15 years, Iran will present its plan to, and seek approval by, the Joint Commission.

F. ENRICHMENT CAPACITY

27. Iran will keep its enrichment capacity at no more than 5060 IR-1 centrifuge machines in no more than 30 cascades in their current configurations in currently operating units at the Natanz Fuel Enrichment Plant (FEP) for 10 years.
28. Iran will keep its level of uranium enrichment at up to 3.67 per cent for 15 years.
29. Iran will remove the following excess centrifuges and infrastructure not associated with 5060 IR -1 centrifuges in FEP, which will be stored at Natanz in Hall B of FEP under IAEA continuous monitoring:
- 29.1. All excess centrifuge machines, including I-2m centrifuges. Excess IR-1 centrifuges will be used for the replacement of failed or damaged centrifuges of the same type on a one-for-one basis.
- 29.2. UF6 pipework including sub headers, valves and pressure transducers at cascade level, and frequency inverters, and UF6 withdrawal equipment from one of the withdrawal stations, which is currently not in service, including its vacuum pumps and chemical traps.
30. For the purpose of this Annex, the IAEA will confirm through the established practice the failed or damaged status of centrifuge machines before removal.
31. For 15 years, Iran will install gas centrifuge machines, or enrichment-related infrastructure, whether suitable for uranium enrichment, research and development, or stable isotope enrichment, exclusively at the locations and for the activities specified under this JCPOA.

G. CENTRIFUGES RESEARCH AND DEVELOPMENT

32. Iran will continue to conduct enrichment R&D in a manner that does not accumulate enriched uranium. For 10 years and consistent with its enrichment R&D plan, Iran's enrichment R&D with uranium will only include IR-4, IR-5, IR-6 and IR-8

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

centrifuges. Mechanical testing on up to two single centrifuges for each type will be carried out only on the IR-2m, IR-4, IR-5, IR-6, IR-6s, IR-7 and IR-8. Iran will build or test, with or without uranium, only those gas centrifuges specified in this JCPOA.

33. Consistent with its plan, Iran will continue working with the 164-machine IR-2m cascade at PFEP in order to complete the necessary tests until 30 November 2015 or the day of implementation of this JCPOA, whichever comes later, and after that it will take these machines out of the PFEP and store them under IAEA continuous monitoring at Natanz in Hall B of FEP.
34. Consistent with its plan, Iran will continue working with the 164-machine IR-4 cascade at PFEP in order to complete the necessary tests until 30 November 2015 or the day of implementation of this JCPOA, whichever comes later, and after that it will take these machines out of the PFEP and store them under IAEA continuous monitoring at Natanz in Hall B of FEP.
35. Iran will continue the testing of a single IR-4 centrifuge machine and IR-4 centrifuge cascade of up to 10 centrifuge machines for 10 years.
36. Iran will test a single IR-5 centrifuge machine for 10 years.
37. Iran will continue testing of the IR-6 on single centrifuge machines and its intermediate cascades and will commence testing of up to 30 centrifuge machines from one and a half years before the end of year 10. Iran will proceed from single centrifuge machines and small cascades to intermediate cascades in a logical sequence.
38. Iran will commence, upon start of implementation of the JCPOA, testing of the IR-8 on single centrifuge machines and its intermediate cascades and will commence the testing of up to 30 centrifuges machines from one and a half years before the end of year 10. Iran will proceed from single centrifuges to small cascades to intermediate cascades in a logical sequence.
39. For 10 years, Iran, consistent with the established practice, will recombine the enriched and depleted streams from the IR-6 and IR-8 cascades through the use of welded pipework on withdrawal main headers in a manner that precludes the withdrawal of enriched and depleted uranium materials and verified by the IAEA.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

40. For 15 years, Iran will conduct all testing of centrifuges with uranium only at the PFEP. Iran will conduct all mechanical testing of centrifuges only at the PFEP and the Tehran Research Centre.
41. For the purpose of adapting PFEP to the R&D activities in the enrichment and enrichment R&D plan, Iran will remove all centrifuges except those needed for testing as described in the relevant paragraphs above, except for the IR-1 cascade (No. 1) as described below. For the full IR-1 cascade (No. 6), Iran will modify associated infrastructure by removing UF6 pipework, including sub-headers, valves and pressure transducers at cascade level, and frequency inverters. The IR-1 cascade (No. 1) centrifuges will be kept but made inoperable, as verified by the IAEA, through the removal of centrifuge rotors and the injection of epoxy resin into the sub headers, feeding, product, and tails pipework, and the removal of controls and electrical systems for vacuum, power and cooling. Excess centrifuges and infrastructure will be stored at Natanz in Hall B of FEP under IAEA continuous monitoring. The R&D space in line No. 6 will be left empty until Iran needs to use it for its R&D programme.
42. Consistent with the activities in the enrichment and enrichment R&D plan, Iran will maintain the cascade infrastructure for testing of single centrifuges and small and intermediate cascades in two R&D lines (No. 2 and No. 3) and will adapt two other lines (No. 4 and No. 5) with infrastructure similar to that for lines No. 2 and No. 3 in order to enable future R&D activities as specified in this JCPOA. Adaptation will include modification of all UF6 pipework (including removal of all sub headers except as agreed as needed for the R&D programme) and associated instrumentation to be compatible with single centrifuges and small and intermediate cascade testing instead of full scale testing.
43. Consistent with its plan and internationally established practices, Iran intends to continue R&D on new types of centrifuges through computer modelling and simulations, including at universities. For any such project to proceed to a prototype stage for mechanical testing within 10 years, a full presentation to, and approval by, the Joint Commission is needed.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

H. FORDOW FUEL ENRICHMENT PLANT

44. The Fordow Fuel Enrichment Plant (FFEP) will be converted into a nuclear, physics, and technology centre and international collaboration will be encouraged in agreed areas of research. The Joint Commission will be informed in advance of the specific projects that will be undertaken at Fordow.
45. Iran will not conduct any uranium enrichment or any uranium enrichment related R&D and will have no nuclear material at the Fordow Fuel Enrichment Plant (FFEP) for 15 years.
46. For 15 years, Iran will maintain no more than 1044 IR-1 centrifuge machines at one wing of the FFEP of which:
 - 46.1. Two cascades that have not experienced UF₆ before will be modified for the production of stable isotopes. The transition to stable isotope production of these cascades at FFEP will be conducted in joint partnership between the Russian Federation and Iran on the basis of arrangements to be mutually agreed upon. To prepare these two cascades for installation of a new cascade architecture appropriate for stable isotope production by the joint partnership, Iran will remove the connection to the UF₆ feed main header, and move cascade UF₆ pipework (except for the dump line in order to maintain vacuum) to storage in Fordow under IAEA continuous monitoring. The Joint Commission will be informed about the conceptual framework of stable isotope production at FFEP.
 - 46.2. For four cascades with all associated infrastructure remaining except for pipework that enables crossover tandem connections, two will be placed in an idle state, not spinning. The other two cascades will continue to spin until the transition to stable isotope production described in the previous subparagraph has been completed. Upon completion of the transition to stable isotope production described in the previous subparagraph, these two spinning cascades will be placed in an idle state, not spinning.
47. Iran will:
 - 47.1. remove the other 2 cascades of IR-1 centrifuges from this wing, by removing all centrifuges and cascade UF₆ pipework, including sub-headers, valves and pressure transducers at cascade level, and frequency inverters.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- 47.2. also subsequently remove cascade electrical cabling, individual cascade control cabinets and vacuum pumps. All these excess centrifuges and infrastructure will be stored at Natanz in Hall B of FEP under IAEA continuous monitoring.
48. Iran will:
- 48.1. remove all excess centrifuges and uranium enrichment related infrastructure from the other wing of the FFEP. This will include removal of all centrifuges and UF₆ pipework, including sub headers, valves and pressure gauges and transducers, and frequency inverters and converters, and UF₆ feed and withdrawal stations.
- 48.2. also subsequently remove cascade electrical cabling, individual cascade control cabinets, vacuum pumps and centrifuge mounting blocks. All these excess centrifuges and infrastructure will be stored at Natanz in Hall B of FEP under IAEA continuous monitoring.
49. Centrifuges from the four idle cascades may be used for the replacement of failed or damaged centrifuges in stable isotope production at Fordow.
50. Iran will limit its stable isotope production activities with gas centrifuges to the FFEP for 15 years and will use no more than 348 IR-1 centrifuges for these activities at the FFEP. The associated R&D activities in Iran will occur at the FFEP and at Iran's declared and monitored centrifuge manufacturing facilities for testing, modification and balancing these IR-1 centrifuges.
51. The IAEA will establish a baseline for the amount of uranium legacy from past enrichment operations that will remain in Fordow. Iran will permit the IAEA regular access, including daily as requested by the IAEA, access to the FFEP in order to monitor Iran's production of stable isotopes and the absence of undeclared nuclear material and activities at the FFEP for 15 years.

I. OTHER ASPECTS OF ENRICHMENT

52. Iran will abide by its voluntary commitments as expressed in its own long term enrichment and enrichment R&D plan to be submitted as part of the initial declaration described in Article 2 of the Additional Protocol.¹ The IAEA will confirm on an

¹ Iran will permit the IAEA to share the content of the enrichment and enrichment R&D plan, as submitted as part of the initial declaration, with the Joint Commission participants.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

annual basis, for the duration of the plan that the nature and scope and scale of Iran's enrichment and enrichment R&D activities are in line with this plan.

53. Iran will start to install necessary infrastructure for the IR-8 at Natanz in Hall B of FEP after year 10.
54. An agreed template for describing different centrifuge types (IR-1, IR-2m, IR-4, IR-5, IR-6, IR-6s, IR-7, IR-8) and the associated definitions need to be accomplished by implementation day.
55. An agreed procedure for measuring IR-1, IR-2m and IR-4 centrifuge performance data needs to be accomplished by implementation day.

J. URANIUM STOCKS AND FUELS

56. Iran will maintain a total enriched uranium stockpile of no more than 300 kg of up to 3.67% enriched uranium hexafluoride (or the equivalent in different chemical forms) for 15 years.
57. All enriched uranium hexafluoride in excess of 300 kg of up to 3.67% enriched UF₆ (or the equivalent in different chemical forms) will be down blended to natural uranium level or be sold on the international market and delivered to the international buyer in return for natural uranium delivered to Iran. Iran will enter into a commercial contract with an entity outside Iran for the purchase and transfer of its enriched uranium stockpile in excess of 300 kg UF₆ in return for natural uranium delivered to Iran. The E3/EU+3 will facilitate, where applicable, the conclusion and implementation of this contract. Iran may choose to seek to sell excess enriched uranium to the IAEA fuel bank in Kazakhstan when the fuel bank becomes operational.
58. All uranium oxide enriched to between 5% and 20% will be fabricated into fuel plates for the Tehran Research Reactor or transferred, based on a commercial transaction, outside of Iran or diluted to an enrichment level of 3.67% or less. Scrap oxide and other forms not in plates that cannot be fabricated into TRR fuel plates will be transferred, based on a commercial transaction, outside of Iran or diluted to an enrichment level of 3.67% or less. In case of future supply of 19.75% enriched uranium oxide (U₃O₈) for TRR fuel plates fabrication, all scrap oxide and other forms not in plates that cannot be fabricated into TRR fuel plates, containing uranium enriched to between

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

5% and 20%, will be transferred, based on a commercial transaction, outside of Iran or diluted to an enrichment level of 3.67% or less within 6 months of its production. Scrap plates will be transferred, based on a commercial transaction, outside Iran. The commercial transactions should be structured to return an equivalent amount of natural uranium to Iran. For 15 years, Iran will not build or operate facilities for converting fuel plates or scrap back to UF₆.

59. Russian designed, fabricated and licensed fuel assemblies for use in Russian supplied reactors in Iran do not count against the 300 kg UF₆ stockpile limit. Enriched uranium in fabricated fuel assemblies from other sources outside of Iran for use in Iran's nuclear research and power reactors, including those which will be fabricated outside of Iran for the initial fuel load of the modernised Arak research reactor, which are certified by the fuel supplier and the appropriate Iranian authority to meet international standards, will not count against the 300 kg UF₆ stockpile limit. The Joint Commission will establish a Technical Working Group with the goal of enabling fuel to be fabricated in Iran while adhering to the agreed stockpile parameters (300 kg of up to 3.67 % enriched UF₆ or the equivalent in different chemical forms). This Technical Working Group will also, within one year, work to develop objective technical criteria for assessing whether fabricated fuel and its intermediate products can be readily converted to UF₆. Enriched uranium in fabricated fuel assemblies and its intermediate products manufactured in Iran and certified to meet international standards, including those for the modernised Arak research reactor, will not count against the 300 kg UF₆ stockpile limit provided the Technical Working Group of the Joint Commission approves that such fuel assemblies and their intermediate products cannot be readily reconverted into UF₆. This could for instance be achieved through impurities (e.g. burnable poisons or otherwise) contained in fuels or through the fuel being in a chemical form such that direct conversion back to UF₆ would be technically difficult without dissolution and purification. The objective technical criteria will guide the approval process of the Technical Working Group. The IAEA will monitor the fuel fabrication process for any fuel produced in Iran to verify that the fuel and intermediate products comport with the fuel fabrication process that was approved by the Technical Working Group. The Joint Commission

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

will also support assistance to Iran including through IAEA technical cooperation as appropriate, in meeting international qualification standards for nuclear fuel produced by Iran.

60. Iran will seek to enter into a commercial contract with entities outside Iran for the purchase of fuel for the TRR and enriched uranium targets. The E3/EU+3 will facilitate, as needed, the conclusion and implementation of this contract. In the case of lack of conclusion of a contract with a fuel supplier, E3/EU+3 will supply a quantity of 19.75% enriched uranium oxide (U3O8) and deliver to Iran, exclusively for the purpose of fabrication in Iran of fuel for the TRR and enriched uranium targets for the lifetime of the reactor. This 19.75% enriched uranium oxide (U3O8) will be supplied in increments no greater than approximately 5 kg and each new increment will be provided only when the previous increment of this material has been verified by the IAEA to have been mixed with aluminum to make fuel for the TRR or fabricated into enriched uranium targets. Iran will notify the E3/EU+3 within 2 year before the contingency of TRR fuel will be exhausted in order to have the uranium oxide available 6 months before the end of the 2 year period.

K. CENTRIFUGE MANUFACTURING

61. Consistent with its enrichment and enrichment R&D plan, Iran will only engage in production of centrifuges, including centrifuge rotors suitable for isotope separation or any other centrifuge components, to meet the enrichment and enrichment R&D requirements of this Annex.
62. Consistent with its plan, Iran will use the stock of IR-1 centrifuge machines in storage, which are in excess of the remaining 5060 IR-1 centrifuges in Natanz and the IR-1 centrifuges installed at Fordow, for the replacement of failed or damaged machines. Whenever during the 10 year period from the start of the implementation of the JCPOA, the level of stock of IR-1 machines falls to 500 or below, Iran may maintain this level of stock by resuming production of IR-1 machines at a rate up to the average monthly crash rate without exceeding the stock of 500.
63. Consistent with its plan, at the end of year 8, Iran will commence manufacturing of IR-6 and IR-8 centrifuges without rotors through year 10 at a rate of up to 200 centrifuges per year for

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

each type. After year 10, Iran will produce complete centrifuges with the same rate to meet its enrichment and enrichment R&D needs. Iran will store them at Natanz in an above ground location, under IAEA continuous monitoring, until they are needed for final assembly according to the enrichment and enrichment R&D plan.

L. ADDITIONAL PROTOCOL AND MODIFIED CODE 3.1 64.

64. Iran will notify the IAEA of provisional application of the Additional Protocol to its Safeguards Agreement in accordance with Article 17(b) of the Additional Protocol pending its entry into force, and subsequently seek ratification and entry into force, consistent with the respective roles of the President and the Majlis (Parliament).
65. Iran will notify the IAEA that it will fully implement the Modified Code 3.1 of the Subsidiary Arrangement to Iran's Safeguards Agreement as long as the Safeguards Agreement remains in force.

M. PAST AND PRESENT ISSUES OF CONCERN

66. Iran will complete all activities as set out in paragraphs 2, 4, 5, and 6 of the "Roadmap for Clarification of Past and Present Outstanding Issues", as verified by the IAEA in its regular updates by the Director General of the IAEA on the implementation of this Roadmap.

N. MODERN TECHNOLOGIES AND LONG TERM PRESENCE OF IAEA

67. For the purpose of increasing the efficiency of monitoring for this JCPOA, for 15 years or longer, for the specified verification measures:
- 67.1. Iran will permit the IAEA the use of on-line enrichment measurement and electronic seals which communicate their status within nuclear sites to IAEA inspectors, as well as other IAEA approved and certified modern technologies in line with internationally accepted IAEA practice. Iran will facilitate automated collection of IAEA measurement recordings registered by installed measurement devices and sending to IAEA working space in individual nuclear sites.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

67.2. Iran will make the necessary arrangements to allow for a long-term IAEA presence, including issuing long-term visas, as well as providing proper working space at nuclear sites and, with best efforts, at locations near nuclear sites in Iran for the designated IAEA inspectors for working and keeping necessary equipment.

67.3. Iran will increase the number of designated IAEA inspectors to the range of 130-150 within 9 months from the date of the implementation of the JCPOA, and will generally allow the designation of inspectors from nations that have diplomatic relations with Iran, consistent with its laws and regulations.

O. TRANSPARENCY RELATED TO URANIUM ORE CONCENTRATE (UOC)

68. Iran will permit the IAEA to monitor, through agreed measures that will include containment and surveillance measures, for 25 years, that all uranium ore concentrate produced in Iran or obtained from any other source, is transferred to the uranium conversion facility (UCF) in Esfahan or to any other future uranium conversion facility which Iran might decide to build in Iran within this period.

69. Iran will provide the IAEA with all necessary information such that the IAEA will be able to verify the production of the uranium ore concentrate and the inventory of uranium ore concentrate produced in Iran or obtained from any other source for 25 years.

P. TRANSPARENCY RELATED TO ENRICHMENT

70. For 15 years, Iran will permit the IAEA to implement continuous monitoring, including through containment and surveillance measures, as necessary, to verify that stored centrifuges and infrastructure remain in storage, and are only used to replace failed or damaged centrifuges, as specified in this Annex.

71. Iran will permit the IAEA regular access, including daily access as requested by the IAEA, to relevant buildings at Natanz, including all parts of the FEP and PFEP, for 15 years.

72. For 15 years, the Natanz enrichment site will be the sole location for all of Iran's uranium enrichment related activities including safeguarded R&D.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

73. Iran intends to apply nuclear export policies and practices in line with the internationally established standards for the export of nuclear material, equipment and technology. For 15 years, Iran will only engage, including through export of any enrichment or enrichment related equipment and technology, with any other country, or with any foreign entity in enrichment or enrichment related activities, including related research and development activities, following approval by the Joint Commission.

Q. ACCESS

74. Requests for access pursuant to provisions of this JCPOA will be made in good faith, with due observance of the sovereign rights of Iran, and kept to the minimum necessary to effectively implement the verification responsibilities under this JCPOA. In line with normal international safeguards practice, such requests will not be aimed at interfering with Iranian military or other national security activities, but will be exclusively for resolving concerns regarding fulfilment of the JCPOA commitments and Iran's other non-proliferation and safeguards obligations. The following procedures are for the purpose of JCPOA implementation between the E3/EU+3 and Iran and are without prejudice to the safeguards agreement and the Additional Protocol thereto. In implementing this procedure as well as other transparency measures, the IAEA will be requested to take every precaution to protect commercial, technological and industrial secrets as well as other confidential information coming to its knowledge.
75. In furtherance of implementation of the JCPOA, if the IAEA has concerns regarding undeclared nuclear materials or activities, or activities inconsistent with the JCPOA, at locations that have not been declared under the comprehensive safeguards agreement or Additional Protocol, the IAEA will provide Iran the basis for such concerns and request clarification.
76. If Iran's explanations do not resolve the IAEA's concerns, the Agency may request access to such locations for the sole reason to verify the absence of undeclared nuclear materials and activities or activities inconsistent with the JCPOA at such locations. The IAEA will provide Iran the reasons for access in writing and will make available relevant information.
77. Iran may propose to the IAEA alternative means of resolving the IAEA's concerns that enable the IAEA to verify the absence

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

of undeclared nuclear materials and activities or activities inconsistent with the JCPOA at the location in question, which should be given due and prompt consideration.

78. If the absence of undeclared nuclear materials and activities or activities inconsistent with the JCPOA cannot be verified after the implementation of the alternative arrangements agreed by Iran and the IAEA, or if the two sides are unable to reach satisfactory arrangements to verify the absence of undeclared nuclear materials and activities or activities inconsistent with the JCPOA at the specified locations within 14 days of the IAEA's original request for access, Iran, in consultation with the members of the Joint Commission, would resolve the IAEA's concerns through necessary means agreed between Iran and the IAEA. In the absence of an agreement, the members of the Joint Commission, by consensus or by a vote of 5 or more of its 8 members, would advise on the necessary means to resolve the IAEA's concerns. The process of consultation with, and any action by, the members of the Joint Commission would not exceed 7 days, and Iran would implement the necessary means within 3 additional days.

**R. CENTRIFUGE COMPONENT MANUFACTURING
TRANSPARENCY**

79. Iran and the IAEA will take the necessary steps for containment and surveillance on centrifuge rotor tubes and bellows for 20 years.
80. In this context:
- 80.1. Iran will provide the IAEA with an initial inventory of all existing centrifuge rotor tubes and bellows and subsequent reports on changes in such inventory and will permit the IAEA to verify the inventory by item counting and numbering, and through containment and surveillance, of all rotor tubes and bellows, including in all existing and newly produced centrifuges.
- 80.2. Iran will declare all locations and equipment, namely flow-forming machines, filament-winding machines and mandrels that are used for production of centrifuge rotor tubes or bellows, and will permit the IAEA to implement continuous monitoring, including through containment and surveillance on this equipment, to verify that this equipment is being used to manufacture centrifuges only for the activities specified in this JCPOA.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

S. OTHER URANIUM ISOTOPE SEPARATION ACTIVITIES

81. For 10 years, Iran's uranium isotope separation-related research and development or production activities will be exclusively based on gaseous centrifuge technology.² Iran will permit IAEA access to verify that uranium isotope separation production and R&D activities are consistent with this Annex.

T. ACTIVITIES WHICH COULD CONTRIBUTE TO THE DESIGN AND DEVELOPMENT OF A NUCLEAR EXPLOSIVE DEVICE

82. Iran will not engage in the following activities which could contribute to the development of a nuclear explosive device:

82.1. Designing, developing, acquiring, or using computer models to simulate nuclear explosive devices.

82.2. Designing, developing, fabricating, acquiring, or using multi-point explosive detonation systems suitable for a nuclear explosive device, unless approved by the Joint Commission for non-nuclear purposes and subject to monitoring. 82.3. Designing, developing, fabricating, acquiring, or using explosive diagnostic systems (streak cameras, framing cameras and flash x-ray cameras) suitable for the development of a nuclear explosive device, unless approved by the Joint Commission for non-nuclear purposes and subject to monitoring. 82.4. Designing, developing, fabricating, acquiring, or using explosively driven neutron sources or specialized materials for explosively driven neutron sources.

82.3. Designing, developing, fabricating, acquiring, or using explosive diagnostic systems (streak cameras, framing cameras and flash x-ray cameras) suitable for the development of a nuclear explosive device, unless approved by the Joint Commission for non-nuclear purposes and subject to monitoring.

82.4. Designing, developing, fabricating, acquiring, or using explosively driven neutron sources or specialized materials for explosively driven neutron sources.

2

For the purpose of this Annex, non-gaseous centrifuge uranium isotope separation-related research and development or production will include laser isotope separation systems, electromagnetic isotope separation systems, chemical exchange systems, gaseous diffusion systems, vortex and aerodynamic systems, and other such processes that separate uranium isotopes.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

Attachment: Arak conceptual design

Fundamental Principles:

- Maximize use of the current infrastructure of original design of Arak research reactor, designated by the IAEA as IR-40, according to their respective ratings.
- Modernizing of the original design in order to be a multi-purpose research reactor comprising radio-isotope production, structural materials and fuel (pins and assembly prototypes) testing and able to conduct other neutronic experiments which demand high neutron fluxes (more than 10^{14}).
- Using heavy water as coolant, moderator and reflector. Light water would be utilized as an annular ring around the compact new core for safety reasons if necessary.
- Around 78 fuel assemblies in a tight hexagonal grid spacing with the following preliminary characteristics will be loaded.
- Up to 3.67 percent enriched UO_2 , in the improved assembly design, will be used as fuel.
- Power will not exceed to 20 MWth.
- Adding different types of beam tubes to the existing beam tubes which being extended to the edge of the new compact core.
- Having one central channel in the center of the new core with passive cooling system for the purpose of structural materials and fuel pins and assembly prototypes testing with neutron flux beyond $2 \cdot 10^{14}$, twelve in-core irradiation channels (IIC) inside the core and twelve lateral irradiation channels (LIC) just next to the outer ring of fuel assemblies.
- The location of the in-core and lateral irradiation channels should be designed and fixed to meet the best anticipated performances.
- Consistent with relevant section of Annex 1, subsidiary laboratories are part of the modernization project of the Arak Research Reactor. In Addition, Annex III reinforce design and construction of subsidiary laboratories.
- The highest tolerable pressure for the first and second loop is 0.33 Mpa (at the interance of the reactor pit).
- The highest possible flow rate for coolant is 610 kg/s at the pressure of 0.33 MPa in the main piping system and 42 Kg/sec for Moderator with the same conditions.

Preliminary Characteristics:

Core Parameters	Values
Power (MW)	20
Number of fuel assemblies	~ 78
Active length (cm)	~ 110
Lattice configuration	Hexagonal
Fuel pellets Material	UO ₂
Fuel enrichment level	Up to 3.67 %
Clad material	Zr Alloys
Burnable poison	Yes, if necessary
Lattice pitch (cm)	~ 11
Coolant medium	D ₂ O
Moderator medium	D ₂ O
Reflector medium	D ₂ O
Reflector thickness (cm)	~ 50
Purity of D2O	~ 99.8%
Mass of D2O (mtons)	~ 60-70
Yearly makeup	Yes
K _{eff}	< 1.25
Core Excess reactivity (pcm)	< 20000
Cycle length (days) <small>approximatly</small>	~ 250

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

JCPOA Annex II – Sanctions-related commitments

The sequence of implementation of the commitments detailed in this Annex is specified in Annex V (Implementation Plan) to this Joint Comprehensive Plan of Action (JCPOA).

A. European Union¹

1. The EU and EU Member States commit to terminate all provisions of Council Regulation (EU) No 267/2012 (as subsequently amended) implementing all nuclear-related sanctions or restrictive measures as specified in Sections 1.1-1.10 below, to terminate all provisions of Council Decision 2010/413/CFSP (as subsequently amended), as specified in Sections 1.1-1.10 below, and to terminate or amend national implementing legislation as required, in accordance with Annex V:

1.1. Financial, banking and insurance measures²

- 1.1.1 Prohibition and authorisation regimes on financial transfers to and from Iran (Article 10 of Council Decision 2010/413/CFSP; Articles 30, 30a, 30b and 31 of Council Regulation (EU) No 267/2012);
- 1.1.2. Sanctions on banking activities (Article 11 of Council Decision 2010/413/CFSP; Article 33 of Council Regulation (EU) No 267/2012);
- 1.1.3. Sanctions on insurance (Article 12 of Council Decision 2010/413/CFSP; Article 35 of Council Regulation (EU) No 267/2012);
- 1.1.4. Sanctions on financial messaging services (Article 20(12) of Council Decision 2010/413/CFSP; Article 23(4) of Council Regulation (EU) No 267/2012);
- 1.1.5. Sanctions on financial support for trade with Iran (Article 8 of Council Decision 2010/413/CFSP); 1.1.6. Sanctions on grants, financial assistance and concessional loans (Article 9 of Council Decision 2010/413/CFSP);

¹ For the purposes of EU legislation, “Iranian person, entity or body” means:

- (i) the State of Iran or any public authority thereof;
- (ii) any natural person in, or resident in, Iran;
- (iii) any legal person, entity or body having its registered office in Iran;
- (iv) any legal person, entity or body, inside or outside Iran, owned or controlled directly or indirectly by one or more of the above mentioned persons or bodies.

² The headings and subheadings in this Annex are for descriptive purposes only.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

1.1.7. Sanctions on Government of Iran public-guaranteed bonds (Article 13 of Council Decision 2010/413/CFSP; Article 34 of Council Regulation (EU) No 267/2012); and

1.1.8. Sanctions on associated services³ for each of the categories above (see the references above).

1.2. Oil, gas and petrochemical sectors

1.2.1. Sanctions on the import of oil and gas from Iran (Articles 3a, 3c and 3e of Council Decision 2010/413/CFSP; Articles 11, 12 and 14a, and Annexes IV and IVA of Council Regulation (EU) No 267/2012);

1.2.2. Sanctions on the import of Iranian petrochemical products (Articles 3b and 3d of Council Decision 2010/413/CFSP; Articles 13 and 14, and Annex V of Council Regulation (EU) No 267/2012);

1.2.3. Sanctions on the export of key equipment for the oil, gas and petrochemical sectors (Articles 4, 4a and 4b of Council Decision 2010/413/CFSP; Articles 8, 9 and 10, and Annexes VI and VIA of Council Regulation (EU) No 267/2012);

1.2.4. Sanctions on investment in the oil, gas and petrochemical sectors (Articles 6, 6a and 7 of Council Decision 2010/413/CFSP; Articles 17(1), 17(2) (b) and (c), 17(3), 17(4), 17(5), 20 and 21 of Council Regulation (EU) No 267/2012); and

1.2.5. Sanctions on associated services for each of the categories above (see the references above).

1.3. Shipping, shipbuilding and transport sectors

1.3.1. Sanctions related to shipping and shipbuilding (Articles 4g, 4h, 8a, 18a and 18b of Council Decision 2010/413/CFSP; Articles 10a, 10b, 10c, 37a, and 37b, and Annex VIB of Council Regulation (EU) No 267/2012);

1.3.2. Sanctions related to the transport sector (Articles 15, 16, 17 and 18 of Council Decision 2010/413/CFSP; Articles 36 and 37 of Council Regulation (EU) No 267/2012); and

1.3.3. Sanctions on associated services for each of the categories above (see the references above).

³ For the purposes of this Annex, the term “associated services” means any service - including technical assistance, training, insurance, re-insurance, brokering, transportation or financial service - necessary and ordinarily incident to the underlying activity for which sanctions have been lifted pursuant to this JCPOA.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

1.4. Gold, other precious metals, banknotes and coinage

- 1.4.1. Sanctions on gold, precious metals and diamonds, banknotes and coinage (Articles 4c and 4d of Council Decision 2010/413/CFSP; Articles 15 and 16, and Annex VII of Council Regulation (EU) No 267/2012); and
- 1.4.2. Sanctions on associated services for each of the categories above (see the references above).

1.5. Nuclear proliferation-related measures

- 1.5.1. Sanctions related to proliferation-sensitive nuclear activities (goods and technology, investment and specialised training) (Articles 1(1) (a), (b), (d), (e), (2), (3) and (4), 2, 3, 5, 14 and 21 of Council Decision 2010/413/CFSP; Articles 2, 3, 4, 5, 6,7, 17(1) and (2) (a), 18, 19 and 22, and Annexes I, II and III of Council Regulation (EU) No 267/2012); and
- 1.5.2. Sanctions on associated services for the category above (see the references above).

1.6. Metals

- 1.6.1. Sanctions on metals (Articles 4e and 4f of Council Decision 2010/413/CFSP; Articles 15a, 15b and 15c, and Annex VIIB of Council Regulation (EU) No 267/2012); and
- 1.6.2. Sanctions on associated services for the category above (see the references above).

1.7. Software

- 1.7.1. Sanctions on software (Articles 4i and 4j of Council Decision 2010/413/CFSP; Articles 10d, 10e and 10f, and Annex VIIA of Council Regulation (EU) No 267/2012); and
- 1.7.2. Sanctions on associated services for the category above (see the references above).

1.8. Arms

- 1.8.1. Sanctions on arms (Articles 1(1)(c), (3) and (4), and 3 of Council Decision 2010/413/CFSP; Articles 5(1)(a) and (c), 17(1) and (2) (a), and 19 of Council Regulation (EU) No 267/2012); and
- 1.8.2. Sanctions on associated services for the category above (see the references above).

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

1.9. Listing of persons, entities and bodies (asset freeze and visa ban)

1.9.1. Asset freeze and visa ban measures applicable to:

- 1.9.1.1. listed Iranian banks and financial institutions, including the Central Bank of Iran;
- 1.9.1.2. listed persons, entities and bodies related to the oil, gas and petrochemical sectors;
- 1.9.1.3. listed persons, entities and bodies related to shipping, shipbuilding and transport;
- 1.9.1.4. other listed persons, entities and bodies not related to proliferation sensitive nuclear-, arms- and ballistic missile-related activities;
- 1.9.1.5. listed persons, entities and bodies related to proliferation-sensitive nuclear-, arms- and ballistic missile-related activities; and
- 1.9.1.6. entities and individuals listed by the UN Security Council, as set out in Attachment 1, part I to this Annex for categories 1.9.1.1- 1.9.1.4, Attachment 2, part I to this Annex for category 1.9.1.5, and Parts II of Attachments 1 and 2 to this Annex for category 1.9.1.6 (Articles 19 and 20, and Annexes I and II to Council Decision 2010/413/CFSP; Articles 23, 24, 25, 26, 27, 28, 28a, 28b and 29, and Annexes VIII and IX to Council Regulation (EU) No 267/2012).

1.10. Other provisions

- 1.10.1. The commitment in Section 1 covers all remaining provisions of Council Decision 2010/413/CFSP and Council Regulation (EU) No 267/2012 not specified above.
 - 1.10.1.1. Definitions (Article 1 of Council Regulation (EU) No 67/2012); and
 - 1.10.1.2. General and final provisions (Articles 22, 23, 24, 25, 26, 26a, 27 and 28 of Council Decision 2010/413/CFSP; Articles 38, 39, 40, 41, 42, 43, 43a, 44, 45, 46, 47, 48, 49, 50 and 51, and Annex X of Council Regulation (EU) No 267/2012).
- 2. The EU represents that the provisions listed in Section 1 above constitute the full and complete list of all EU nuclear-related sanctions or restrictive measures. These sanctions or restrictive measures will be lifted in accordance with Annex V.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

3. Effects of the lifting of EU economic and financial sanctions

3.1. As a result of the lifting of sanctions specified in Section 1 above, the following activities, including associated services, will be allowed, beginning on implementation day, in accordance with this JCPOA and provided that such activities are otherwise consistent with EU and EU Member States' laws and regulations in effect:⁴

3.2. Financial, banking and insurance measures (See Sections 1.1.1 to 1.1.8)

3.2.1. Transfers of funds between EU persons, entities or bodies, including EU financial and credit institutions, and Iranian persons, entities or bodies, including Iranian financial and credit institutions, without the requirement for authorisation or notification;

3.2.2. Opening of new branches, subsidiaries or representative offices of Iranian banks in the territories of EU Member States; and the establishment of new joint ventures, or the taking of an ownership interest or the establishment of new correspondent banking relationships by Iranian banks with EU banks; and opening by EU persons, including EU financial and credit institutions, of representative offices, subsidiaries, joint ventures or bank accounts in Iran;

3.2.3. Provision of insurance or reinsurance to Iran or the Government of Iran, an Iranian legal person, entity or body, or a natural person or a legal person, entity or body acting on their behalf or at their direction;

3.2.4. Supply of specialised financial messaging services to any Iranian natural or legal persons, entities or bodies, including those listed in Attachment 1 to this Annex;

3.2.5. Entering into commitments by EU Member States to provide financial support for trade with Iran, including the granting of export credits, guarantees or insurance; and into commitments for grants, financial assistance and concessional loans to the Government of Iran; and

3.2.6. Sale or purchase of public or public-guaranteed bonds to and from Iran, the Government of Iran, the Central Bank of Iran, or Iranian banks and financial institutions or persons acting on their behalf.

⁴ Unless specifically provided otherwise, the sanctions lifting described in this Section does not apply to transactions that involve persons still subject to restrictive measures and is without prejudice to sanctions that may apply under legal provisions other than those referred to in Section 1. Nothing in this JCPOA reflects a change in Iran's position on EU sanctions.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

3.3. Oil, gas and petrochemical sectors (See Sections 1.2.1 to 1.2.5)

- 3.3.1. Import, purchase, swap or transport of Iranian crude oil and petroleum products, natural gas or petrochemical products and related financing;
- 3.3.2. Sale, supply, transfer or export of equipment or technology, technical assistance, including training, used in the sectors of the oil, gas and petrochemical industries in Iran covering exploration, production and refining of oil and natural gas, including liquefaction of natural gas, to any Iranian person, in or outside Iran, or for use in Iran; and
- 3.3.3. Granting of any financial loan or credit to, the acquisition or extension of a participation in, and the creation of any joint venture with, any Iranian person that is engaged in the oil, gas and petrochemical sectors in Iran or outside Iran.

3.4. Shipping, shipbuilding and transport sectors (See Sections 1.3.1 to 1.3.3)

- 3.4.1. Sale, supply, transfer or export of naval equipment and technology for ship building, maintenance or refit, to Iran or to any Iranian persons engaged in this sector; the design, construction or the participation in the design or construction of cargo vessels and oil tankers for Iran or for Iranian persons; the provision of vessels designed or used for the transport or storage of oil and petrochemical products to Iranian persons, entities or bodies; and the provision of flagging and classification services, including those pertaining to technical specification, registration and identification numbers of any kind, to Iranian oil tankers and cargo vessels;
- 3.4.2. Access to the airports under the jurisdiction of EU Member States of all cargo flights operated by Iranian carriers or originating from Iran;
- 3.4.3. Cessation of inspection, seizure and disposal by EU Member States of cargoes to and from Iran in their territories with regard to items which are no longer prohibited; and
- 3.4.4. Provision of bunkering or ship supply services, or any other servicing of vessels, to Iranian-owned or Iranian-contracted vessels not carrying prohibited items; and the provision of fuel, engineering and maintenance services to Iranian cargo aircraft not carrying prohibited items.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

3.5. Gold, other precious metals, banknotes and coinage (See Sections 1.4.1 to 1.4.2)

3.5.1. Sale, supply, purchase, export, transfer or transport of gold and precious metals as well as diamonds, and provision of related brokering, financing and security services, to, from or for the Government of Iran, its public bodies, corporations and agencies, or the Central Bank of Iran; and

3.5.2. Delivery of newly printed or minted or unissued Iranian denominated banknotes and coinage to, or for the benefit of the Central Bank of Iran.

3.6. Metals (See Sections 1.6.1 to 1.6.2)

3.6.1. Sale, supply, transfer or export of graphite and raw or semi-finished metals, such as aluminum and steel to any Iranian person, entity or body or for use in Iran, in connection with activities consistent with this JCPOA.

3.7. Software (See Sections 1.7.1 to 1.7.2)

3.7.1. Sale, supply, transfer or export of software for integrating industrial processes, including updates, to any Iranian person, entity or body, or for use in Iran, in connection with activities consistent with this JCPOA,

3.8. Listing of persons, entities and bodies (asset freeze and visa ban) (See Section 1.9.1)

3.8.1. As a result of delisting as specified in this Annex, releasing of all funds and economic resources which belong to, and making available funds or economic resources to, the persons, entities and bodies, including Iranian banks and financial institutions, the Central Bank of Iran, listed in Attachment 1 to this Annex; and

3.8.2. As a result of delisting as specified in this Annex, entry into, or transit through the territories of EU Member States of individuals listed in Attachment 1 to this Annex.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

B. United States⁵

4. The United States commits to cease the application of, and to seek such legislative action as may be appropriate to terminate, or modify to effectuate the termination of, all nuclear-related sanctions⁶ as specified in Sections 4.1-4.9 below, and to terminate Executive Orders 13574, 13590, 13622 and 13645, and Sections 5-7 and 15 of Executive Order 13628, in accordance with Annex V.⁷

⁵ For the purposes of U.S. legislation, “Iranian person” means (A) an individual who is a citizen or national of Iran; and (B) an entity organised under the laws of Iran or otherwise subject to the jurisdiction of the Government of Iran.

⁶ The sanctions that the United States will cease to apply, and subsequently terminate, or modify to effectuate the termination of, pursuant to its commitment under Section 4 are those directed towards non-U.S. persons. For the purposes of Sections 4 and 6-7 of this JCPOA, the term “non-U.S. person” means any individual or entity, excluding (i) any United States citizen, permanent resident alien, entity organised under the laws of the United States or any jurisdiction within the United States (including foreign branches), or any person in the United States, and (ii) any entity owned or controlled by a U.S. person. For the purposes of (ii) of the preceding sentence, an entity is “owned or controlled” by a U.S. person if the U.S. person: (i) holds a 50 percent or greater equity interest by vote or value in the entity; (ii) holds a majority of seats on the board of directors of the entity; or (iii) otherwise controls the actions, policies, or personnel decisions of the entity. U.S. persons and U.S.-owned or -controlled foreign entities will continue to be generally prohibited from conducting transactions of the type permitted pursuant to this JCPOA, unless authorised to do so by the U.S. Department of the Treasury’s Office of Foreign Assets Control (OFAC).

⁷ All citations to statutes and Executive orders included in this JCPOA refer to the statute or Executive order as amended as of the conclusion date of this JCPOA, including: the Iran Sanctions Act of 1996 (ISA), as amended by Section 102 of the Comprehensive Iran Sanctions, Accountability, and Divestment Act of 2010 (CISADA) and Sections 201-207 and 311 of the Iran Threat Reduction and Syria Human Rights Act of 2012 (TRA); CISADA, as amended by Sections 214-216, 222, 224, 311-312, 402-403 and 605 of TRA and Section 1249 of the Iran Freedom and Counter-Proliferation Act of 2012 (IFCA); the National Defense Authorization Act for Fiscal Year 2012 (NDAA), as amended by Sections 503-504 of TRA and Section 1250 of IFCA; Executive Order (E.O.) 13622, as amended by Section 15 of E.O. 13628 and Section 16 of E.O. 13645. The citations listed in Section 4 include authorities under which secondary sanctions will no longer apply as a result of actions described in Section 4.8.1.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

4.1. Financial and banking measures

- 4.1.1. Sanctions on transactions with individuals and entities set out in Attachment 3 to this Annex, including: the Central Bank of Iran (CBI) and other specified Iranian financial institutions; the National Iranian Oil Company (NIOC),⁸ Naftiran Intertrade Company (NICO), National Iranian Tanker Company (NITC) and other specified individuals and entities identified as Government of Iran by the Office of Foreign Assets Control; and certain designated individuals and entities on the Specially Designated Nationals and Blocked Persons List (SDN List) (Comprehensive Iran Sanctions, Accountability, and Divestment Act of 2010 (CISADA) Section 104(c)(2)(E)(ii)(I); National Defense Authorization Act for Fiscal Year 2012 (NDAA) Sections 1245(d)(1) and (3); Iran Freedom and Counter-Proliferation Act of 2012 (IFCA) Sections 1244(c)(1) and (d), 1245(a)(1)(A), (a)(1)(C)(i) (II) and (c), 1246(a) and 1247(a); Sections 1(a)(i) and 5(a) of Executive Order (E.O.) 13622 and Sections 2(a)(i) and 3(a)(i) of E.O. 13645);
- 4.1.2. Sanctions on the Iranian Rial (NDAA Sections 1245(d)(1) and (3); IFCA Sections 1244(c)(1), 1246(a) and 1247(a); Section 5(a) of E.O. 13622 and Sections 1(a), 2(a)(i) and 3(a)(i) of E.O. 13645);
- 4.1.3. Sanctions on the provision of U.S. banknotes to the Government of Iran (NDAA Sections 1245(d)(1) and (3); IFCA Sections 1244(c)(1) and (d), 1246(a) and 1247(a); Section 5(a) of E.O. 13622 and Sections 2(a)(i) and 3(a)(i) of E.O. 13645);
- 4.1.4. Bilateral trade limitations on Iranian revenues held abroad, including limitations on their transfer (NDAA Sections 1245(d)(1) and (3); IFCA Sections 1244(c)(1), (d) and (h)(2), 1246(a) and 1247(a); Sections 1(a)(i)- (ii), 2(a)(i) and 5(a) of E.O. 13622 and Sections 2(a)(i) and 3(a)(i) of E.O. 13645);
- 4.1.5. Sanctions on the purchase, subscription to, or facilitation of the issuance of Iranian sovereign debt, including governmental bonds (NDAA Sections 1245(d)(1) and (3); Iran Threat Reduction and Syria Human Rights Act of 2012 (TRA) Section 213(a); IFCA Sections 1244(c)(1) and (d), 1246(a) and 1247(a); Sections 1(a)(i) and 5(a) of E.O. 13622 and Sections 2(a)(i) and 3(a)(i) of E.O. 13645);

⁸ Removal of NIOC from the SDN List, as provided for in Section 4.8.1, will include resolution of related designations and determinations.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- 4.1.6. Sanctions on financial messaging services to the CBI and Iranian financial institutions set out in Attachment 3 to this Annex (NDAA Sections 1245(d)(1) and (3); TRA Section 220; IFCA Sections 1244(c)(1) and (d), 1246(a) and 1247(a); Section 5(a) of E.O. 13622 and Sections 2(a)(i) and 3(a)(i) of E.O. 13645); and
- 4.1.7. Sanctions on associated services⁹ for each of the categories above (see individual citation references above).

4.2. Insurance measures

- 4.2.1. Sanctions on the provision of underwriting services, insurance, or reinsurance in connection with activities consistent with this JCPOA, including activities with individuals and entities set forth in Attachment 3 to this Annex (Iran Sanctions Act of 1996 (ISA) Section 5(a)(7); NDAA Sections 1245(d)(1) and (3); TRA Sections 211(a) and 212(a); IFCA Sections 1244(c)(1) and (d), 1246(a) and 1247(a); Section 5(a) of E.O. 13622 and Sections 2(a)(i) and 3(a)(i) of E.O. 13645).

4.3. Energy and petrochemical sectors

- 4.3.1. Efforts to reduce Iran's crude oil sales, including limitations on the quantities of Iranian crude oil sold and the nations that can purchase Iranian crude oil (ISA Section 5(a)(7); NDAA Sections 1245(d)(1) and (3); TRA Section 212(a); IFCA Sections 1244(c)(1) and (d), 1246(a) and 1247(a); Section 1 of E.O. 13574, Sections 1(a)(i)-(ii), 2(a)(i) and 5(a) of E.O. 13622, Section 5 of E.O. 13628, and Sections 2(a)(i) and 3(a)(i) of E.O. 13645);
- 4.3.2. Sanctions on investment, including participation in joint ventures, goods, services, information, technology and technical expertise and support for Iran's oil, gas, and petrochemical sectors (ISA Sections 5(a)(1)-(2) and (4)-(8); TRA Section 212(a); IFCA Sections 1244(c)(1), (d) and (h)(2), 1245(a)(1)(B), (a)(1)(C)(i)(I)-(II), (a)(1)(C)(ii)(I)-(II) and (c), 1246(a) and 1247(a); Section 1 of E.O. 13574, Section 1 of E.O. 13590, Sections 1(a)(i)-(ii), 2(a)(i)-(iii) and 5(a) of E.O. 13622, and Sections 2(a)(i) and 3(a)(i) of E.O. 13645);
- 4.3.3. Sanctions on the purchase, acquisition, sale, transportation, or marketing of petroleum, petrochemical products and natural gas from Iran (NDAA Sections 1245(d)(1) and (3); TRA Section 212(a); IFCA Sections 1244(c)(1), (d) and (h)(2), 1246(a) and 1247(a); Sections 1(a)(i)-(iii), 2(a)(i)-(ii) and 5(a) of E.O. 13622, and Sections 2(a)(i) and 3(a)(i) of E.O. 13645);

⁹ See footnote 3 for the meaning of "associated services".

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- 4.3.4. Sanctions on the export, sale or provision of refined petroleum products and petrochemical products to Iran (ISA Section 5(a)(3); NDAA Sections 1245(d)(1) and (3); TRA Section 212(a); IFCA Sections 1244(c)(1) and (d), 1246(a) and 1247(a); Section 1 of E.O. 13574, Sections 1(a)(i) and 5(a) of E.O. 13622, Section 5 of E.O. 13628, and Sections 2(a)(i) and 3(a)(i) of E.O. 13645);
- 4.3.5. Sanctions on transactions with Iran's energy sector including with NIOC, NICO and NITC (NDAA Sections 1245(d)(1) and (3); IFCA Sections 1244(c)(1), (d) and (h)(2), 1246(a) and 1247(a); TRA Section 212(a); Sections 1(a)(i)-(iii), 2(a)(i)-(ii) and 5(a) of E.O. 13622, and Sections 2(a)(i) and 3(a)(i) of E.O. 13645); and
- 4.3.6. Sanctions on associated services for each of the categories above (see individual citation references above).

4.4. Shipping, shipbuilding and port sectors

- 4.4.1. Sanctions on transactions with Iran's shipping and shipbuilding sectors and port operators including IRISL, South Shipping Line, and NITC, and the port operator(s) of Bandar Abbas¹⁰ (TRA Sections 211(a) and 212(a); IFCA Sections 1244(c)(1) and (d); 1245(a)(1)(B), (a)(1)(C)(i)(I)-(II), (a)(1)(C)(ii)(I)-(II) and (c), 1246(a) and 1247(a); Section 5(a) of E.O. 13622 and Sections 2(a)(i) and 3(a)(i) of E.O. 13645); and
- 4.4.2. Sanctions on associated services for each of the categories above (see individual citation references above).

4.5. Gold and other precious metals

- 4.5.1. Sanctions on Iran's trade in gold and other precious metals (NDAA Sections 1245(d)(1) and (3); IFCA Sections 1244(c)(1), 1245(a)(1)(A) and (c), 1246(a) and 1247(a); Section 5(a) of E.O. 13622 and Sections 2(a)(i) and 3(a)(i) of E.O. 13645); and
- 4.5.2. Sanctions on associated services for each of the categories above (see individual citation references above).

¹⁰ This commitment in Section 4.4.1 is based on the port operator(s) of Bandar Abbas no longer being controlled by a person on the SDN List.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

4.6. Software and metals

- 4.6.1. Sanctions on trade with Iran in graphite, raw or semi-finished metals such as aluminum and steel, coal, and software for integrating industrial processes, in connection with activities consistent with this JCPOA, including trade with individuals and entities set forth in Attachments 3 and 4 to this Annex (NDAA Sections 1245(d)(1) and (3); IFCA Sections 1244(c)(1), 1245(a)(1)(B)-(C) and (c), 1246(a) and 1247(a); Section 5(a) of E.O. 13622 and Sections 2(a)(i) and 3(a)(i) of E.O. 13645); and
- 4.6.2. Sanctions on associated services for each of the categories above (see individual citation references above).

4.7. Automotive

- 4.7.1. Sanctions on the sale, supply or transfer of goods and services used in connection with Iran's automotive sector (NDAA Sections 1245(d)(1) and (3); IFCA Sections 1244(c)(1), 1245(a)(1)(B), (a)(1)(C)(i)(II), (a)(1)(C)(ii)(II) and (c), 1246(a) and 1247(a); Section 5(a) of E.O. 13622 and Sections 2(a)(i), 3(a)(i)-(ii), 5 and 6 of E.O. 13645); and
- 4.7.2. Sanctions on associated services for each of the categories above (see individual citation references above).

4.8. Designations and other sanctions listings

- 4.8.1. Removal of individuals and entities set out in Attachments 3 and 4 to this Annex from the Specially Designated Nationals and Blocked Persons List (SDN List), the Foreign Sanctions Evaders List, and/or the Non-SDN Iran Sanctions Act List (Removal of designations and/or sanctions imposed under ISA Section 5(a), IFCA Section 1244(d)(1) and TRA Section 212; and removals pursuant to the International Emergency Economic Powers Act of certain persons listed pursuant to E.O. 13382, E.O. 13608, E.O. 13622, and E.O. 13645).

4.9. Nuclear proliferation-related measures

- 4.9.1. Sanctions under the Iran, North Korea and Syria Nonproliferation Act on the acquisition of nuclear-related commodities and services for nuclear activities contemplated in the JCPOA, to be consistent with the U.S. approach to other non-nuclear-weapon states under the NPT;
- 4.9.2. Sanctions on joint ventures relating to the mining, production, or transportation of uranium (ISA Section 5(b)(2)); and

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

4.9.3. Exclusion of Iranian citizens from higher education coursework related to careers in nuclear science, nuclear engineering or the energy sector (TRA Section 501).

5. Other trade measures

5.1. The United States commits to:¹¹

5.1.1. Allow for the sale of commercial passenger aircraft and related parts and services to Iran by licensing the (i) export, re-export, sale, lease or transfer to Iran of commercial passenger aircraft for exclusively civil aviation end-use, (ii) export, re-export, sale, lease or transfer to Iran of spare parts and components for commercial passenger aircraft, and (iii) provision of associated serviced, including warranty, maintenance, and repair services and safety-related inspections, for all the foregoing, provided that licensed items and services are used exclusively for commercial passenger aviation;¹²

5.1.2. License non-U.S. entities that are owned or controlled by a U.S. person¹³ to engage in activities with Iran that are consistent with this JCPOA; and

5.1.3. License the importation into the United States of Iranian-origin carpets and foodstuffs, including pistachios and caviar.

¹¹ To give effect to the measures described in this Section 5.1, the United States will license activities that do not involve any person on the SDN List and are otherwise consistent with applicable U.S. laws and regulations, including but not limited to the Export Administration Act, the Federal Food, Drug and Cosmetic Act and the Iran-Iraq Arms Nonproliferation Act.

¹² Licenses issued in furtherance of Section 5.1.1 will include appropriate conditions to ensure that licensed activities do not involve, and no licensed aircraft, goods, or services are re-sold or re-transferred to, any person on the SDN list. Should the United States determine that licensed aircraft, goods, or services have been used for purposes other than exclusively civil aviation end-use, or have been re-sold or re-transferred to persons on the SDN List, the United States would view this as grounds to cease performing its commitments under Section 5.1.1 in whole or in part.

¹³ For the purposes of Section 5.1.2 of this JCPOA, a non-U.S. entity is owned or controlled by a U.S. person if the U.S. person: (i) holds a 50 per cent or greater equity interest by vote or value in the entity; (ii) holds a majority of seats on the board of directors of the entity; or (iii) otherwise controls the actions, policies, or personnel decisions of the entity.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

6. The United States represents that the provisions listed in Section 4 above constitute the full and complete list of all U.S. nuclear-related sanctions. These sanctions will be lifted in accordance with Annex V.

7. **Effects of the lifting of U.S. economic and financial sanctions:**

7.1. As a result of the lifting of sanctions specified in Section 4 above, beginning on implementation day such sanctions, including associated services, would not apply to non-U.S. persons who carry out the following or that:¹⁴

7.2. **Financial and banking measures¹⁵ (See Sections 4.1.1 to 4.1.7)**

Engage in activities, including financial and banking transactions, with the Government of Iran, the Central Bank of Iran, Iranian financial institutions and other Iranian persons specified in Attachment 3 to this Annex, including the provision of loans, transfers, accounts (including the opening and maintenance of correspondent and payable through accounts at non-U.S. financial institutions), investments, securities, guarantees, foreign exchange (including Rial related transactions), letters of credit and commodity futures or options, the provision of specialised financial messaging services and facilitation of direct or indirect access thereto, the purchase or acquisition by the Government of Iran of U.S. bank notes, and the purchase, subscription to, or facilitation of the issuance of Iranian sovereign debt.¹⁶

¹⁴ Unless specifically provided otherwise, the sanctions lifting described in this Section does not apply to transactions that involve persons on the SDN List and is without prejudice to sanctions that may apply under legal provisions other than those cited in Section 4. Nothing in this JCPOA reflects a change in Iran's position on U.S. sanctions.

¹⁵ For the purposes of the cessation of application of the provisions set out in Sections 4.1.1-4.1.7, the effects described for non-U.S. financial institutions extend to the activities outside of U.S. jurisdiction of international financial institutions.

¹⁶ Non-U.S., non-Iranian financial institutions engaging in transactions with Iranian financial institutions (including the Central Bank of Iran) not appearing on the SDN List will not be exposed to sanctions as a result of those Iranian financial institutions engaging in transactions or banking relationships involving Iranian individuals and entities, including financial institutions, on the SDN List, provided that the non-U.S., non-Iranian financial institution does not conduct or facilitate, and is not otherwise involved in, those specific transactions or banking relationships with the Iranian individuals and entities, including financial institutions, on the SDN List.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

7.3. Insurance measures (See Section 4.2.1)

Provide underwriting services, insurance, or re-insurance in connection with activities consistent with this JCPOA, including activities with individuals and entities set forth in Attachment 3 to this Annex, including underwriting services, insurance, or re-insurance in connection with activities in the energy, shipping, and shipbuilding sectors of Iran, for the National Iranian Oil Company (NIOC) or the National Iranian Tanker Company (NITC), or for vessels that transport crude oil, natural gas, liquefied natural gas, petroleum and petrochemical products to or from Iran.

7.4. Energy and petrochemical sectors (See Sections 4.3.1 to 4.3.6)

Are part of the energy sector of Iran; purchase, acquire, sell, transport or market petroleum, petroleum products (including refined petroleum products), petrochemical products or natural gas (including liquefied natural gas) to or from Iran; provide to Iran support, investment (including through joint ventures), goods, services (including financial services) and technology that can be used in connection with Iran's energy sector, the development of its petroleum resources, its domestic production of refined petroleum products and petrochemical products; or engage in activities with Iran's energy sector, including NIOC, NITC, and NICO).

7.5. Shipping, shipbuilding and port sectors (See Sections 4.4.1 to 4.4.2)

Are part of the shipping or shipbuilding sectors of Iran; own, operate, control or insure a vessel used to transport crude oil, petroleum products (including refined petroleum products), petrochemical products or natural gas (including liquefied natural gas) to or from Iran; operate a port in Iran, engage in activities with, or provide financial services and other goods and services used in connection with, the shipping and shipbuilding sectors of Iran or a port operator in Iran (including the port operator(s) of Bandar Abbas¹⁷), including port services, such as bunkering and inspection, classification, and financing, and the sale, leasing, and provision of vessels to Iran, including to the Islamic Republic of Iran Shipping Lines (IRISL), NITC, and South Shipping Line Iran or their affiliates.

¹⁷ The effects described in Section 7.5 with respect to the port operator(s) of Bandar Abbas are based on the port operator(s) of Bandar Abbas no longer being controlled by a person on the SDN List.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

7.6. Gold and other precious metals (See Sections 4.5.1 to 4.5.2)

Sell, supply, export or transfer, directly or indirectly, to or from Iran, gold and other precious metals, or conduct or facilitate a financial transaction or provide services for the foregoing including security, insurance and transportation.

7.7. Software and metals (See Sections 4.6.1 to 4.6.2)

Sell, supply, or transfer, directly or indirectly, graphite, raw or semi-finished metals such as aluminum and steel, coal, and software for integrating industrial processes, to or from Iran in connection with activities consistent with this JCPOA, including trade with individuals and entities set forth in Attachment 3 to this Annex, and the sale, supply, or transfer of such materials to the energy, petrochemical, shipping and shipbuilding sectors of Iran, and Iranian ports, or conduct or facilitate a financial transaction or provide services for the foregoing, including insurance and transportation.

7.8. Automotive sector (See Sections 4.7.1 to 4.7.2)

Conduct or facilitate financial or other transactions for the sale, supply or transfer to Iran of goods and services used in connection with the automotive sector of Iran.

7.9. Designations and other sanctions listings (See Section 4.8.1)

The removal of designations and/or sanctions as described in Section 4.8.1, ceasing the application of secondary sanctions for transactions with individuals and entities set out in Attachment 3 to this Annex; and unblocking of property and interests in property within U.S. jurisdiction for individuals and entities set out in Attachment 3 to this Annex.

JCPOA Annex III - Civil Nuclear Cooperation

A. General

1. Iran and E3/EU+3 decided to co-operate, among others, including through IAEA technical cooperation, where appropriate, and without prejudice to the existing bilateral agreements, in different areas of civil nuclear co-operation to be developed within the framework of this JCPOA, as detailed in this Annex. In this context, the Joint Commission will also support assistance to Iran, including through IAEA technical cooperation projects, as appropriate.
2. All civil nuclear cooperation projects under this JCPOA will be mutually determined by the participating states and will be consistent with the JCPOA and the national laws and regulations of the participating parties.
3. The civil nuclear and scientific cooperation projects envisioned between Iran and the E3/EU+3 as part of this JCPOA may be undertaken in a variety of formats, with a variety of potential participants. A given project undertaken by the E3/EU+3 will not necessarily include participation by all E3/EU+3 parties:
 - 3.1. bilateral or multilateral cooperation arrangements with Iran. Such arrangements would be mutually determined by the participating states.
 - 3.2. projects under the auspices of the IAEA, either through IAEA technical co-operation projects including through Project and Supply Agreements.
 - 3.3. through International Science and Technology Centres. Specifically, E3/EU+3 parties will undertake, to develop nuclear co-operation with Iran, in particular within the following areas:

B. Reactors, Fuels and Associated Technologies, Facilities and Processes

4. Modern light water power and research reactors and associated equipment, technologies and facilities

E3/EU+3 parties, as appropriate, will facilitate Iran's acquisition of light-water research and power reactors, for research, development and testing, and for the supply of electricity and desalination, with arrangements for the assured supply of nuclear fuel and the removal of spent fuel as provided for in relevant

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

contracts, for each reactor provided. This may include the following areas for co-operation:

- 4.1. Construction as well as effective and safe operation of new light water power reactors and associated equipment, according to Generation III+ requirements, including small and medium sized nuclear reactors, including joint design and manufacturing, as appropriate.
- 4.2. Construction of state of the art light water moderated multipurpose research reactors capable of testing fuel pins, assembly prototypes and structural materials with associated related facilities, including joint design and manufacturing, as appropriate.
- 4.3. Supply of state-of-the-art instrumentation and control systems for the above research and power reactors, including joint design and manufacturing, as appropriate;
- 4.4. Supply of nuclear simulation and calculation codes and software solutions with regard to the above areas, including joint development, as appropriate;
- 4.5. Supply of first and second loop main equipment as well as core of the above research and power reactors, including joint design and manufacturing, as appropriate;
- 4.6. On-the-job training on fuel management scenarios and reshuffling for the above research and power nuclear reactors;
- 4.7. Joint technical review of Iran's current nuclear reactors, upon the request by Iran, in order to upgrade current equipment and systems, including concerning nuclear safety;

5. Arak Modernisation Project

- 5.1. As described in Section B of Annex I, an international partnership composed of E3/EU+3 parties and Iran, which may subsequently be enlarged to include mutually determined third countries will be established, to support and facilitate the redesign and rebuilding of the IR-40 reactor at Arak into a modernised, not exceeding 20MWth, heavy-water moderated and cooled research reactor, based on the agreed conceptual design (as attached to Annex I).
- 5.2. Iran will take the leadership role as the owner and as the project manager, and have responsibility for overall implementation of the Arak modernisation project. A Working Group composed

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

of E3/EU+3 participants will be established to support and facilitate the redesigning and rebuilding of the reactor. An international partnership composed of Iran and the Working Group would implement the Arak modernisation project, with E3/EU+3 participants assuming responsibilities as described in Annex I. The Working Group could be enlarged to include other countries by consensus of the participants of the Working Group and Iran. E3/EU+3 participants and Iran will conclude an official document expressing their strong commitments to the Arak modernisation project in advance of Implementation Day which would provide an assured path forward to modernise the reactor and would define the responsibilities assumed by the E3/EU+3 participants, especially in the key areas such as redesign, design review and certification, reactor core manufacturing, fuel design, fabrication and supply, safety and security, spent fuel treatment or disposition, as well as concerning the supply of materials, equipment, instrumentation and control systems, and subsequently contracts would be concluded. The participants of the Working Group will provide assistance needed by Iran for redesigning and rebuilding the reactor, consistent with their respective national laws, in such a manner as to enable the safe and timely construction and commissioning of the modernised reactor.

5.3. Iran and the Working Group will cooperate to develop the final design of the modernised reactor and the design of the subsidiary laboratories to be carried out by Iran, and review conformity with international safety standards, such that the reactor can be licensed by the relevant Iranian regulatory authority for commissioning and operation.

5.4. Iran will continue to assume the primary responsibility for financing the modernisation project. Additional funding arrangements for the project, including for IAEA projects supporting the Arak modernisation project, will be determined based on the official document and contracts to be subsequently concluded.

6. Nuclear Fuel

6.1. E3/EU+3 parties, as appropriate, will support assistance to Iran, including through the IAEA, as appropriate, in meeting international qualification standards for nuclear fuel fabricated by Iran.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

6.2. E3/EU+3 parties will seek to cooperate regarding the supply of modern fuels, including, as appropriate, joint design and fabrication, the relevant licenses and fabrication technologies and equipment and related infrastructure, for current and future nuclear research and power reactors, including technical assistance on purification processes, forming and metallurgical activities for different types of nuclear fuel clads and cladding for the modernised Arak heavy water research reactor.

C. Research and Development (R&D) Practices

7. To implement other aspects of this JCPOA and in support of a broader opening of scientific engagements between the E3/EU+3 and Iran, the E3/EU+3 and Iran will seek cooperation and scientific exchange in the field of nuclear science and technology:

7.1. Accelerator-based nuclear physics and nuclear astrophysics research, and stable isotope production in international collaboration at the nuclear, physics, and technology centre at the Fordow facility. Iran will request from the E3/EU+3 and other interested parties specific proposals for cooperative international nuclear, physics, and technology projects and will host an international workshop to review these proposals. The goal is to realise international collaborative projects within a few years. The transitioning to stable isotope production of two cascades will be conducted in a joint partnership between the Russian Federation and Iran on the basis of arrangements to be mutually agreed upon.

7.2. Plasma physics and nuclear fusion;

7.3. Research reactor applications at the TRR, modernized Arak reactor, or at other future research reactors in Iran, such as:

7.3.1. Training

7.3.2. Radio-isotope production and utilization

7.3.3. Nuclear desalination

7.3.4. Neutron transmutation doping

7.3.5. Neutron activation analysis

7.3.6. Neutron capture therapy

7.3.7. Neutron imaging and materials characterization studies using neutron beams

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- 7.4. E3/EU+3 parties and Iran could also explore co-operation in the following additional areas:
- 7.4.1. Design, manufacture and/or assembly of in-core measuring instrumentation and technologies;
 - 7.4.2. Nuclear instrumentation and control, systems and electronics design, manufacture and/or assembly;
 - 7.4.3. Fusion technology and plasma physics and related infrastructure and facilitating contribution of Iran to the International Thermonuclear Experimental Reactor (ITER) Project and/or similar projects, including relevant IAEA technical cooperation projects;
 - 7.4.4. Neutrino astronomy;
 - 7.4.5. Design and manufacturing, and supply, of different types of accelerators and supply of related equipment including through relevant IAEA technical cooperation projects;
 - 7.4.6. Data acquisition and processing software and interface equipment;

D. Nuclear Safety, Safeguards and Security

8. Nuclear safety

E3/EU+3 parties, and possibly other states, as appropriate, are prepared to cooperate with Iran to establish a Nuclear Safety Centre in Iran, engage in workshops and training events in Iran to support interactions between Iranian nuclear regulatory authorities and those from the E3/EU+3 and elsewhere to, among other things, share lessons learned on establishing and maintaining regulatory independence and effectiveness, and training on implementing nuclear safety culture and best practices; facilitate exchanges and visits to nuclear regulatory authorities and nuclear power plants outside of Iran focusing on best practices for safe operation; and enhance and strengthen domestic emergency preparedness and severe accident management capability.

Provide support and assistance to enable Iran to join relevant conventions on nuclear safety and security, e.g. through workshops or seminars furthering accession to such commitments. Such workshops or seminars could also take place under the auspices of the IAEA.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

E3/EU +3 parties, and possibly other states, as appropriate, will co-operate with Iran in the following areas of nuclear safety, as well as in other areas to be mutually agreed:

- 8.1. Conclusion of bilateral/multilateral agreements with related organisations and research centres;
- 8.2. Supply of valid codes, instruments and equipment related to nuclear safety;
- 8.3. Facilitate exchange of knowledge and experience in the area of nuclear safety;
- 8.4. Enhance and strengthen domestic emergency preparedness and severe accident management capability;
- 8.5. Arrange on-the-job training and apprenticeship courses for reactor and facility operators, regulatory authority personnel and related supportive organizations in the area of nuclear safety inside and outside of Iran;
- 8.6. Establish a Nuclear Safety Centre in Iran, which shall be equipped with necessary tools, techniques and equipment, in order to support and facilitate technical and professional training and exchange of lessons-learned for reactor and facility operators, regulatory authority personnel and related supportive organizations;

9. Nuclear Safeguards

E3/EU +3 parties, and possibly other states, as appropriate, are prepared to cooperate with Iran on the effective and efficient implementation of IAEA safeguards and transparency measures in Iran. Co-operation in the following areas can be envisaged:

- 9.1. Cooperation in the form of on-the-job trainings and workshops to strengthen nuclear material accounting and control process, human resource development, and quality assurance/quality control processes;
- 9.2. E3/EU +3 parties, and other states, as appropriate, are prepared to cooperate with Iran for the effective and efficient implementation of IAEA safeguards and transparency measures in Iran.
- 9.3. This cooperation could take the form of training and workshops to strengthen Iran's safeguards regulatory authority, nuclear material accounting and control processes, human resource development, and quality assurance/quality control processes.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

10. Nuclear Security

E3/EU+3 parties, and possibly other states, as appropriate, are prepared to cooperate with Iran on the implementation of nuclear security guidelines and best practices. Co-operation in the following areas can be envisaged:

- 10.1. Co-operation in the form of training courses and workshops to strengthen Iran's ability to prevent, protect and respond to nuclear security threats to nuclear facilities and systems as well as to enable effective and sustainable nuclear security and physical protection systems;
- 10.2. Co-operation through training and workshops to strengthen Iran's ability to protect against, and respond to nuclear security threats, including sabotage, as well as to enable effective and sustainable nuclear security and physical protection systems.

E. Nuclear Medicine and Radioisotopes, Associated Technologies, Facilities and Processes

- 11. E3/EU+3 parties, as appropriate, are prepared to cooperate with Iran to improve the utilization of nuclear medicine in Iran in order to enhance Iran's expertise in diagnostic imaging and radiotherapy, increase the availability of medical radioisotopes for diagnosis and treatment of Iranian citizens, and facilitate Iran's participation in the broader international scientific and nuclear medicine community. Such cooperation may include:
 - 11.1. Upgrades to the infrastructure associated with existing cyclotron facilities, including for medical radioisotopes production.
 - 11.2. Facilitating Iranian acquisition of a new cyclotron, and associated radiopharmacy equipment, for medical radioisotopes production.
 - 11.3. Acquisition of state-of-the-art diagnostic imaging and radiotherapy equipment for existing or new nuclear medicine centers, including co-operation between hospitals for the treatment of individual patients.
 - 11.4. Cooperation on occupational and patient dosimetry procedures.
 - 11.5. Improved target utilization to increase radioisotope production.
 - 11.6. Acquisition of radioisotope sources for brachytherapy, and radiotherapy instrument calibration, and other medical and industrial applications.
 - 11.7. Supply of state-of-the-art radio-medicine center and necessary laboratories.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

F. Waste Management and Facility Decommissioning

12. E3/EU+3 parties, as appropriate, are prepared to cooperate with Iran in the safe, effective, and efficient management and disposition of nuclear and radiological wastes derived from Iran's nuclear fuel cycle activities and nuclear medicine, radioisotope production and/or consumption activities.
13. E3/EU+3 parties, as appropriate, are prepared to cooperate with Iran in areas of safe, effective, and environmentally friendly best practices for facility decontamination and decommissioning, including co-operation on long term storage facilities for the repository of low and medium level waste.
14. E3/EU+3 parties, as appropriate, are prepared to facilitate exchanges and visits to relevant sites and locations outside of Iran related to effective waste management and best practices.
15. E3/EU+3 parties, as appropriate, will facilitate the supply of appropriate equipment and systems for waste management and depository facilities in Iran.

G. Other projects

16. Other projects may be implemented between the relevant E3/EU+3 parties and Iran, as mutually determined by the participants in the JCPOA, including in the following areas:
 - 16.1. Construction of nuclear desalination and associated infrastructure in Iran;
 - 16.2. Development of laser technology for medical applications (e.g. for eye surgery);

JCPOA Annex IV – Joint Commission

1. Establishment, Composition, and Coordinator
 - 1.1. The Joint Commission is established to carry out the functions assigned to it in the JCPOA, including its Annexes.
 - 1.2. The Joint Commission is comprised of representatives of Iran and the E3/EU+3 (China, France, Germany, the Russian Federation, the United Kingdom, and the United States, with the High Representative of the Union for Foreign Affairs and Security Policy), together, the JCPOA participants.
 - 1.3. The Joint Commission may establish Working Groups in particular areas, as appropriate.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

1.4. The High Representative of the Union for Foreign Affairs and Security Policy ('High Representative'), or his/her designated representative will serve as the Coordinator of the Joint Commission.

2. Functions

2.1. The Joint Commission will perform the following functions:

2.1.1. Review and approve the final design for the modernized heavy water research reactor and the design of the subsidiary laboratories prior to the commencement of construction, and review and approve the fuel design for the modernized heavy water research reactor as provided for in Section B of Annex I;

2.1.2. Review and approve, upon request by Iran, development, acquisition, construction or operation of hot cells (containing a cell or interconnected cells), shielded cells or shielded glove boxes with dimensions beyond 6 cubic meters in volume and specifications set out in Annex I of the Additional Protocol, as provided for in paragraph 21 of Annex I;

2.1.3. Review and approve plans submitted by Iran to initiate R&D on uranium metal based TRR fuel, as provided for in paragraph 26 of Annex I;

2.1.4. Review and approve, upon request by Iran, projects on new types of centrifuges to proceed to a prototype stage for mechanical testing, as provided for in paragraph 43 of Annex I;

2.1.5. Receive information in advance about the specific projects that will be undertaken at Fordow, as provided for in paragraph 44 of Annex I;

2.1.6. Receive information about the conceptual framework of stable isotope production at Fordow, as provided for in paragraph 46.1 of Annex I;

2.1.7. Assess and then approve, upon request by Iran, that fuel assemblies manufactured in Iran and their intermediate products cannot be readily reconverted into UF₆, based on the objective technical criteria, with the goal of enabling fuel to be fabricated in Iran, as provided in paragraph 59 of Annex I;

2.1.8. Support assistance to Iran, including through IAEA technical cooperation as appropriate, in meeting international qualification standards for nuclear fuel produced by Iran, as provided for in paragraph 59 of Annex I;

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- 2.1.9. Review and approve in advance, upon request by Iran, engagement by Iran, including through export of any enrichment or enrichment related equipment and technology, with any other country, or with any foreign entity in enrichment and enrichment related activities, including related research and development, as provided for in paragraph 73 in Annex I;
- 2.1.10. Provide consultation, and advise on the necessary means in the context of access as specified in paragraph 78 of Annex I;
- 2.1.11. Review and approve in advance, upon request by Iran, the design, development, fabrication, acquisition, or use for non-nuclear purposes of multi-point explosive detonation systems suitable for a nuclear explosive device and explosive diagnostic systems (streak cameras, framing cameras and flash x-ray cameras) suitable for the development of a nuclear explosive device, as provided for in paragraphs 82.2 and 82.3 of Annex I;
- 2.1.12. Review and consult to address issues arising from the implementation of sanctions lifting as specified in this JCPOA and its Annex II;
- 2.1.13. Review and decide on proposals for nuclear-related transfers to or activities with, Iran, in accordance with Section 6 of this Annex and the United Nations Security Council resolution endorsing this JCPOA;
- 2.1.14. Review, with a view to resolving, any issue that a JCPOA participant believes constitutes nonperformance by another JCPOA participant of its commitments under the JCPOA, according to the process outlined in the JCPOA;
- 2.1.15. Adopt or modify, as necessary, procedures to govern its activities;
- 2.1.16. Consult and provide guidance on other implementation matters that may arise under the JCPOA.

3. Procedures

- 3.1. The Joint Commission will meet on a quarterly basis and at any time upon request of a JCPOA participant to the Coordinator. The Coordinator will convene a meeting of the Joint Commission to be held no later than one week following receipt of such a request, except for consultations in accordance with Section Q of Annex I and any other matter that the Coordinator and/or a JCPOA participant deem urgent, in which case the meeting will be convened as soon as possible and not later than three calendar days from receipt of the request.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- 3.2. Meetings of the Joint Commission will be held in New York, Vienna, or Geneva as appropriate. The host country should facilitate entry formalities for those attending such meetings.
- 3.3. The Joint Commission may decide by consensus to invite observers to attend its meetings.
- 3.4. Except as provided in Section 6 of this Annex which will be subject to the confidentiality procedure of the UN, the work of the Joint Commission is confidential and may be shared only among JCPOA participants and observers as appropriate, unless the Joint Commission decides otherwise.

4. Decisions

- 4.1. Except as stated otherwise in this Annex, decisions by the Joint Commission are to be made by consensus.
- 4.2. Each JCPOA participant will have one vote. Decisions of the Joint Commission are to be taken by the Representative or the Deputy Representative or other such alternate as the JCPOA participant may designate.
- 4.3. The vote of each JCPOA participant will be made known to all other JCPOA participants if any JCPOA participant requests a recorded vote.
- 4.4. Matters before the Joint Commission pursuant to Section Q of Annex I are to be decided by consensus or by affirmative vote of five JCPOA participants. There is no quorum requirement.
- 4.5. The Coordinator will not take part in decision-making on nuclear-related transfers and activities as set out in Section 6 of this Annex.

5. Other

- 5.1. Each JCPOA participant will be responsible for its own costs of participating in the Joint Commission, unless the Joint Commission decides otherwise.
- 5.2. JCPOA participants may request that the Coordinator circulates a notification to the other JCPOA participants at any time. Upon such a request, the Coordinator will circulate such notification without delay to all JCPOA participants.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

6. Procurement Working Group

- 6.1. With the purpose of establishing a procurement channel, the Joint Commission will, except as otherwise provided by the United Nations Security Council resolution endorsing this JCPOA, review and decide on proposals by states seeking to engage in:
 - 6.1.1. the supply, sale or transfer directly or indirectly from their territories, or by their nationals or using their flag vessels or aircraft to, or for the use in or benefit of, Iran, and whether or not originating in their territories, of all items, materials, equipment, goods and technology set out in INFCIRC/254/Rev.12/Part 1, and, if the end-use will be for Iran's nuclear programme set out in this JCPOA or other non-nuclear civilian end-use, all items, materials, equipment, goods and technology set out in INFCIRC/254/Rev.9/Part 2 (or the most recent version of these documents as updated by the Security Council), as well as any further items if the relevant State determines that they could contribute to activities inconsistent with the JCPOA; and,
 - 6.1.2. the provision to Iran of any technical assistance or training, financial assistance, investment, brokering or other services related to the supply, sale, transfer, manufacture, or use of the items, materials, equipment, goods and technology described in subparagraph (a) above;
 - 6.1.3. acquisition by Iran of an interest in a commercial activity in another State involving uranium mining, production or use of nuclear materials and technologies as listed in INFCIRC/254/Rev.12/Part 1, and such investments in territories under their jurisdiction by Iran, its nationals, and entities incorporated in Iran or subject to its jurisdiction, or by individuals or entities acting on their behalf or direction, or by entities owned or controlled by them.
- 6.2. The Joint Commission will discharge its responsibility for reviewing and making recommendations on proposals for nuclear-related transfers to or activities with Iran through a Procurement Working Group.
- 6.3. Each E3+3 State and Iran will participate in the Procurement Working Group. The High Representative will serve as the Coordinator of the Procurement Working Group.
- 6.4. Except as otherwise provided by the Joint Commission or the United Nations Security Council resolution endorsing this JCPOA, the Procurement Working Group will consider proposals according to the following process:

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- 6.4.1. Upon receipt of a proposal, including all necessary supporting information, by a State seeking to engage in transfers and activities referenced in Section 6.1, the Coordinator will forward the proposal, through appropriate means, without delay to the Procurement Working Group and, when the proposal relates to items, material, equipment, goods and technology intended to be used in nuclear activities authorized by the JCPOA, to the IAEA. The Procurement Working Group will have up to 30 working days to consider and decide on the proposal.
- 6.4.2. “Necessary supporting information” for purposes of Section 6.4.1 means: (a) a description of the item; (b) the name, address, telephone number, and email address of the exporting entity; (c) the name, address, telephone number, and email address of the importing entity; (d) a statement of the proposed end-use and end use location, along with an end-use certification signed by the AEOI or the appropriate authority of Iran attesting the stated end-use; (e) export license number if available; (f) contract date, if available; and (g) details on transportation, if available; provided that if any of the export license number, contract date, or details on transportation are not available as of the time of submittal of the proposal, such information will be provided as soon as possible and in any event as condition of approval prior to shipment of the item.
- 6.4.3. Each participant in the Procurement Working Group will have to communicate to the Coordinator, within 20 working days, whether it approves or rejects the proposal. The timeline for consideration may be extended for an additional period of 10 working days at the request of a participant of the Procurement Working Group.
- 6.4.4. The proposal will be recommended for approval as soon as the Coordinator receives formal approvals from all the Procurement Working Group Participants or if, at the end of the 30 working day period, the Coordinator has received no disapprovals from any of the Procurement Working Group Participants. If at the end of the 30 working day period, the proposal has not been recommended for approval, the proposal may, at the request of at least two Working Group Participants within 5 working days, be referred to the Joint Commission, which would decide on approval of the proposal by consensus within 10 working days. Otherwise the proposal will be recommended for disapproval.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

The disapproving JCPOA participant(s) should provide relevant information regarding the disapproval to the Joint Commission as appropriate, taking into account the need to protect confidential information.

- 6.4.5. The Coordinator will communicate the recommendation of the Joint Commission to the United Nations Security Council no later than 35 working days, or in case of referral to the Joint Commission no later than 45 working days from the date the Coordinator transmitted the proposal and all necessary supporting information to the Procurement Working Group.
- 6.4.6. Except as decided otherwise by consensus, the Procurement Working Group will meet every three weeks for reviewing the proposals. When some of the proposals to be reviewed relate to items, material, equipment, goods and technology intended to be used in nuclear activities authorized by the JCPOA, the IAEA may be invited to attend the meeting as an observer.
- 6.5. All JCPOA participants will act in accordance with the procurement channel and will only engage in transfers and activities referenced in Section 6.1 following approval by the Joint Commission and the United Nations Security Council. Iran will not use, acquire, or seek to procure the items, materials, equipment, goods, and technology referred to in Section 6.1 of this Annex for nuclear activities which are inconsistent with this JCPOA.
- 6.6. Any JCPOA participant may refer a procurement-related activity to the Joint Commission under the dispute settlement mechanism if it is concerned that such activity is inconsistent with this JCPOA.
- 6.7. Iran will provide to the IAEA access to the locations of intended use of all items, materials, equipment, goods and technology set out in INFCIRC/254/Rev.12/Part 1 (or the most recent version of these documents as updated by the Security Council) imported following the procedure under Section 6 of this Annex.
- 6.8. Iran will permit the exporting state to verify the end-use of all items, materials, equipment, goods and technology set out in INFCIRC/254/Rev.9/Part 2 (or the most recent version of these documents as updated by the Security Council) imported following the procedure under Section 6 of this Annex. Upon request of the exporting state, or if the Joint Commission deems necessary when approving a proposal for transfer, the Joint Commission will provide expertise to the exporting state, including experts, as needed, to participate in the end-use verification.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- 6.9. The Procurement Working Group will respond to requests for guidance on procurement activities from third parties, as communicated by the Coordinator. The Procurement Working Group will endeavor to respond to such requests for guidance within 9 working days from the date the Coordinator submits it to the Procurement Working Group.
- 6.10. The Joint Commission will report to the United Nations Security Council at least every 6 months on the status of the Procurement Working Group's decisions and on any implementation issues.
- 7. Working Group on Implementation of Sanctions Lifting**
- 7.1. The Joint Commission will discharge its responsibilities for reviewing and consulting on issues related to the implementation of sanctions lifting as specified in this JCPOA assisted by a working group on the implementation of sanctions lifting.
- 7.2. The Joint Commission participants will participate in this working group. The High Representative will serve as coordinator of this working group.
- 7.3. If at any time following the implementation day Iran believes that any other nuclear-related sanction or restrictive measure including related designations of the E3/EU+3 is preventing the full implementation of the sanctions lifting as specified in this JCPOA, the JCPOA participant in question will consult with Iran with a view to resolving the issue. If they are not able to resolve the issue, Iran or any member of the E3/EU+3 may refer the issue to the working group.
- 7.4. The participants of the working group will review and consult, with a view to resolving the issue within 30 working days.
- 7.5. If after involvement of the working group, the issue remains unresolved, any participant of the JCPOA may refer it to the Joint Commission.

JCPOA Annex V - Implementation Plan¹

1. This Annex describes the sequence of the actions specified in Annexes I and II to this JCPOA.

¹ This Annex is only for the purpose of determining the sequence of implementation of the commitments described in this JCPOA and annexes thereto and does not restrict or expand the scope of these commitments.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

A. Finalisation Day

2. Upon conclusion of the negotiations of this JCPOA, the E3/EU+3 (China, France, Germany, the Russian Federation, the United Kingdom and the United States, with the High Representative of the European Union for Foreign Affairs and Security Policy) and Iran will endorse this JCPOA.
3. Promptly after the conclusion of the negotiations of this JCPOA, the proposed UN Security Council resolution referred to in Section 18 of this Annex will be submitted to the UN Security Council for adoption without delay.
4. The EU will promptly endorse the UN Security Council resolution referred to above through Council Conclusions.
5. Iran and the IAEA will start developing necessary arrangements to implement all transparency measures provided for in this JCPOA so that such arrangements are completed, in place, and ready for implementation on Implementation Day.

B. Adoption Day

6. Adoption Day will occur 90 days after the endorsement of this JCPOA by the UN Security Council through the resolution referred to above, or at an earlier date by mutual consent of all JCPOA participants, at which point this JCPOA comes into effect.
7. Beginning on Adoption Day, JCPOA participants will make necessary arrangements and preparations, including legal and administrative preparations, for the implementation of their JCPOA commitments.
8. Iran will officially inform the IAEA that, effective on Implementation Day, Iran will provisionally apply the Additional Protocol, pending its ratification by the Majlis (Parliament), and will fully implement the modified code 3.1.
9. Iran will implement paragraph 66 from Section M on “Past and Present Issues of Concern” of Annex I.
10. The EU and its Member States will adopt an EU Regulation, taking effect as of Implementation Day, terminating all provisions of the EU Regulation implementing all nuclear-related economic and financial EU sanctions as specified in Section 16.1 of this Annex, simultaneously with the IAEA verified implementation by Iran of agreed nuclear-related measures.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

11. The United States, acting pursuant to Presidential authorities, will issue waivers, to take effect upon Implementation Day, ceasing the application of the statutory nuclear-related sanctions as specified in Sections 17.1 to 17.2 of this Annex. The President will also take action to direct that all appropriate additional measures be taken to implement the cessation of application of sanctions as specified in Sections 17.1 to 17.4 of this Annex, including the termination of Executive orders as specified in Section 17.4, and the licensing of activities as specified in Section 17.5.
12. E3/EU+3 participants and Iran will begin discussions on an official document to be concluded in advance of Implementation Day which will express strong commitments of the E3/EU+3 participants to the Arak Heavy Water Reactor modernisation project and define the responsibilities assumed by the E3/EU+3 participants.
13. The EU, its Member States and the United States will begin consultation as appropriate with Iran regarding relevant guidelines and publicly accessible statements on the details of sanctions or restrictive measures to be lifted under this JCPOA.

C. Implementation Day

14. Implementation Day will occur upon the IAEA-verified implementation by Iran of the nuclear-related measures described in paragraph 15 below, and, simultaneously, the E3/EU+3 taking the actions described in paragraphs 16 and 17 below, and with the actions described in paragraph 18 below taking place at the UN level in accordance with the UN Security Council resolution.
15. Iran will implement the nuclear-related measures as specified in Annex I:
 - 15.1. Paragraphs 3 and 10 from Section B on “Arak Heavy Water Research Reactor”;
 - 15.2. Paragraphs 14 and 15 from Section C on “Heavy Water Production Plant”;
 - 15.3. Paragraphs 27, 28, 29, 29.1 and 29.2 from Section F on “Enrichment Capacity”;
 - 15.4. Paragraphs 32, 33, 34, 35, 36, 37, 38, 39, 40, 41 and 42 from Section G on “Centrifuges Research and Development”;
 - 15.5. Paragraphs 45, 46, 46.1, 46.2, 47.1, 48.1 from Section H on “Fordow Fuel Enrichment Plant”;

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- 15.6. Paragraphs 52, 54 and 55 from Section I on “Other Aspects of Enrichment”;
 - 15.7. Paragraphs 57 and 58 from Section J on “Uranium Stocks and Fuels”;
 - 15.8. Paragraph 62 from Section K on “Centrifuge Manufacturing”;
 - 15.9. Complete the modalities and facilities-specific arrangements to allow the IAEA to implement all transparency measures provided for in Annex I;
 - 15.10. Paragraphs 64 and 65 from Section L on “Additional Protocol and Modified Code 3.1”;
 - 15.11. Paragraphs 80.1 and 80.2 from Section R on “Centrifuge Component Manufacturing Transparency”; and
 - 15.12. Within one year from Implementation Day, Iran will have completed the measures specified in paragraphs 47.2 and 48.2 of Section H on “Fordow Fuel Enrichment Plant”.
16. **The European Union will:**
- 16.1. Terminate the provisions of Council Regulation (EU) No 267/2012 and suspend the corresponding provisions of Council Decision 2010/413/CFSP specified in Sections 1.1.1-1.1.3; 1.1.5-1.1.8; 1.2.1-1.2.5; 1.3.1, 1.3.2 (in so far as it concerns Articles 16 and 17 of Council Decision 2010/413/CFSP) and 1.3.3; 1.4.1 and 1.4.2; 1.10.1.2 (in so far as it concerns Articles 39, 43, 43a of Council Regulation (EU) No 267/2012) of Annex II. EU Member States will terminate or amend national implementing legislation as required.
 - 16.2. Amend the provisions of Council Regulation (EU) No 267/2012 and the corresponding provisions of Council Decision 2010/413/CFSP specified in Sections 1.6.1-1.7.2 of Annex II, in connection with activities consistent with this JCPOA.
 - 16.3. Remove individuals and entities set forth in Attachment 1 to Annex II of this JCPOA from Annexes VIII and IX to Council Regulation (EU) 267/2012. Suspend the provisions of Council Decision 2010/413/CFSP specified in Section 1.9.1 of Annex II in relation to individuals and entities set forth in Attachment 1 to Annex II.
 - 16.4. Amend the provisions of Council Regulation (EU) No 267/2012 and Council Decision 2010/413/CFSP specified in Sections 1.5.1 and 1.5.2 of Annex II to implement the relevant provisions of

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

the UN Security Council resolution referred to above. 17. The United States will:² 17.1. Cease the application of the sanctions set forth in Sections 4.1-4.5 and 4.7 of Annex II, with the exception of Section 211(a) of the Iran Threat Reduction and Syria Human Rights Act of 2012 (TRA); 17.2. Cease the application of the sanctions set forth in Section 4.6 of Annex II, in connection with activities consistent with this JCPOA, including trade with individuals and entities set forth in Attachment 3 to Annex II;

17. **The United States will:**²

- 17.1. Cease the application of the sanctions set forth in Sections 4.1-4.5 and 4.7 of Annex II, with the exception of Section 211(a) of the Iran Threat Reduction and Syria Human Rights Act of 2012 (TRA);
- 17.2. Cease the application of the sanctions set forth in Section 4.6 of Annex II, in connection with activities consistent with this JCPOA, including trade with individuals and entities set forth in Attachment 3 to Annex II;
- 17.3. Remove individuals and entities set forth in Attachment 3 to Annex II from the Specially Designated Nationals and Blocked Persons List (SDN List), the Foreign Sanctions Evaders List (FSE List), and/or the Non-SDN Iran Sanctions Act List as set forth in Section 4.8.1 of Annex II; 17.4. Terminate Executive Orders 13574, 13590, 13622, 13645 and Sections 5-7 and 15 of Executive Order 13628 as set forth in Section 4 of Annex II; and 17.5. License activities as set forth in Section 5 of Annex II.

18. **UN Security Council**

- 18.1. In accordance with the UN Security Council resolution endorsing this JCPOA, the provisions imposed in UN Security Council resolutions 1696 (2006), 1737 (2006), 1747 (2007), 1803 (2008), 1835 (2008), 1929 (2010) and 2224 (2015) will be terminated subject to re-imposition in the event of significant non-performance by Iran of JCPOA commitments, and specific restrictions, including restrictions regarding the transfer of proliferation sensitive goods will apply.³

² The sanctions that the United States will cease to apply are those directed towards non-U.S. persons, as described in Section 4 of Annex II.

³ The provisions of this Resolution do not constitute provisions of this JCPOA.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

18.2. The E3/EU+3 will take appropriate measures to implement the new UNSC resolution.

D. Transition Day

19. Transition Day will occur 8 years from Adoption Day or upon a report from the Director General of the IAEA to the IAEA Board of Governors and in parallel to the UN Security Council stating that the IAEA has reached the Broader Conclusion that all nuclear material in Iran remains in peaceful activities, whichever is earlier.

20. The European Union will:

20.1. Terminate the provisions of Council Regulation (EU) No 267/2012 and suspend the corresponding provisions of Council Decision 2010/413/CFSP specified in Sections 1.1.4, 1.3.2 (in so far as it concerns Articles 15 and 18 of Council Decision and Articles 36 and 37 of Council Regulation); 1.5.1 and 1.5.2 (in so far as it concerns Ballistic Missiles restrictions); 1.6.1-1.9.1 of Annex II.

20.2. Remove individuals and entities set forth in Attachment 2 to Annex II from Annexes VIII and IX to Council Regulation (EU) 267/2012.

20.3. Remove individuals and entities set forth in Attachment 1 to Annex II from Annexes I and II to Council Decision 2010/413/CFSP.

20.4. Terminate all provisions in Council Decision 2010/413/CFSP suspended on Implementation Day.

21. The United States will:

21.1. Seek such legislative action as may be appropriate to terminate, or modify to effectuate the termination of, the statutory sanctions set forth in Sections 4.1-4.5, 4.7 and 4.9 of Annex II;

21.2. Seek such legislative action as may be appropriate to terminate, or modify to effectuate the termination of, the statutory sanctions described in Section 4.6 of Annex II, in connection with activities consistent with this JCPOA, including trade with individuals and entities set forth in Attachments 3 and 4 to Annex II; and

21.3. Remove individuals and entities set out in Attachment 4 to Annex II from the SDN List and/or the FSE List as set forth in Section 4.8.1 of Annex II.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

22. **Iran will:**

- 22.1. Seek, consistent with the Constitutional roles of the President and Parliament, ratification of the Additional Protocol.

E. UNSCR Termination Day

23. UNSCR (UN Security Council resolution) Termination Day will occur in accordance with the terms of the UN Security Council resolution endorsing the JCPOA, which is 10 years from Adoption Day, provided that the provisions of previous resolutions have not been reinstated.

24. On UNSCR Termination Day, the provisions and measures imposed in that resolution would terminate and the UN Security Council would no longer be seized of the Iran nuclear issue.

25. **The European Union will:**

- 25.1. Terminate all remaining provisions of Council Regulation (EU) No 267/2012 and Council Decision 2010/413/CFSP.

F. Other

26. The terminations described in this Annex V are without prejudice to other JCPOA commitments that would continue beyond such termination dates.

Annex B: Statement

Statement

China, France, Germany, the Russian Federation, the United Kingdom, the United States, and the European Union have concluded with Iran a Joint Comprehensive Plan of Action (JCPOA) to reach a comprehensive, long-term and proper solution to the Iranian nuclear issue. To improve transparency and create an atmosphere conducive to the full implementation of the JCPOA, China, France, Germany, the Russian Federation, the United Kingdom, the United States, and the European Union have set forth below certain provisions. Their participation in the JCPOA is contingent upon the United Nations Security Council adopting a new resolution that would, acting under Article 41 of the UN Charter: terminate resolutions 1696 (2006), 1737 (2006), 1747 (2007), 1803 (2008), 1835 (2008), 1929 (2010), and 2224 (2015); require States to comply with the provisions in this statement for their respective durations; and facilitate, in cooperation with the Joint Commission established in the JCPOA, implementation of the JCPOA as provided in paragraphs 2 and 6(a) below.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

As provided by a resolution so deciding, the following provisions would apply on the date on which the IAEA Director General submits a report verifying that Iran has taken the actions specified in paragraph 15.1-15.11 of Annex V of the JCPOA:

1. The term “all States” as used in this document, and as incorporated in the resolution, means “all States without exception.”
2. All States may participate in and permit the following activities provided that approval is provided in advance, on a case-by-case basis, by the Security Council:
 - (a) the supply, sale or transfer directly or indirectly from their territories, or by their nationals or using their flag vessels or aircraft to, or for the use in or benefit of, Iran, and whether or not originating in their territories, of all items, materials, equipment, goods and technology set out in INFCIRC/254/Rev.12/Part 1 and INFCIRC/254/Rev.9/Part 2 (or the most recent versions of these documents, as updated by the Security Council), as well as any further items if the State determines that they could contribute to reprocessing or enrichment-related or heavy water-related activities inconsistent with the JCPOA;
 - (b) the provision to Iran of any technical assistance or training, financial assistance, investment, brokering or other services, and the transfer of financial resources or services, related to the supply, sale, transfer, manufacture or use of the items, materials, equipment, goods and technology described in subparagraph (a) above; and
 - (c) acquisition by Iran of an interest in a commercial activity in another State involving uranium mining or production or use of nuclear materials and technology as listed in INFCIRC/254/Rev.12/Part 1, and such investment in territories under their jurisdiction by Iran, its nationals, and entities incorporated in Iran or subject to its jurisdiction, or by individuals or entities acting on their behalf or at their direction, or by entities owned or controlled by them,

except that approval in advance by the Security Council shall not be required for the supply, sale, or transfer to Iran of equipment covered by B.1 of INFCIRC/254/Rev.12/Part 1 when such equipment is for light water reactors, lowenriched uranium covered by A.1.2 of INFCIRC/254/Rev.12/Part 1 when it is incorporated in assembled nuclear fuel elements for such reactors, as well as items, materials, equipment, goods and technology set out in INFCIRC/254/Rev. 9/Part 2 only when for exclusive use in light water reactors.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

For any items, materials, equipment, goods and technology that are approved by the Security Council pursuant to subparagraph (a) above, or are supplied, sold, or transferred subject to the exception stated above, States are to ensure that: (a) the requirements, as appropriate, of the Guidelines as set out in the referenced INFCIRC have been met; (b) they have obtained and are in a position to exercise effectively a right to verify the end-use and end-use location of any supplied item; (c) they notify the Security Council within ten days of the supply, sale or transfer; and d) in the case of supplied items, materials, equipment, goods and technology listed in the referenced INFCIRCs, they also notify the IAEA within ten days of the supply, sale or transfer.

And except also that approval in advance by the Security Council is not required for the supply, sale, or transfer of items, materials, equipment, goods and technology, and the provision of any related technical assistance, training, financial assistance, investment, brokering or other services, that is directly related to the necessary modification of two cascades at the Fordow facility for stable isotope production, the export of Iran's enriched uranium in excess of 300 kilograms in return for natural uranium, and the modernization of the Arak reactor based on the agreed conceptual design and, subsequently, on the agreed final design of such reactor, provided that Member States ensure that: (a) all such activities are undertaken strictly in accordance with the JCPOA; (b) they notify the Security Council and Joint Commission ten days in advance of such activities; (c) the requirements, as appropriate, of the Guidelines as set out in the referenced INFCIRC have been met; (d) they have obtained and are in a position to exercise effectively a right to verify the end-use and end-use location of any supplied item; and (e) in case of supplied items, materials, equipment, goods and technology listed in the referenced INFCIRCs, they also notify the IAEA within ten days of the supply, sale or transfers.

This paragraph shall apply until the date ten years after JCPOA Adoption Day, as defined in the JCPOA, except if the IAEA submits a report confirming the Broader Conclusion before that date, then the requirement to obtain approval in advance by the Security Council shall be suspended immediately and, beginning on the date of this suspension, the exceptions provided for in this paragraph shall continue to apply and all States may participate in and permit the activities set forth in this paragraph if they notify the Security Council and the Joint Commission at least ten working days in advance of each such activity on a case-by-case basis.

3. Iran is called upon not to undertake any activity related to ballistic missiles designed to be capable of delivering nuclear weapons, including launches using such ballistic missile technology, until the

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

date eight years after the JCPOA Adoption Day or until the date on which the IAEA submits a report confirming the Broader Conclusion, whichever is earlier.

4. All States may participate in and permit the activities described below *provided* that the Security Council decides in advance on a case-by-case basis to permit such activity:
 - (a) the supply, sale or transfer directly or indirectly from their territories, or by their nationals or using their flag vessels or aircraft to or from Iran, or for the use in or benefit of Iran, and whether or not originating in their territories, of all items, materials, equipment, goods and technology set out in S/2015/546 and of any items, materials, equipment, goods and technology that the State determines could contribute to the development of nuclear weapon delivery systems; and
 - (b) the provision to Iran of any technology or technical assistance or training, financial assistance, investment, brokering or other services, and the transfer of financial resources or services, or Iran's acquisition of an interest in any commercial activity in another State, related to the supply, sale, transfer, manufacture or use of the items, materials, equipment, goods and technology described in subparagraph a of this paragraph or related to the activities described in paragraph 3.

provided that in the event of an approval by the Security Council: (a) the contract for delivery of such items or assistance include appropriate end-user guarantees; and (b) Iran commit not to use such items for development of nuclear weapon delivery systems.

This paragraph shall apply until the date eight years after the JCPOA Adoption Day or until the date on which the IAEA submits a report confirming the Broader Conclusion, whichever is earlier.

5. All States may participate in and permit, provided that the Security Council decides in advance on a case-by-case basis to approve: the supply, sale or transfer directly or indirectly from or through their territories, or by their nationals or individuals subject to their jurisdiction, or using their flag vessels or aircraft, and whether or not originating in their territories, to Iran, or for the use in or benefit of Iran, of any battle tanks, armoured combat vehicles, large caliber artillery systems, combat aircraft, attack helicopters, warships, missiles or missile systems, as defined for the purpose of the United Nations Register of Conventional Arms, or related materiel, including spare parts, and the provision to Iran by their

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

nationals or from or through their territories of technical training, financial resources or services, advice, other services or assistance related to the supply, sale, transfer, manufacture, maintenance, or use of arms and related materiel described in this subparagraph. This paragraph shall apply until the date five years after the JCPOA Adoption Day or until the date on which the IAEA submits a report confirming the Broader Conclusion, whichever is earlier.

6. All States are to:

- (a) Take the necessary measures to ensure that any activities described in paragraphs 2, 4, and 5 occur on their territories, or involving their nationals or individuals subject to their jurisdiction, or involving their flag vessels or aircraft, only pursuant to the relevant terms of those paragraphs, and also to prevent and prohibit any activities inconsistent with these provisions, until the date ten years after the JCPOA Adoption Day or until the date on which the IAEA submits a report confirming the Broader Conclusion, whichever is earlier;
- (b) Take the necessary measures to prevent, except as decided otherwise by the UN Security Council in advance on a case-by-case basis, the supply, sale, or transfer of arms or related materiel from Iran by their nationals or using their flag vessels or aircraft, and whether or not originating in the territory of Iran, until the date five years after the JCPOA Adoption Day or until the date on which the IAEA submits a report confirming the Broader Conclusion, whichever is earlier;
- (c) For eight years after the JCPOA Adoption Day or until the date on which the IAEA submits a report confirming the Broader Conclusion, whichever is earlier, continue to freeze the funds, other financial assets and economic resources which are on their territories at the date of adoption of the JCPOA, and freeze the funds, other financial assets and economic resources which are on their territories at any time thereafter, that are owned or controlled by the individuals and entities that were specified on the list established and maintained by the Committee pursuant to resolution 1737 (2006) as of the date of adoption of the new resolution, with the exception of those individuals and entities specified in Attachment hereto, or that may be de-listed by the Security Council, and freeze those of additional individuals and entities that may be designated by the Security Council as: having engaged in, directly associated with or provided

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

support for Iran's proliferation-sensitive nuclear activities undertaken contrary to Iran's commitments in the JCPOA or the development of nuclear weapon delivery systems, including through the involvement in procurement of prohibited items, goods, equipment, materials and technology specified in this statement; having assisted designated individuals or entities in evading or acting inconsistently with the JCPOA or the new resolution; having acted on behalf or at the direction of designated individuals or entities; or having been owned or controlled by designated individuals or entities, including through illicit means.

- (d) For eight years from the JCPOA Adoption Day or until the date on which the IAEA submits a report confirming the Broader Conclusion, whichever is earlier, ensure that any funds, financial assets or economic resources are prevented from being made available by their nationals or by any individuals or entities within their territories, to or for the benefit of designated individuals or entities. These requirements shall not apply to funds, other financial assets or economic resources that have been determined by relevant States:
- i. To be necessary for basic expenses, including payment for foodstuffs, rent or mortgage, medicines and medical treatment, taxes, insurance premiums, and public utility charges or exclusively for payment of reasonable professional fees and reimbursement of incurred expenses associated with the provision of legal services, or fees or service charges, in accordance with national laws, for routine holding or maintenance of frozen funds, other financial assets and economic resources, after notification by the relevant States to the Security Council of the intention to authorize, where appropriate, access to such funds, other financial assets or economic resources and in the absence of a negative decision by the Security Council within five working days of such notification;
 - ii. To be necessary for extraordinary expenses, provided that such determination has been notified by the relevant States to the Security Council and has been approved by the Security Council;
 - iii. To be necessary for the civil nuclear cooperation projects described in Annex III of the JCPOA, provided that such determination has been notified by the relevant States to

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

the Security Council and has been approved by the Security Council;

- iv. To be the subject of a judicial, administrative or arbitral lien or judgment, in which case the funds, other financial assets and economic resources may be used to satisfy that lien or judgment provided that the lien or judgment was entered into prior to the date of Security Council resolution 1737 (2006), is not for the benefit of a person or entity subject to the measures in this paragraph, and has been notified by the relevant States to the Security Council; or
- v. To be necessary for activities directly related to the items specified in paragraph 2, or to any other activity required for the implementation of the JCPOA, provided that such determination has been notified by the relevant States to the Security Council and has been approved by the Security Council.

In addition, this provision shall not prevent a designated individual or entity from making payment due under a contract entered into prior to the listing of such individual or entity, provided that the relevant States have determined that the contract is not related to any of the prohibited items, materials, equipment, goods, technologies, assistance, training, financial assistance, investment, brokering or services referred to in this statement; the payment is not directly or indirectly received by an individual or entity subject to the measures in this paragraph; and after notification by the relevant States to the Security Council of the intention to make or receive such payments or to authorize, where appropriate, the unfreezing of funds, other financial assets or economic resources for this purpose, ten working days prior to such authorization.

In addition, States may permit the addition to the accounts frozen pursuant to this paragraph of interest or other earnings due on those accounts or payments due under contracts, agreements or obligations that arose prior to the date on which those accounts were frozen, provided that such interest, other earnings and payments continue to be subject to these measures and are frozen;

- (e) For five years from the JCPOA Adoption Day or until the date on which the IAEA submits a report confirming the Broader

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

Conclusion, whichever is earlier, take the necessary measures to prevent the entry into or transit through their territories of individuals described in paragraphs 6(c) above, although underlining that nothing in this paragraph shall oblige a State to refuse its own nationals entry into its territory. The measures imposed in this paragraph shall not apply when the Security Council determines on a case-by-case basis that such travel is justified on the grounds of humanitarian need, including religious obligations, or where the Security Council concludes that an exemption would otherwise further the objectives of the new resolution, including where Article XV of the IAEA statute is engaged;

- (f) Take the required actions, in accordance with the resolution and guidance provided by the Security Council, with respect to items the supply, sale, transfer, or export of which is being undertaken contrary to the provisions contained in the JCPOA or this statement, and cooperate in such efforts.
7. All States are called upon to facilitate full implementation of the JCPOA by inspecting, in accordance with their national authorities and legislation and consistent with international law, in particular the law of the sea and relevant international civil aviation agreements, all cargo to and from Iran, in their territory, including seaports and airports, if the State concerned has information that provides reasonable grounds to believe that the cargo contains items the supply, sale, transfer, or export of which is being undertaken contrary to the provisions contained in the JCPOA or this statement; and are called upon also to cooperate in inspections on the high seas with the consent of the flag State, if there is information that provides reasonable grounds to believe the vessel is carrying items the supply, sale, transfer or export of which is being undertaken contrary to the provisions contained in the JCPOA or this statement.

China, France, Germany, the Russian Federation, the United Kingdom, the United States and the European Union note their understanding that, upon adoption of a resolution endorsing the JCPOA, the Security Council would make the practical arrangements to undertake directly the tasks specified in this statement, including to monitor and take action to support the implementation by Member States of these provisions, review proposals described in paragraph 2 of this statement, answer inquiries from Member States, provide guidance, and examine information regarding alleged actions inconsistent with the resolution. Furthermore, these states propose

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

that the Security Council ask the Secretary-General to report to the Security Council on the implementation of these provisions every six months.

The duration of the provisions in this statement may be reviewed by the Joint Commission at the request of any participant at its biannual ministerial-level meetings, at which time the Joint Commission could make recommendations by consensus to the Security Council.

SCHEDULE 2

(Section 2)

**PART A
MISSILE-RELATED ITEM**

Items Listed in Security Council Resolution Document S/2015/546 or its most recent version.

**PART B
NUCLEAR MATERIAL AND TECHNOLOGY**

Items Listed in Security Council Resolution Document INFCIRC/254/Rev.12/Part 1 or its most recent version.

**PART C
NUCLEAR-RELATED ITEM**

Items Listed in Security Council Resolution Document INFCIRC/254/Rev.12/Part 1 and INFCIRC/254/Rev.9/Part 2 or its most recent version.

SCHEDULE 3

(Section 27(2))

LIST OF PROHIBITED ACTIVITIES WITH RESPECT TO IRAN

1. Pursuant to section 27(2), the following activities are prohibited with respect to Iran, namely —

- (a) the selling, exporting, supplying, transferring or shipping,

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

directly or indirectly, to Iran or for the use or benefit of Iran —

- (i) nuclear-related items, or
 - (ii) resources that may contribute to reprocessing, enrichment or heavy water activities;
- (b) the transferring of funds or other financial resources or providing to Iran, technical assistance, investment, brokering or other services related to the sale, supply, transfer, manufacture, use or maintenance of —
- (i) nuclear-related items, or
 - (ii) resources that may contribute to reprocessing, enrichment or heavy water activities;
- (c) the acquisition of an interest in uranium mining or production or the use of nuclear material or technology, by Iran;
- (d) the selling, supplying, transferring or shipping, directly or indirectly, to Iran or for the use or benefit of Iran —
- (i) missile-related items; or
 - (ii) resources that may contribute to the development of nuclear weapon delivery systems;
- (e) the —
- (i) provision of technology, technical assistance or training,
 - (ii) transfer of financial resources to Iran, or
 - (iii) facilitation of Iran's acquisition of an interest in any commercial activity in another state,
- related to the sale, supply, transfer, manufacture, use or maintenance of missile-related items or resources that may contribute to the development of nuclear weapon delivery systems;
- (f) the selling, supplying, transferring or shipping, directly or indirectly, to Iran or for the use or benefit of Iran —
- (i) battle tanks,
 - (ii) armoured combat vehicles,
 - (iii) large calibre artillery systems,
 - (iv) combat aircraft, attack helicopters,

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (v) warships, or
- (vi) missiles or missile systems or related material, including spare parts;
- (g) the provision of technical training, financial resources, services or assistance, directly or indirectly, to Iran or for the use or benefit of Iran related to the sale, supply, transfer, manufacture, use or maintenance of —
 - (i) battle tanks,
 - (ii) armoured combat vehicles,
 - (iii) large calibre artillery systems,
 - (iv) combat aircraft, attack helicopters,
 - (v) warships, or
 - (vi) missiles or missile systems or related material, including spare parts;
- (h) the selling, supplying, transferring or shipping, directly or indirectly, from Iran, arms and ammunition or related material.

SCHEDULE 4

(Section 27(2))

**LIST OF PROHIBITED ACTIVITIES WITH RESPECT TO
DEMOCRATIC PEOPLE’S REPUBLIC OF KOREA**

1. Pursuant to section 27(1), the following activities are prohibited with respect to the Democratic People’s Republic of Korae, namely —

- (a) except as provided under paragraph (b), the exporting, selling, supplying, transferring or shipping, directly or indirectly, to the Democratic People’s Republic of Korea —
 - (i) arms and ammunition,
 - (ii) luxury goods, or
 - (iii) resources that may contribute to the weapons programme of the Democratic People’s Republic of Korea or benefit a person in the Democratic People’s Republic of Korea;
- (b) paragraph (a), does not apply to —

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (i) the exporting, selling, supplying, transferring or shipping of food, medicine, material, goods or resources to be used for humanitarian or livelihood purposes, and that will not be used by a person in the Democratic People's Republic of Korea to generate revenue,
 - (ii) an activity not prohibited by United Nations Security Council Resolution 1718 (2006),
 - (iii) an activity for which the 1718 Committee has determined is not contrary to the objectives of United Nations Security Council Resolution 1718(2006);
- (c) the provision of technical assistance to a person in the Democratic People's Republic of Korea or a person acting on behalf of a person in the Democratic People's Republic of Korea in the sale, supply transfer, manufacture, use or maintenance of —
- (i) arms and ammunition, or
 - (ii) resources that may contribute to the weapons programme of the Democratic People's Republic of Korea;
- (d) the receipt of technical assistance from a person in the Democratic People's Republic of Korea or a person acting on behalf of a person in the Democratic People's Republic of Korea in the sale, supply, transfer, manufacture, use or maintenance of —
- (i) arms and ammunition, or
 - (ii) resources that may contribute to the weapons programme of the Democratic People's Republic of Korea;
- (e) the carrying, causing to be carried or permitting to be carried —
- (i) arms and ammunition,
 - (ii) luxury goods, or
 - (iii) resources that may contribute to the weapons programme of the Democratic People's Republic of Korea,
- that is destined for a person in the Democratic People's Republic of Korea;
- (f) the leasing or chartering of a vessel or aircraft or the provision of crew services to —

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (i) the Democratic People's Republic of Korea,
 - (ii) a listed entity,
 - (iii) a person who —
 - (A) has assisted in the evasion of sanctions or violated the provisions of this Act; or
 - (B) is acting on behalf of or at the direction of a person in subparagraph (i), (ii) or (iii)(A); or
 - (iv) an entity that is owned or controlled by a person in subparagraph (i), (ii) or (iii)(A);
- (g) the importation, buying or procuring of —
- (i) arms and ammunition, or
 - (ii) resources that may contribute to the weapons programme of the Democratic People's Republic of Korea,
- from a person in the Democratic People's Republic of Korea;
- (h) subject to paragraph (i) —
- (i) the selling or purchasing, directly or indirectly, of public or public-guaranteed bonds issued after 19 February, 2013, to or from a person referred to in paragraph (i),
 - (ii) the provision to a person referred to in paragraph (i), of brokering services related to public bonds or public-guaranteed bonds issued after 19 February, 2013, or
 - (iii) assisting a person referred to in paragraph (i), in issuing public or public-guaranteed bonds by providing brokering services, advertising or any other service related to such bonds;
- (i) paragraph (h) applies to —
- (i) Democratic People's Republic of Korea or its Government and its public bodies, corporations and agencies,
 - (ii) the Central Bank of the Democratic People's Republic of Korea,
 - (iii) a credit or financial institution domiciled in the Democratic People's Republic of Korea, and
 - (iv) a person acting on behalf of, or at the direction of a person referred to in subparagraph (i), (ii) or (iii);

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (j) the restriction against —
 - (i) the provision or transferring, directly or indirectly, of bulk cash to a person in the Democratic People's Republic of Korea, or
 - (ii) the receipt of bulk cash, directly or indirectly, from a person in the Democratic People's Republic of Korea;
- (k) engaging in a financial transaction that contributes to the nuclear or ballistic missile programme of the Democratic People's Republic of Korea;
- (l) the restriction against —
 - (i) providing or making available financial or other related services to, or
 - (ii) receiving financial or other related services from,
a person in the Democratic People's Republic of Korea or a person acting on behalf of a person in the Democratic People's Republic of Korea, directly or indirectly, for the purposes of contributing to the nuclear or ballistic missile programme of the Democratic People's Republic of Korea;
- (m) the restriction against a financial institution, directly or indirectly, providing financial services to a person for the purposes of procuring coal, iron, iron ore, gold, titanium ore, vanadium ore, or rare earth minerals from a person in the Democratic People's Republic of Korea or a person acting on behalf of a person in the Democratic People's Republic of Korea;
- (n) the restriction against a financial institution, where there are reasonable grounds to believe that the activities in paragraphs (i) and (ii) may contribute to the ballistic or missile programmes of the Democratic People's Republic of Korea or any other matter prohibited by this Act —
 - (i) establishing joint ventures and taking an ownership interest in or establishing or maintaining correspondent banking relationships with a financial institution originating in the Democratic People's Republic of Korea, unless such transactions have been approved by the 1718 Committee in advance,
 - (ii) conducting transactions with a financial institution originating in the Democratic People's Republic of Korea, and

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (iii) opening new representative offices or subsidiaries, branches or banking accounts in the Democratic People's Republic of Korea;
 - (o) subject to paragraph (p), the selling or supplying to the Democratic People's Republic of Korea aviation fuel, including aviation gasoline, naphtha-type jet fuel, kerosene-type fuel or kerosene-type rocket fuel;
 - (p) paragraph (o) does not apply to —
 - (i) the sale or supply of aviation fuel to a civilian passenger aircraft for the purposes of the aircraft's consumption during a flight to the Democratic People's Republic of Korea and its return flight, or
 - (ii) a person selling or supplying to the Democratic People's Republic of Korea aviation fuel, including aviation gasoline, naphtha-type jet fuel, kerosene-type fuel or kerosene-type rocket fuel, if that person first obtains the written approval of the 1718 Committee to do so for verified humanitarian needs;
 - (q) subject to paragraph (r), the provision of bunkering services, including providing fuel or supplies to a vessel registered in the Democratic People's Republic of Korea if there are reasonable grounds to believe that the vessel is carrying items for which the supply, sale, transfer or export are prohibited by this Act;
 - (r) paragraph (q) does not apply to a person that provides bunkering services, including the provision of fuel or supplies to a vessel registered in the Democratic People's Republic of Korea —
 - (i) if the person first obtains the approval of the 1718 Committee to do so for humanitarian purposes, or
 - (ii) until such time as the cargo on the vessel can be —
 - (A) inspected by a customs officer, immigration officer or police officer; or
 - (B) seized or disposed of in accordance with this Act.
2. For the purposes of this Schedule —
- (a) "1718 Committee" means the Committee of the Security Council established under paragraph 12 of Security Council Resolution 1718(20016);
 - (b) "luxury goods" means the following —

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

- (i) jewelry such as —
 - (A) jewelry with pearls;
 - (B) gems;
 - (C) precious and semi-precious stones (including diamonds, sapphires, rubies and emeralds), and
 - (D) jewelry of precious metal or of metal clad with precious metal;
- (ii) transportation items as follows —
 - (A) yachts,
 - (B) aquatic recreational vehicles (such as personal watercraft),
 - (C) snowmobiles (valued greater than two thousand United States dollars),
 - (D) luxury automobiles (and motor vehicles); including automobiles and other vehicles to transport people (other than public transport), such as station wagons,
 - (E) racing cars;
- (iii) luxury watches, including wrist, pocket, and others with a case of precious metal or of metal clad with precious metal;
- (iv) items of lead crystal;
- (v) recreational sports equipment;
- (c) “weapons programme” means the ballistic missile-related programmes in accordance with the nuclear or ballistic missile programmes or other activities of the Democratic People’s Republic of Korea, which are prohibited by the United Nations Security Council Resolution 1718 (2006) and successor resolutions.

NO. 29] *United Nations Sanctions (Counter-Proliferation [2019
Financing) Act*

Passed in the House of Assembly this 17th day of September, 2019.

ANDY G. DANIEL,
Speaker of the House of Assembly.

Passed in the Senate this 19th day of September, 2019.

JEANNINE GIRAUDY-MCINTYRE,
President of the Senate.
